Telecommunications Carriers Eligible for Universal Service Support)
Petition of T-Mobile USA, Inc. for Designation as a Low-Income Eligible Telecommunications Carrier)
WC Docket No. 09-197

To: The Commission

AMENDED PETITION FOR DESIGNATION AS A LOW-INCOME ELIGIBLE TELECOMMUNICATIONS CARRIER

Pursuant to section 214(e)(6) of the Communications Act, as amended,¹ and the relevant provisions of the Commission’s rules,² T-Mobile USA, Inc. (“T-Mobile”) requests that the Commission designate it as an eligible telecommunications carrier (“ETC”) for the limited purpose of receiving Lifeline support in Alabama, Connecticut, Delaware, the District of Columbia, New Hampshire, New York, Tennessee, and Virginia (the “FCC States”).³

I. INTRODUCTION & SUMMARY

T-Mobile is a facilities-based telecommunications carrier that seeks approval to serve Lifeline-eligible customers in the FCC States. The requested ETC designation will promote the public interest by providing eligible low-income consumers a choice of a significant new facilities-based competitor in the marketplace for Lifeline services. T-Mobile’s entry into the

¹ 47 U.S.C. § 214(e)(6).

² 47 C.F.R. § 54.202.

³ T-Mobile originally submitted this application on January 24, 2012, prior to the release of the *Lifeline Reform Order*. This amended Petition is submitted to conform T-Mobile’s request to the new requirements adopted therein. *See Lifeline and Link Up Reform and Modernization, et al.*, WC Docket No. 11-42 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11 (rel. Feb. 6, 2012) (“*Lifeline Reform Order*”).

Lifeline market will create competitive pressure on all Lifeline providers, resulting in a higher level of service quality and more competitive pricing and advantageous service options for Lifeline service for eligible consumers in the FCC States.

As discussed below, T-Mobile meets all statutory and regulatory prerequisites for ETC designation. Furthermore, the public interest would be greatly served by granting this petition, enabling T-Mobile to advance universal service in the FCC States by serving the basic and advanced communications needs of low-income consumers.

II. BACKGROUND

T-Mobile is a facilities-based, national provider of competitively-priced wireless voice, messaging, and data services capable of reaching over 293 million Americans. The company holds a number of Commercial Mobile Radio Service (“CMRS”) licenses issued by the Commission. At the end of 2011, it had approximately 33.2 million mobile customers nationwide. T-Mobile has deployed an advanced mobile wireless telecommunications network capable of serving consumers’ basic and advanced communications needs. T-Mobile provides award-winning service quality and customer care. T-Mobile’s designation as a Lifeline ETC will create significant competitive pressure on existing Lifeline providers, to the benefit of Lifeline consumers in the FCC States.

T-Mobile operates as the holding company over the U.S. wireless operating entities of the Deutsche Telekom communications group. Deutsche Telekom is one of the largest telecommunications companies in the World, with nearly 130 million customers worldwide. Corporate affiliates or designated operating entities authorized to do business in the requested states are wholly-owned subsidiaries of T-Mobile, and include the following:

Powertel/Memphis, Inc.,⁴ T-Mobile Central, LLC,⁵ and T-Mobile Northeast, LLC.⁶ Additional T-Mobile operating entities are recipients of federal universal service funds in a variety of states. A complete list of all of these entities' Study Area Codes ("SACs") is included as Exhibit A.

T-Mobile and its corporate affiliates have been designated as ETCs in ten jurisdictions—Florida, Georgia, Hawaii, Idaho, Kentucky, Louisiana, Minnesota, North Carolina, Washington, and Puerto Rico.⁷ T-Mobile also has seven pending requests for Lifeline-only ETC designation,

⁴ Powertel/Memphis Inc., a wholly owned subsidiary of T-Mobile, is the operating entity in Alabama and Tennessee.

⁵ T-Mobile Central LLC, a wholly owned subsidiary of T-Mobile USA Inc., is the operating entity in Alabama.

⁶ T-Mobile Northeast LLC, a wholly owned subsidiary of T-Mobile USA, Inc., is the operating entity in Connecticut, Delaware, the District of Columbia, New Hampshire, New York and Virginia.

⁷ *Petition for Designation as Eligible Telecommunications Carrier (ETC) by T-Mobile South LLC*, Docket No. 090507-TP, Notice of Proposed Agency Action, Order Granting Eligible Telecommunications Carrier Designation, Order No. PSC-10-0475-PAA-TP (Florida Public Service Commission, July 28, 2010) ("*Florida ETC Order*"); *Application of T-Mobile South LLC for designation as an Eligible Telecommunications Carrier pursuant to Section 214(e)(2) of the Communications Act of 1934*, Docket No. 32967 (Georgia Public Service Commission, decided Feb. 10, 2012, adopted Nov. 17, 2011); *Application of T-Mobile West Corp. For Designation as an Eligible Telecommunications Carrier in the State of Hawaii*, Docket No. 2010-0119, Decision and Order (Hawaii Public Utilities Commission, Mar. 14, 2011); *Application of T-Mobile West Corp. For Designation as an Eligible Telecommunications Carrier*, Case No. TMW-T-10-01, Order No. 32319 (Idaho Public Utilities Commission, Aug. 9, 2011) ("*Idaho ETC Order*"); *Petition of T-Mobile Central LLC and Powertel/Memphis, Inc. for Designation as Eligible Telecommunications Carriers Pursuant to Section 214(E)(2) of the Communications Act of 1934*, Case No. 2010-00050, Order (Kentucky Public Service Commission, July 14, 2010); *Application for Designation as an Eligible Telecommunications Carrier (ETC) for the purposes of receiving Universal Service Support for low income and rural service, T-Mobile Central, LLC, ex parte*, Order No. S-31865, Public Decision, (Louisiana Public Service Commission, Decided Oct. 12, 2011, Released Dec. 8, 2011); *T-Mobile Central LLC's Petition for Designation as an Eligible Telecommunications Carrier (ETC) in Minnesota*, Docket No. P-6856/M-11-123, Order Granting Petition for ETC Designation, Setting Conditions, and Requiring Compliance Filings (Minnesota Public Utilities Commission, Sept. 27, 2011); *High -Cost Universal Service Support, et al.*, WC Docket No. 05-337, CC Docket No. 96-45, Order, 23 FCC Rcd 8834, 8866 ¶ 42 (2008); *Petition of T-Mobile West Corporation for Designation as an Eligible Telecommunications Carrier and a Temporary Partial Exemption from WAC 480-123-030(1)(g) and WAC 480-123-070(6)*, Docket No. UT-101060, Order Granting Designation as an Eligible

in Indiana, Massachusetts,⁸ Michigan, Missouri, New Jersey, Ohio, and Pennsylvania, and three general ETC petitions pending, in Arizona, Mississippi, and Oregon. In designating T-Mobile as an ETC, the Florida Public Service Commission supported the Company's efforts to serve low-income customers:

