

To FCC Commissioners Genachowski, Clyburn and McDowell:

Please do not lift the ban preventing corporations to own both a major newspaper and a television station in the same market. Our media is more censored and controlled than ever before. What our country desperately needs in this time is to maintain its freedom of speech roots in its 1st amendment by making sure the few rich and powerful are not able to completely silence the masses in any given city market. Please hear our cries! This potential ban lift is in favor of the few rich and elite that are demonstrating they can buy laws that are opposed to the masses. Please stop this ban lift!

Regards,

Dan Deschenes
