Washington, DC 20554

Dear Ms. Dortch:

Please listen to the taxpayers of Erie County, in the state of New York, who pay through their taxes the burden of cost in maintaining the Buffalo Bills Stadium and often times the game is blackout so we can not even view the game. My husband and I are senior citizens and find it almost impossible to attend any games with my husband's physical condition. Please, please, please do whatever it takes to lift the NFL's blackout rule so we can reap a few hours of entertainment for our tax dollars.

Truly,

Patricia A. Rebmann