T-Mobile will promote the availability of universal service to the underserved, economically disadvantaged telephone customers in Florida. Based on our review, along with T-Mobile's commitment to abide by both state and federal rules and procedures, we find that T-Mobile's petition to be designated as an ETC is in the public interest and shall be approved.⁹

The Idaho Public Utilities Commission reached the same conclusion with regard to the public interest and the benefits to consumers:

We find that designating T-Mobile as an ETC in its requested rural and non-rural service areas is in the public interest. Granting ETC status will benefit consumers by offering new services and increased competition. In addition, we find granting T-Mobile ETC status will provide rural customers with greater access to wireless services and may be beneficial to eligible recipients for ITSAP and Lifeline services.¹⁰

Telecommunications Carrier and a Temporary Exemption from the Requirement of Four Hours of Back-Up Power at Each Cell Site (Washington Utilities and Transportation Commission, Oct. 14, 2010; amended May 12, 2011); *Telecorp Communications, Inc., d/b/a AT&T Wireless*, Case No. JRT-2003-SU-0003, Resolution and Order (Puerto Rico Telecommunications Regulatory Board, Sept. 10, 2003).

⁸ *T-Mobile Northeast LLC, Petition for Limited Designation as an Eligible Telecommunications Carrier for Purposes of Low Income Support Only*, Docket No. 11-17 (Mass. Dept. of Tele. and Cable, Order, dismissed without prejudice, Mar. 1, 2012). In so ordering, the Department noted that because T-Mobile's petition was filed prior to the issuance of the *Lifeline Reform Order*, T-Mobile should refile a new petition addressing the recent changes. T-Mobile will be filing a revised petition with the Department within the coming days; and will update this filing with such information upon request.

⁹ *Florida ETC Order*, at 8. As of the date of this petition, T-Mobile is the only wireless facilities-based carrier designated as a CETC in Florida by the Florida Public Service Commission.

¹⁰ *Idaho ETC Order*, at 13 (citation omitted).

III. THE COMMISSION HAS AUTHORITY TO GRANT THE ETC DESIGNATION

Section 254(e) of the Act provides that “only an eligible telecommunications carrier designated under Section 214(e) [47 U.S.C.S. § 214(e)] shall be eligible to receive specific Federal universal service support.”¹¹ The Act reserves the authority to designate entities as ETCs to state public utility commissions (“PUCs”). Pursuant to Section 214(e)(6), however, the Commission may designate as an ETC “a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission.”¹² The Commission has established that a carrier must demonstrate that it “is ‘not subject to the jurisdiction of a state commission’” before it may consider an application for ETC designation.¹³ The Commission also has stated that any carrier seeking ETC designation from it must provide the Commission with an “affirmative statement” from the state PUC that it lacks jurisdiction to perform the ETC designation.¹⁴ The FCC States have each made clear that they lack authority to perform ETC designations for wireless carriers such as T-Mobile. This documentation is attached as Exhibit D.

Accordingly, for each of the FCC States, T-Mobile requests that the Commission exercise its authority under Section 214(e)(6) and determine that T-Mobile is “a common carrier

¹¹ 47 U.S.C. § 254(e).

¹² *See id.* § 214(e)(6).

¹³ See Procedures for FCC Designation of Eligible Telecommunications Carriers Pursuant to Section 214(e)(6) of the Communications Act, CC Docket No. 96-45, Public Notice, 12 FCC Rcd 22947, 22948 (1997).

¹⁴ See Federal-State Joint Board on Universal Service; Promoting Deployment and Subscribership in Unserved and Underserved Areas, Including Tribal and Insular Areas, CC Docket No. 96-45, Twelfth Report and Order, Memorandum Opinion and Order, and Further Notice of Proposed Rulemaking, 15 FCC Rcd 12208, 12264 ¶ 113 (2000).

providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission.”¹⁵

IV. T-MOBILE MEETS THE STATUTORY AND REGULATORY PREREQUISITES FOR THE REQUESTED ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION

As demonstrated herein, T-Mobile meets the requirements for designation as an ETC as established under the statute¹⁶ and FCC rules.¹⁷ In particular, T-Mobile:

1. is a common carrier;¹⁸
2. will offer the services supported by federal universal service support mechanisms within its Lifeline service offerings, which will be made available to qualifying low-income consumers;¹⁹
3. will use its own facilities to provide the supported services;²⁰
4. will provide Lifeline service, including all of the supported services, throughout its designated service area;²¹
5. will advertise the availability of its Lifeline universal service offerings and charges for such offerings using media of general distribution;²²
6. will meet the additional application requirements established by the FCC by:
 - a) certifying that it will comply with the service requirements applicable to the support that it receives;²³
 - b) demonstrating it is able to remain functional in emergency situations;²⁴

¹⁵ 47 U.S.C. § 214(e)(6).

¹⁶ *Id.* § 214(e)(1).

¹⁷ 47 C.F.R. § 54.201(d).

¹⁸ 47 U.S.C. § 214(e)(1); 47 C.F.R. § 54.201(d).

¹⁹ 47 U.S.C. § 214(e)(1)(A); 47 C.F.R. §§ 54.201(d)(1) and 54.405.

²⁰ 47 U.S.C. § 214(e)(1)(A); 47 C.F.R. § 54.201(d)(1).

c) demonstrating it will satisfy consumer protection and service quality standards;²⁵

d) demonstrating that it is financially and technically capable of providing Lifeline service in compliance with the Lifeline rules; and²⁶

e) distributing information on its Lifeline service offering.²⁷

7. will comply with all applicable reporting requirements and additional conditions; and,

8. will take steps to help prevent waste, fraud, and abuse of the USF.

Furthermore, T-Mobile's designation as an ETC serves the public interest by expanding customer choice and increasing service availability.²⁸

T-Mobile's compliance with each of the applicable requirements to obtain designation as an ETC is further discussed below.

