STATEMENT for 2010

Carrier has established operating procedures that ensure compliance with the Federal Communication Commission ("Commission") regulations regarding the protection of customer proprietary network information ("CPNI").

- Carrier has NO FCC licensed radio systems that are connected to the public switched network.
- Carrier has no paper forms or computer systems that provide for the recording of Customer Proprietary Network Information.
- Carrier does not allow 3rd parties access to any of our business information. By not recording CPNI information it is not possible to use CPNI in a marketing or any other campaign.
- Carrier does not have CPNI information. Therefore, there is nothing to defend from data brokers.
- Carrier does not have CPNI information. Therefore, there is nothing to defend from pretexters.
- Carrier does not have CPNI information. Therefore it is not possible for a customer to make a complaint related to unauthorized access to CPNI.
