FCC Mail Room

Dear Sirs,

We are applying for a Closed Captioning Exemption for Christ for the Crisis Ministry for one thirty minute, weekly program on WTVA, Ch. 9, Tupelo, MS. This program airs at 8:30 am Sunday mornings. Our case identifier is CGB-CC-0258.

I want to thank you for the closed captioning exemption that our ministry "Christ for the Crisis" has benefitted from in recent years. I also want to thank you for the opportunity to restate our case why closed captioning will put a substantial burden on our ministry.

Our weekly program on WTVA, Ch.9, costs us \$400.00 per week - we have enclosed a typical bill for September from WTVA. If we do all the labor of transcribing a program, WTVA will do the closed captioning for \$100.00 per program (paperwork enclosed). We have no paid staff - hours of transcribing will have to be done by us. The 25% increase in cost from \$400.00 to \$500.00 will cause a substantial financial burden.

If we contract with a professional company to save the hours of labor, we increase our financial cost even more. CPC - Computer Prompting and Captioning Co. Of Rockville Pike, MD will charge us \$255.00 for transcript and Caption on our 30 minute program with a 10 day turnaround (paperwork enclosed). A shorter turnaround means a higher rate. At best, we will have a 64% increase in our cost per program from \$400.00 to \$655.00.

Another company, Closed Caption Maker, charges \$150.00 for a Cced Beta Sp, which is sent to the station (paperwork enclosed). This would be a 38% increase from \$400.00 to \$550.00, but gives us no shelf-life for the program to be run later. The ability to run a program as a rerun helps us with production cost.

Another company, Aberdeen, in Rancho Santo Margarita, CA, wants \$350.00 per 30 min program (paper work included). This increases our cost 88% from \$400.00 to \$750.00.

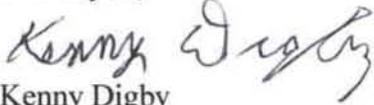

Because Christ for the Crisis is a faith ministry supported by love offerings, we have no "sponsors." Whereas other programs can secure a sponsor who pays for closed captioning, we do not have that option.

We have provided you with a bank statement for the month of Oct. 4 - Nov 3, 2011. This reflects our total assets, income, and expenditures. Of \$4,640.00 paid out to all stations, Check # 2023 went to WTVA, Ch. 9, for \$1800.00. The balance went to radio stations and low power local TV stations and local access channels on cable systems. Our end of the month balance of \$13,333.00 is typical of our ministry. All our labor is voluntary with no paid staff. Every dollar is used to pay for production, station time, and correspondence.

We have been on WTVA, Ch. 9, since they started - the 4th Sunday in March, 1957. My eighty-six year old parents, Eugene and Ellen Digby, started this ministry when I was four years old and they continue to be part of the program and ministry. "Christ for the Crisis" is truly a "Mom and Pop" ministry. For nearly fifty-five years, we have been blessed to maintain this one weekly program. We did it live until 1968, then went to pre-recorded programs. Closed Captioning will be a big change for our small, local, longstanding ministry.

Doing closed captioning for one program that airs on one station is as expensive and requires the same work as doing closed captioning for a program on fifty stations, but the closed captioning expense for them is a small percentage of their total cost - it is a huge percentage of our cost. The larger ministry can cut one station and cover closed captioning for the other 49, but we only have one station that requires closed captioning. This huge increase in weekly expense could threaten a fifty-five year relationship with WTVA, Ch 9 Tupelo or mean the canceling of other radio stations. We appreciate any consideration you can give us for an exemption.

Thank you,

Kenny Digby

To: Kenny Digby <Kenny@kennydigby.com>, Kenny Digby <becky@kennydigby.com>

Kenny,

Per our phone conversation today, WTVA would be able to close caption each "Christ For The Crisis" program to DVD-R. Each program being recorded in our studios would require 2 DVD-R discs. One disc would be given back to you for transcribing that program. When you get the transcription of that program to us we will insert the closed captioning on the second disc for broadcast on WTVA. The closed captioning cost would be \$100 for each program.

Let me know if you have any questions or need additional information.

Respectfully yours,

Walter

to me

Hi Kenny,

As per your request, I'm sending you a link to our rate card.

In order for me to provide you with an accurate quote, I would need you to provide information of the type of format we can get from the TV Station, and what they would want the video with closed captioned returned. If we can agree to use for example, the cost and time for completing the captioning will be drastically reduced if we are to receive or send any tape of tape format.

http://www.cpcweb.com/caption-service/rates/CPC_caption_rates.pdf

If you have a question if the format file you want to send us will work, please do not hesitate to contact me.

Regards,

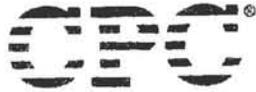

Matt.-

You have options:

1. The least expensive way is to supply the TV station a CCed DVD.
We create a 'caption file' you add to the DVD; Apple DVD StudioPro/Encore.
Cost is \$100/per half-hour weekly program.
2. We sell a turnkey closed-captioning system; cost is \$1600.
Designed to be easy to use and creates a CCed BetaSP tape.
30-day money back guarantee. System is called AddRollupCC.
3. You can send us a DV/BetaSP tape, we create a CCed BetaSp
and forward it to the TV station. Cost is \$150/per program.

Hi Kenny,

Great speaking with you earlier. Per our conversation, Aberdeen will be able to provide captioning services in a number of ways. If looking to send us a master DVD for a closed captioned DVD in return, the overall cost may be somewhere in the neighborhood of \$250-\$350 per 30 minute program. More details to come today.

Thanks & regards,

Best regards,

Dear Media Department,

The FCC has recently cracked down on hundreds of media producers and broadcasters by rescinding closed captioning exemptions previously granted in 2006. If you are one of those producers, this could be a great opportunity. Captioning prices have fallen significantly, and as of September 2011, you have the ability to go completely tapeless with Aberdeen's Digital File Delivery Service to TV stations and Internet video platforms.

Our cloud-based, transcoding farm & digital file delivery service is revolutionizing the TV industry by entirely eliminating the need for tape and shipping. So, when fulfilling an FCC obligation with Aberdeen as a partner, lower cost, wider distribution, and better quality abound. Here are just a few of the companies using our services:

- *Cornerstone (CTVN)*
- *Joseph Prince Ministries*
- *Joel Osteen*
- *Trinity Broadcasting Network (TBN)*
- *Daystar Television*
- *Joyce Meyer Ministries*

Please call or e-mail me today so I can guide you through the captioning and delivery process.