A. T-Mobile is a Common Carrier

T-Mobile is regulated as a common carrier in connection with its provision of CMRS.²⁹

As such, T-Mobile certifies that it is a common carrier under 47 U.S.C. §§ 214(e)(1) and 214(e)(6) for purposes of ETC designation.³⁰ Therefore, T-Mobile meets the ETC requirement of being a common carrier.

²⁴ *Id.* § 54.202(a)(2).

²⁵ *Id.* § 54.202(a)(3).

²⁶ *Id.* § 54.202(a)(4) (as amended by the *Lifeline Reform Order*; effective April 2, 2012).

²⁷ *Id.* § 54.202(a)(5) (as amended by the *Lifeline Reform Order*).

²⁹ 47 C.F.R. § 20.9.

³⁰ 47 U.S.C. § 214(e)(1), (e)(6).

B. T-Mobile Offers the Services Supported by the Federal Universal Service Support Mechanisms

As described below, T-Mobile provides voice telephony service supported by federal universal service support mechanisms, including the following capabilities:³¹

1. Voice Grade Access To The Public Switched Telephone Network³² – T-Mobile meets this requirement through its provision of mobile voice communications service and interconnection to the public switched telephone network.
2. Local Usage – an amount of minutes of use provided free of charge to end users.³³ T-Mobile meets this requirement by providing an amount of local usage free of charge in each universal service rate plan.
3. Access To Emergency Services – access to emergency services includes access to both 911 and E911 services to the extent the local government has implemented such services.³⁴ T-Mobile meets this requirement by providing 911 service and meeting all requests for E911 service from local public service answering points to the extent local governments in T-Mobile’s service area have implemented 911 or enhanced 911 systems.
4. Toll Limitation For Qualifying Low-Income Consumers – toll limitation means both toll blocking and toll control, or, if a carrier is not capable of providing both toll blocking and toll control, then toll limitation is defined as either toll blocking or toll control.³⁵ Upon implementing any Lifeline service offering that distinguishes between toll and non-toll calls, T-Mobile will offer toll limitation to qualifying low-income consumers at no additional charge. However, T-Mobile’s typical service offerings do not distinguish between toll and non-toll calls and therefore toll limitation service is not applicable.³⁶

³¹ In the *USF/ICC Transformation Order*, the FCC revised the supported services to eliminate the requirement to offer dual tone multi-frequency signaling, single party service, access to operator service, access to interexchange service, and directory assistance. Nonetheless, T-Mobile continues to provide these services and functionalities as part of its universal service offerings, including Lifeline service.

³² 47 C.F.R. § 54.101(a).

³³ *Id.*

³⁴ *Id.*

³⁵ *Id.*; 47 C.F.R. § 54.400(d).

³⁶ In its *Lifeline Reform Order*, the FCC stated “[i]n this Order, we relieve ETCs of the obligation to offer TLS in the first instance if their Lifeline offering does not distinguish in the

C. T-Mobile is a Facilities-Based Wireless Telecommunications Carrier

T-Mobile is a facilities-based wireless telecommunications carrier with its own switching, cell sites, and associated telecommunications facilities throughout its proposed designated ETC service area and, therefore, meets the applicable facilities-based requirements for ETCs.³⁷ The Company uses radio licenses issued by the Commission to provide CMRS and will use its own extensive network facilities to provide Lifeline service to eligible consumers in its requested ETC Service Area.

D. T-Mobile Will Provide Service Throughout Its Designated Service Area

T-Mobile commits to provide Lifeline service, including all of the supported services, throughout its designated service area, consistent with all applicable requirements. T-Mobile's requested designated ETC service area is its wireless coverage area shown in Exhibit B, which includes the telephone company wire centers and study areas identified in Exhibit C.

E. T-Mobile Will Advertise the Availability of Its Low Income Offerings and Charges for Such Offerings Using Media of General Distribution

T-Mobile will advertise the availability of, and charges for, its Lifeline service offerings using media of general distribution, and will undertake outreach initiatives to increase consumer awareness of T-Mobile's Lifeline service offering, consistent with all applicable requirements.³⁸ T-Mobile currently offers and advertises its wireless telecommunications services, including those offerings that include all of the supported services, using radio, television, billboards, print, Internet, and targeted mailings, among others. In addition, T-Mobile maintains various retail

pricing of toll and non-toll calls, which may relieve many ETCs of the obligation to offer TLS." *Lifeline Reform Order* ¶ 238. T-Mobile has not previously and has no plans in the future to seek reimbursement for any toll limitation services provided to Lifeline customers.

³⁷ 47 U.S.C. § 214(e)(1)(A); 47 C.F.R. § 54.201(d)(1).

³⁸ See 47 C.F.R. §§ 54.401-54.417; 54.405(b).

stores and authorized dealer locations throughout its proposed ETC designated service area. T-Mobile will use the appropriate media outlets to advertise its universal service offerings in a manner consistent with applicable requirements.

T-Mobile also commits to explain in clear, easily understood language in all marketing materials for its Lifeline offerings (1) that the offerings are Lifeline-supported services, (2) that only eligible consumers may enroll in the program, (3) what documentation is necessary for enrollment, (4) that the program is limited to one benefit per household consisting of either wireline or wireless service, (5) that Lifeline is a government benefit program, and (6) that consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment and can be barred from the program. For purposes of this commitment, “‘marketing materials’ includes materials in all media, including but not limited to print, audio, video, Internet, ... and outdoor signage.”³⁹

F. T-Mobile Meets the Additional Requirements for Designation as an ETC

1. Certify Compliance With Applicable Requirements

T-Mobile certifies that it will comply with all applicable requirements related to receipt of low-income support, consistent with 47 C.F.R. § 54.202(a)(1)(i).

2. Ability to Function in Emergency Situations

T-Mobile has the “ability to remain functional in emergency situations” as required.⁴⁰ T-Mobile has back-up power sufficient to ensure functionality in the designated service area without an external power source, is able to re-route traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

³⁹ Lifeline Reform Order ¶ 275.

⁴⁰ 47 C.F.R. § 54.202(a)(2).

