

Regarding vulgar and obscene words and nudity.

I hate to hear vulgar and obscene words on television or see nudity. Nudity, to me, is just titillation and a vulgar invitation to watch to fulfill fantasies. Someone said: If a nation loses its morality, patriotism, and spiritual life it will collapse from within.

We have lost all three and with every allowance of more vulgar and obscene words and nudity in television we fall farther into the cess pool.

Please strengthen these rules rather than extend them
