

I realize that this may not be the proper category for this comment, but I failed to see one that even came close.

My comment and question is how can there be 2 movies by the same name "The Philadelphia Story" used for broadcast? One is made in 1940 with Katharine Hepburn and Cary Grant-the other one is in the the 90's with Tom Hanks.

I surely hope that you can clear this up or guide me to whom I need to contact.

Thank You