3. Consumer Protection and Service Quality Standards

T-Mobile will satisfy applicable consumer protection and service quality standards in accordance with 47 C.F.R. § 54.202(a)(3). T-Mobile is a strong supporter of and abides by the CTIA-The Wireless Association's® Consumer Code for Wireless Service (“Consumer Code”). T-Mobile has been a signatory of the Consumer Code since 2003. Most recently, T-Mobile was certified as CTIA-compliant with the Consumer Code as evidenced by the CTIA letter of certification dated October 7, 2011, attached as Exhibit E.

T-Mobile also provides its customers with other service quality and consumer protection benefits that have been recognized repeatedly for excellence. In March 2012, T-Mobile was recognized by the Ethisphere Institute as one of the 2012 World's Most Ethical Companies, which marked the fourth consecutive year that T-Mobile has been included on the list.⁴¹ T-Mobile secured this prestigious distinction by continuing to implement ethical business practices and initiatives that are instrumental to the Company's success, while benefitting the community and raising the standard for the industry. T-Mobile was the only U.S. wireless telecommunications service provider included on the 2012 list. T-Mobile has a record of excellence in customer satisfaction, having won a number of awards from independent researchers in recent years. In addition, T-Mobile maintains policies for consumer privacy protections, as detailed in T-Mobile's Privacy Policy available at the Company's website (www.t-mobile.com).

⁴¹ See Press Release, T-Mobile, T-Mobile Named to Ethisphere's 2012 World's Most Ethical Companies List for Fourth Year in a Row, (Mar. 16, 2012), *available at* <http://newsroom.t-mobile.com/articles/t-mobile-recognized-by-etisphere-institute>.

4. Financial and Technical Capability To Provide Lifeline Service and Information on Lifeline Service Offering

In the *Lifeline Reform Order*, the FCC adopted a rule requiring Lifeline-only ETC applicants to demonstrate financial and technical capability to provide Lifeline service in compliance with applicable requirements.⁴² In explaining this new requirement, the FCC stated:

Among the relevant considerations for such a showing would be whether the applicant previously offered services to non-Lifeline consumers, how long it has been in business, whether the applicant intends to rely exclusively on USF disbursements to operate, whether the applicant receives or will receive revenue from other sources, and whether it has been subject to enforcement action or ETC revocation proceedings in any state.⁴³

T-Mobile has provided service in the United States since 2002⁴⁴ and is the fourth largest nationwide provider of mobile services. As demonstrated herein, T-Mobile is a well-established facilities-based wireless telecommunications carrier with a long history of providing service to non-Lifeline consumers and does not intend to rely exclusively on Universal Service Fund (“USF”) disbursements. T-Mobile receives revenue from several non-USF sources, and is currently a Lifeline service provider in numerous states.

T-Mobile has not been subject to ETC-related enforcement action or ETC revocation proceedings in any state.⁴⁵ In addition, T-Mobile is a holder of numerous FCC CMRS licenses.

As T-Mobile has advocated, carriers holding spectrum licenses obtained at auction or in

⁴² 47 C.F.R. §54.202(a)(4).

⁴³ Lifeline Reform Order ¶ 388.

⁴⁴ The company traces its roots to the 1994 establishment of VoiceStream Wireless PCS, originally a subsidiary of Western Wireless Corporation. Western Wireless spun off VoiceStream Wireless to shareholders in 1999, creating an independent public company, VoiceStream Wireless Corporation. In July 2002, VoiceStream Wireless Corporation was purchased by Deutsche Telekom, AG and renamed T-Mobile USA, Inc.

⁴⁵ To the extent that the Commission also wishes applicants to provide information on unrelated enforcement activity, T-Mobile would be happy to do so (upon clarification of scope and materiality thresholds).

secondary markets and using those licenses to operate wireless systems should be presumed to have made the requisite showing of financial and technical capability.⁴⁶ Deploying a national facilities-based wireless communications network such as T-Mobile's requires considerable financial and technical capability. In addition, as a CMRS licensee, T-Mobile has independent obligations and incentives to comply with Commission rules.⁴⁷

In sum, as a major national licensed carrier with a well-established track record of providing quality mobile voice and data services to non-Lifeline customers, T-Mobile has made the requisite showing of financial and technical capability.

G. Additional Steps to Prevent Waste, Fraud, and Abuse

In its *Lifeline Reform Order* released on February 6, 2012, the Commission adopted comprehensive reforms to the low-income program to revise and modernize the Lifeline service requirements and implement measures to address fraud, waste, and abuse within the system. T-Mobile has thoroughly reviewed the *Lifeline Reform Order* and all newly-adopted requirements and has begun to implement the internal controls and processes to ensure compliance with the Commission's final rules and any subsequent orders.⁴⁸ T-Mobile is a well-established universal service provider operating in multiple states with a compliance program in place to address all existing and future requirements. In areas where the T-Mobile is already designated as an ETC and offers Lifeline services, it has implemented numerous safeguards to protect the integrity of the system, including the following:

⁴⁶ Letter from Luisa Lancetti, T-Mobile, to Marlene Dortch, Secretary, FCC, WC Docket No. 11-42, at 1 (filed Jan. 23, 2012).

⁴⁷ By contrast, for example, the FCC has granted blanket section 214 authority for entities to operate as carriers. 47 C.F.R. § 63.01. Entities thus can readily re-enter a business where only section 214 authorization is needed (*e.g.*, resale).

⁴⁸ T-Mobile notes that the *Lifeline Reform Order* may be subject to petitions for reconsideration and/or clarification.

A. Detailed Customer Enrollment Process. While the enrollment processes and eligibility requirements have, until the effective date of the *Lifeline Reform Order*, varied from state to state, T-Mobile generally follows the same processes for the enrollment of subscribers who elect T-Mobile's Lifeline offering and qualify for Lifeline support. By doing so, T-Mobile is able to ensure that its enrollment and verification practices meet the needs of all customers, in a variety of situations, while recognizing that it must maintain strict compliance with all applicable requirements.

