**Re: LightSquared Subsidiary, LLC**  
**Ex Parte Communication. IB Docket No. 11-109**  
**IBSF File No. SAT-MOD-20101118-00239**

LightSquared plans to utilize a portion of the spectrum that shall **DEFINITELY INTERFERE** with precise GPS signals.

**The interference caused by LightSquared will be DISASTROUS for many industries** that rely on GPS for daily operations including construction, civil engineering, DOTs, GIS, land surveying, DPWs, wetlands specialists, environmental engineers, planners, etc...

**PLEASE STOP LIGHTSQUARED** from utilizing the planned frequency.

Please **FORCE** LightSquared to reserve and use a different frequency that will **NOT interfere** with millions of existing GPS users.

Sincerely,

**LANDTECH**  
Matthew T. Mokanyk, P.S., P.E., President  
Michigan Licensed Surveyor. #42063
