Re: Basic Service Tier Encryption, MB Docket No. 11-169; Compatibility Between Cable Systems and Consumer Electronics Equipment, PP Docket No. 00-67

Dear Ms. Dortch:

Last Thursday, John Bergmayer of Public Knowledge (PK) spoke with Dave Grimaldi of Commissioner Clyburn's office.

PK suggested that new information in this docket, including the needs of institutional users and users of emerging technologies such as the Boxee Box, merit full consideration, and that a final rule should be delayed until the Commission can fully consider these issues.

Respectfully submitted,

/s John Bergmayer
Senior Staff Attorney