Historically, T-Mobile has used a specific process to enroll customers in Lifeline, which conformed to the prior rules and helped to prevent waste, fraud, and abuse of the universal service system. T-Mobile is modifying that process to conform to the requirements of the *Lifeline Reform Order* and will use the new process in the FCC States (and elsewhere that it provides Lifeline service) consistent with the new rules. T-Mobile's proposed new Lifeline customer certification form is attached as Exhibit F, and conforms to all of the requirements imposed in the *Lifeline Reform Order*. In addition, in response to the Lifeline Reform Order, T-Mobile will implement new procedures to verify new customers' eligibility and to re-certify the eligibility of continuing customers. Under the new process, it will be possible for Lifeline applicants to submit documentation to T-Mobile through multiple channels, including in person (in stores, kiosks, etc. to be faxed to a group of representatives dedicated to determining eligibility and assisting Lifeline applicants), by fax, by email and online (via its website). T-Mobile anticipates implementing the in person and other off line procedures initially, and launching the online interface at a later date. All of the channels, however, will follow the same steps and require the same basic information, which will be as follows:

1. The Lifeline applicant will complete the application form (draft attached as Exhibit F) and be required to present documentation of eligibility. T-Mobile maintains (a) a list of acceptable documentation for each program-based eligibility criterion; (b) an up-to-date chart of the Federal Poverty Guidelines (“FPG”) by household size; and (c) a list of acceptable forms of documentation of income. Customers may provide the documentation in person, by mail, by fax, or as attachments to an email. T-Mobile anticipates developing an online interface to accept documentation via its website in the future; this interface, currently in development, will include all the elements of the draft Lifeline application form attached as Exhibit F in a user-friendly interface.

In states where an eligibility database exists, and T-Mobile is allowed to access it, T-Mobile will comply with the new rules in 47 C.F.R § 54.410(b)(1)(B) and verify the applicant’s eligibility to receive Lifeline as required in response to the completed Lifeline application without requiring the documentation of program based eligibility or income based eligibility specified above.

2. In all cases, completed Lifeline applications and documentation are reviewed by a specific dedicated team within T-Mobile that is familiar with and receives up-to-date training on the applicable eligibility standards and acceptable documentation.

3. If the Lifeline application and documentation is determined to meet the requirements and be acceptable, the application is approved, the account is activated (or the customer’s existing account is converted), and the appropriate discount amount for Lifeline is associated with the applicant’s line of service in the billing system. Approved Lifeline customers will be required to sign a service agreement as applicable.

B. Customer Verification Process. As a designated ETC and CMRS licensee, T-Mobile follows all applicable requirements to annually verify the continued eligibility of its Lifeline subscribers. In particular, T-Mobile will comply with the new rules in section 54.410(f) of the Commission's rules and re-certify all of its Lifeline customers each year by confirming those consumers eligibility, either by checking the relevant eligibility databases, where available, or otherwise by obtaining a certification consistent with section 54.410(d) of the rules, as amended.⁴⁹

T-Mobile commits to participate in the Commission's deployment of the Industry Duplicates Resolution Process in any jurisdiction in which it is implemented,⁵⁰ and will cooperate with any future Commission efforts to use, for example, a centralized database to prevent the enrollment of duplicate or ineligible Lifeline customers.

C. Ensure Usage of Lifeline Service. T-Mobile does not currently offer Lifeline service via its prepaid platform. Its Lifeline service plan is a postpaid plan, and T-Mobile both assesses and collects a monthly fee from its subscribers for the service. If T-Mobile, in the future, decides to offer Lifeline service through a prepaid platform and does so without assessing or collecting a monthly fee from its subscribers, it pledges to take reasonable steps to prevent waste, fraud, and abuse, and commits to comply with any conditions that the Commission has imposed on other similarly-situated facilities-based carriers that offer a prepaid wireless Lifeline service.⁵¹

D. Marketing and Uniform Language to Describe Lifeline. T-Mobile commits to explain in clear, easily understood language in all marketing materials for its Lifeline offerings (1) that

⁴⁹ 47 C.F.R. § 54.410(f), (d) (as amended by the *Lifeline Reform Order*).

⁵⁰ See, e.g., *Lifeline and Link Up Reform and Modernization, et al.*, WC Docket Nos. 11-42 *et al.*, Report and Order, 26 FCC Rcd 9022, 9030-31 ¶¶ 15-16 (2011).

⁵¹ 47 C.F.R. § 54.405(e)(3) (as amended by the *Lifeline Reform Order*).

the offerings are Lifeline-supported services; (2) that only eligible consumers may enroll in the program; (3) what documentation is necessary for enrollment; (4) that the program is limited to one benefit per household consisting of either wireline or wireless service; (5) that Lifeline is a government benefit program; and (6) that consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment and can be barred from the program. For purposes of this commitment, “‘marketing materials’ includes materials in all media, including but not limited to print, audio, video, Internet, and outdoor signage.”⁵²

As the processes discussed above demonstrate, T-Mobile has taken and will continue to take strong steps to protect against waste, fraud, and abuse within the Lifeline universal service system.

V. T-MOBILE WILL MAKE VALUABLE LIFELINE OFFERINGS AVAILABLE TO LOW-INCOME CONSUMERS

Upon designation as an ETC, T-Mobile will make available to qualified low-income consumers a discounted, facilities-based service offering that meets all applicable Lifeline requirements. Consumers increasingly rely on their mobile phones for all of their communications needs, and qualifying low-income consumers are no exception. Low-income consumers would be the beneficiaries of T-Mobile’s Lifeline service offering.

T-Mobile’s planned initial Lifeline service offering is summarized below. T-Mobile intends to expand its Lifeline offerings as it obtains Lifeline ETC status through this petition and its pending state ETC petitions. As it does so, T-Mobile will implement its Lifeline service offerings consistent with all applicable requirements. Pending any such changes, T-Mobile’s Lifeline offering includes:

⁵² Lifeline Reform Order ¶ 275.

- a low \$19.99 per month base rate less the applicable Lifeline discount of \$10.00 or \$13.50 as required, resulting in a low monthly Lifeline discounted rate of \$9.99 or \$6.49 depending upon state;⁵³
- 145 Whenever minutes[®], 500 night minutes, and 500 weekend minutes per month;⁵⁴
- additional minutes priced at \$0.05 per minute; and
- an affordable handset.

T-Mobile's Lifeline offering provides consumers additional benefits. For example, calls to 911 and to customer service (dialing 611 from the mobile handset) will be free calls, regardless of whether the customers have sufficient remaining minutes available in their account, and those calls will not be deducted from the monthly included minutes or charged as additional minutes. Additionally, qualified consumers who subscribe to T-Mobile's Lifeline offering are not charged a fee to recover federal universal service fund contributions or other non-tax related government-related surcharges (including the fee for the cost of local number portability). In addition to voice services, T-Mobile's Lifeline customers (like all of its customers) will also have access to a variety of other standard features at no additional charge, including voice mail, caller identification and call-waiting services.

