

January 23, 2012

Ms. Marlene H. Dortch  
Secretary to the  
Federal Communications Commission  
Washington, D.C. 20554

Re: Notice of *Ex Parte* Communication  
City of Charlotte  
700 MHz Public Safety Broadband Network  
PS Docket No. 06-229

Dear Ms. Dortch:

On January 19<sup>th</sup> 2012, representatives of the City of Charlotte participated in a telephone conversation with Commission ERIC employees to answer FCC answering questions regarding City of Charlotte's InterOperability Showing (IOS) filed in early January 2012. This was Charlotte's first IOS filed and there were numerous questions from the FCC. The discussion was limited to the IOS itself.

Respectfully,

Steve Koman  
LTE Broadband Program Office  
Business Support Services