VI. DESIGNATING T-MOBILE AS AN ETC IS IN THE PUBLIC INTEREST

Currently, T-Mobile serves the mobile communications needs of consumers in the FCC States, and, through its proposed Lifeline offering, T-Mobile plans to expand its business in those states by making available to low-income consumers a new, more affordable service

⁵³ T-Mobile will apply the new Lifeline support amount when it takes effect. *See* 47 C.F.R. § 54.403(a) (as amended by the *Lifeline Reform Order*).

⁵⁴ Whenever minutes[®] are minutes that can be used at anytime and anywhere on T-Mobile's nationwide network. Weekend minutes are currently defined as midnight Friday to midnight Sunday, and nights are currently defined as 9:00 p.m. to 6:59 a.m. Monday-Friday, based on the start time of call.

offering that meets their basic and advanced communication needs. As a CMRS provider, T-Mobile is not subject to universal service obligations today in the FCC States but, as a Lifeline-only ETC, T-Mobile will be entering the universal service market and, by doing so, will be subject to the universal service obligations discussed above.

Designating T-Mobile as a Lifeline ETC will bring important public interest benefits. The designation will allow a national facilities-based service provider to enter the Lifeline market in the FCC States. This will place significant competitive pressure on other Lifeline providers, to the benefit of low-income consumers and the Lifeline program as a whole. The benefits to low-income consumers will be significant and include: (i) greater customer choice; (ii) a new, facilities-based Lifeline service offering with competitive pricing, services, and features; (iii) continued contribution to the economy through T-Mobile's facilities and employment; and (iv) access to a nationwide network and quality, mobile services.

The benefits of competition are widely recognized and extend to all markets, including the low income universal service market, as recognized by the FCC:

The additional choice and service options of another wireless [carrier] offering a service for low-income consumers represents a significant benefit for consumers and is in the public interest. A new entrant should incent existing wireless ETCs to offer better service and terms to their customers....⁵⁵

Low-income consumers increasingly rely on wireless services for their entire telecommunications needs. T-Mobile's designation as an ETC will result in low-income consumers having greater access to wireless telecommunications services, particularly from facilities-based carriers, thereby advancing the basic goal of preserving and advancing universal

⁵⁵ Federal-State Joint Board on Universal Service; Telecommunications Carriers Eligible for Universal Service Support; i-wireless, LLC Petition for Forbearance from 47 U.S.C. § 214(e)(1)(A), CC Docket No. 96-45, WC Docket No. 09-197, Order, 25 FCC Rcd 8784, 8791 ¶ 19 (2010).

service. T-Mobile's current Lifeline Plan allows customers to control costs by receiving a preset monthly rate with a low per-minute overage rate. The wireless services that T-Mobile offers will provide customers with an affordable alternative to traditional telecommunications service.

T-Mobile's designation as an ETC will enable the Company to make available competitive low-income service offerings to consumers throughout its designated service area. Designating T-Mobile as an ETC will provide an additional alternative to the existing Lifeline service plans currently being offered and thus will promote competition and advance communication services for the benefit of the residents of the FCC States.

Carriers are investing in newer, better, and faster networks. Wireless accounts for more than 30% of global telecommunications investment, nearly a quarter of all information and communications technology investment, and two percent of total investment in the U.S. economy.⁵⁶ T-Mobile invested \$2.7 billion in 2011, primarily in expanding deployment of its HSPA+ (4G) network. T-Mobile recently announced that it will invest \$4 billion in total to strengthen its 4G network and engage in a significant spectrum re-farming effort which will allow the deployment of long-term evolution (LTE) service in 2013. This anticipated network transformation will significantly enhance coverage and performance for customers, and also provide high-paying American jobs.

Allowing T-Mobile to offer the services required by a Lifeline ETC also will provide critical telecommunications services to low-income consumers that need it the most, at a low monthly rate. T-Mobile's planned Lifeline offering will allow customers to control costs by receiving a preset monthly rate with a low per minute overage rate. The Lifeline wireless

⁵⁶ Implementation of Section 6002(b) of the Omnibus Budget Reconciliation Act of 1993; Annual Report and Analysis of Competitive Market Conditions With Respect to Mobile Wireless, Including Commercial Mobile Services, WT Docket No. 10-133 (Terminated), Fifteenth Report, 26 FCC Rcd 9664, 9680 (2011).

services that T-Mobile will offer will provide customers with an affordable alternative to existing telecommunications service. Increased competitive choices in the telecommunications arena benefit all consumers, but low income consumers stand to gain the most.

VII. ANTI-DRUG ABUSE CERTIFICATION

T-Mobile certifies that no party to this Petition is subject to denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

VIII. CONCLUSION

As discussed above, designation of T-Mobile as a Lifeline ETC in the FCC States accords with the requirements of Section 214(e)(6) of the Act and is in the public interest. For all of the foregoing reasons, T-Mobile respectfully requests that the Commission designate it as an ETC in the FCC States.

Respectfully submitted,

T-MOBILE USA, INC.

**PINE BELT CELLULAR, INC. and PINE
BELT PCS, INC.,**

Joint Petitioners

**PETITION: For ETC status and/or
clarification regarding the jurisdiction
of the Commission to grant ETC status
to wireless carriers.**

DOCKET U-4400

ORDER

BY THE COMMISSION:

In a joint pleading submitted on September 11, 2001, Pine Belt Cellular, Inc. and Pine Belt PCS, Inc. (collectively referred to as "Pine Belt") each notified the Commission of their desire to be designated as universal service eligible telecommunications carriers ("ETCs") for purposes of providing wireless ETC service in certain of the non-rural Alabama wireline service territories of BellSouth Telecommunications, Inc. ("BellSouth") and Verizon South, Inc. ("Verizon"). The Pine Belt companies noted their affiliation with Pine Belt Telephone Company, a provider of wireline telephone service in rural Alabama, but clarified that they exclusively provide cellular telecommunications and personal communications (collectively referred to as "CMRS" or "wireless") services in their respective service areas in Alabama in accordance with licenses granted by the Federal Communications Commission ("FCC"). The pivotal issue raised in the joint pleading of Pine Belt companies is whether the Commission will assert jurisdiction in this matter given the wireless status of the Pine Belt companies.

As noted in the filing of the Pine Belt companies, state Commissions have primary responsibility for the designation of eligible telecommunications carriers in their respective jurisdictions for universal service purposes pursuant to 47 USC §214(e). The Commission indeed established guidelines and requirements for attaining ETC status in this jurisdiction pursuant to notice issued on October 31, 1997.

DOCKET U-4400 - #2

For carriers not subject to state jurisdiction, however, §214(e)(6) of the Telecommunications Act of 1996 provides that the FCC shall, upon request, designate such carriers as ETCs in non-rural service territories if said carriers meet the requirements of §214(e)(1). In an FCC Public Notice released December 29, 1997 (FCC 97-419) entitled "Procedures for FCC designation of Eligible Telecommunications Carriers pursuant to §214(e)(6) of the Telecommunications Act", the FCC required each applicant seeking ETC designation from the FCC to provide, among other things, "a certification and brief statement of supporting facts demonstrating that the Petitioner is not subject to the jurisdiction of a state Commission."

The Pine Belt companies enclosed with their joint pleading completed ETC application forms as developed by the Commission. In the event the Commission determines that it does not have jurisdiction to act on the Pine Belt request for ETC status, however, the Pine Belt companies seek an affirmative written statement from the Commission indicating that the Commission lacks jurisdiction to grant them ETC status as wireless carriers.

The issue concerning the APSC's jurisdiction over providers of cellular services, broadband personal communications services, and commercial mobile radio services is one that was rather recently addressed by the Commission. The Commission indeed issued a Declaratory Ruling on March 2, 2000, in Docket 26414 which concluded that as the result of certain amendments to the Code of Alabama, 1975 §40-21-120(2) and (1)(a) effectuated in June of 1999, the APSC has no authority to regulate, in any respect, cellular services, broadband personal communications services and commercial mobile radio services in Alabama. Given the aforementioned conclusions by the Commission, it seems rather clear that the Commission has no jurisdiction to take action on the Application of the Pine Belt companies for ETC status in this jurisdiction. The Pine Belt companies and all other wireless providers seeking ETC status should pursue their ETC designation request with the FCC as provided by 47 USC §214(e)(6).

DOCKET U-4400 - #3

IT IS, THEREFORE, ORDERED BY THE COMMISSION, That the Commission's jurisdiction to grant Eligible Telecommunications Carrier status for universal service purposes does not extend to providers of cellular services, broadband personal communications services, and commercial mobile radio services. Providers of such services seeking Eligible Telecommunications Carrier status should accordingly pursue their requests through the Federal Communications Commission.

IT IS FURTHER ORDERED, That this Order shall be effective as of the date hereof.

DONE at Montgomery, Alabama, this 12th day of March, 2002.

In reply, please refer to:

Docket No. 09-07-24:UR:PAP

L. Charles Keller, Esquire
Wilkinson Barker Knauer, LLP
2300 N Street, NW
Suite 700
Washington, DC 20037

Re: Docket No. 09-07-24 - Conexions LLC Seeks Designation as a Competitive Eligible Telecommunications Carrier

Dear Mr. Keller:

The Department of Public Utility Control (Department) acknowledges receipt of your July 10, 2009 letter filed on behalf of Conexions LLC (Conexions) seeking clarification as to whether the Department asserts jurisdiction to designate competitive eligible telecommunications carriers (CETC) in Connecticut. According to your letter, Conexions seeks designation as a CETC in Connecticut and believes that the Department does not assert jurisdiction to designate CETCs in the state and that carriers must apply to the FCC for certification.

The Department has reviewed your request and notes that it has approved requests for CETC status from wireline-based carriers. However, in the instant case, Conexions is a mobile virtual network operator. The Department does not regulate or license mobile carrier services' rates and charges and therefore, it is not subject to the Department's jurisdiction for the purposes of designating CETC status.

Sincerely,

DEPARTMENT OF PUBLIC UTILITY CONTROL

Kimberley J. Santopietro
Executive Secretary

RE: Conexions LLC

Dear Mr. Keller:

You have requested a statement confirming that the Delaware Public Service Commission ("PSC") lacks the jurisdiction to designate your client, Conexions, LLC ("Conexions"), as an Eligible Telecommunications Carrier ("ETC") under 47 U.S.C. § 214(e). You have represented that Conexions is a new mobile virtual network operator who seeks to participate in the FCC's Lifeline support program for qualifying low-income consumers.

Under state law, the Delaware PSC does not currently exercise any form of supervisory jurisdiction over wireless commercial mobile radio service ("CMRS") providers. *See 26 Del. C. § 102(2)* (excluding "telephone service provided by cellular technology, or by domestic public land mobile radio service" from the definition of "public utility"); *26 Del. C. § 202(c)* (providing that the Delaware Commission has "no jurisdiction over the operation of domestic public land mobile radio service provided by cellular technology service or over rates to be charged for such service or over property, property rights, equipment of facilities employed in such service"). In fact, in granting ETC status in Delaware for Cellco Partnership d/b/a Bell Atlantic Mobile, the FCC accepted the Delaware PSC's confirmation at that time that it did not have jurisdiction under state law to designate CMRS providers as ETCs. *See Federal-State Joint Board on Universal Service; Cellco Partnership d/b/a Bell Atlantic Mobile Petition for Designation as an Eligible Telecommunications Carrier; Memorandum Opinion and Order*, 16 FCC Rcd. 39 (2000), at ¶¶ 3-4. There have been no changes to state law regarding the PSC's authority over CMRS providers since the *Cellco* decision.

L. Charles Keller, Jr.
July 15, 2009
Page 2

I hope this addresses your request for confirmation that the Delaware Public Service Commission does not have jurisdiction under state law to designate CMRS providers, such as Conexions LLC, as an ETC.

Sincerely,

A handwritten signature in cursive script that reads "Bruce H. Burcat".

Mr. L. Charles Keller
Counsel for Conexions, LLC.
Wilkinson Barker Knauer, LLP
2300 N Street, NW, Suite 700
Washington, DC 20037

Dear Mr. Keller:

Thank you for your July 10, 2009 letter stating Conexions, LLC's ("Conexions") intent to be designated as an eligible telecommunications carrier in the District of Columbia. As you are aware, the Public Service Commission of the District of Columbia ("Commission") does not have jurisdiction over wireless carriers operating in the District of Columbia, pursuant to section 34-2006(b) of the District of Columbia Code. Thus, the Commission has no authority to designate Conexions as an eligible telecommunications carrier in the District of Columbia.

Attached please find a copy of the relevant section of the District of Columbia Code for your information. Should you need anything further, please contact me at 202-626-5140 or rbeverly@psc.dc.gov.

Sincerely,

Richard A. Beverly
General Counsel

Title 34. Public Utilities. (Refs & Annos)

Subtitle V. Telecommunications.

Chapter 20. Telecommunications Competition. (Refs & Annos)

➔§ 34-2006. Exemptions.

(a) This chapter shall not apply to cable television services performed pursuant to an existing cable television franchise agreement with the District of Columbia which is in effect on September 9, 1996. To the extent that a cable television company seeks to provide local exchange services within the District of Columbia, such company shall be regulated under the provisions of this chapter for their local exchange services.

(b) Pursuant to the federal Telecommunications Act of 1996, this chapter shall not apply to licensed or unlicensed wireless services authorized by the Federal Communications Commission operating in the District of Columbia.

(c) This chapter shall not:

(1) Apply to the provision, rates, charges, or terms of service of Voice Over Internet Protocol Service or Internet Protocol-enabled Service;

(2) Alter the authority of the Commission to enforce the requirements as are otherwise provided for, or allowed by, federal law, including the collection of Telecommunications Relay Service fees and universal service fees;

(3) Alter the authority of the Office of Cable Television and Telecommunications with respect to the provision of video services in the District of Columbia; or

(4) Alter the Commission's existing authority over the regulation of circuit-switched local exchange services in the District of Columbia.

Re: Conexions, LLC

Dear Mr. Keller:

This is in response to your letter to the Commission, received July 10, 2009, concerning the above-referenced telecommunications carrier. You requested a statement from the Commission that Conexions, LLC (Conexions) is not subject to the jurisdiction of the Commission, inasmuch as this will affect how Conexions proceeds with efforts to become designated as an Eligible Telecommunications Carrier (ETC) for purposes of receiving universal service support pursuant to the federal Telecommunications Act.

You attention is directed to a published order of the Commission, *RCC Minnesota, Inc.*, 88 NH PUC 611 (2003) (Order No. 24,245). In that order, the Commission acknowledged that it lacks state-law authority to regulate wireless carriers, *id.* at 615, citing Section 362:6 of the New Hampshire Revised Statutes Annotated, and therefore the Commission concluded that the agency is likewise devoid of jurisdiction to consider a request for ETC designation from the carrier. In my judgment, Conexions as a user of both cellular and PCS (personal communications service) spectrum to provide commercial mobile radio service, may rely on the *RCC Minnesota* decision for the proposition that the Federal Communications Commission, as opposed to the New Hampshire Public Utilities Commission, is the appropriate agency to consider Conexions's bid for ETC status.

Please feel free to call me at 603-271-6005 if I can be of further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "F. Anne Ross".

RE: Matter 09-01517/Case 09-C-0600 - Conexions LLC Request for Letter Clarifying
Jurisdiction over Wireless CETC

Dear Mr. Keller:

I am responding to your letter to Secretary Brillling, dated July 10, 2009 on behalf of Conexions LLC (Conexions). In your letter, you requested a statement that the State of New York does not exercise jurisdiction over Commercial Mobile Radio Service (CMRS) providers for purposes of making determinations concerning eligibility for Eligible Telecommunications Carrier designation under 47 U.S.C. §214(e) and 47 C.F. R. §54.201 *et seq.* You indicated that Conexions is a mobile virtual network operator ("MVNO") seeking designation as a competitive eligible telecommunications carrier ("CETC") in New York.

In response to your request, please be advised that the New York State Public Service Law §5 provides that:

Applications of the provisions of this chapter [the Public Service Law] through one-way paging or two-way mobile radio telephone service with the exception of such services provided by means of cellular radio communication is suspended unless the [New York State Public Service] commission...makes a determination, after notice and hearing, that regulation of such services should be reinstated to the extent found necessary to protect the public interest because of a lack of effective competition.

The New York State Public Service Commission has not made a determination that regulation should be reinstated under Public Service Law §5. Consequently, based on the representation by Conexions that it is a mobile virtual network operator ("MVNO") provider, Conexions would not be subject to the application of the Public Service Law and therefore, the jurisdiction of the New York Public Service Commission for purposes of making the Eligible Telecommunications Carrier designation.

As this letter is responsive to your request for a statement, Matter 09-01517/Case 09-C-0600 will be closed.

Very truly yours,

A handwritten signature in black ink, appearing to read "Brian Ossias", with a long horizontal flourish extending to the right.

Re: Case 09-C-0600 – Petition of Conexions LLC for a Declaratory Ruling that the Company, a wireless telephone service provider, is not subject to Commission jurisdiction

Dear Mr. Keller:

I am responding to your letter to Secretary Brilling, dated July 10, 2009, on behalf of Conexions LLC ("Conexions"). In your letter, you requested a statement that the State of New York does not exercise jurisdiction over wireless telephone service providers for purposes of making determinations concerning eligibility for Competitive Eligible Telecommunications Carrier designations under 47 USC §214(e) and 47 CFR §54.201 *et seq.* You indicated that Conexions is a mobile virtual network operator in several states, including New York.

In response to your request, please be advised that the New York State Public Service Law §5(3) provides that:

Application of the provisions of this chapter [the Public Service Law] to one-way paging or two-way mobile radio telephone service with the exception of such services provided by means of cellular radio communication is suspended unless the [New York Public Service] commission, . . . makes a determination, after notice and hearing, that regulation of such services should be reinstated to the extent found necessary to protect the public interest because of a lack of effective competition.

In addition, the New York State Public Service Law §5(6)(a) provides that:

Application of the provisions of this chapter [the Public Service Law] to cellular telephone services is suspended unless the [New York Public Service] commission, . . . makes a determination, after notice and hearing, that suspension of the application of the provisions of this chapter shall cease to the extent found necessary to protect the public interest.

The New York State Public Service Commission has not made a determination that regulation should be reinstated under Public Service Law §5. Consequently, based on the representation by Conexions that it is a wireless telephone service provider, Conexions would not be subject to the application of the Public Service Law and therefore, the jurisdiction of the New York Public Service Commission for the purposes of making the Competitive Eligible Telecommunication Carrier designation.

As this letter is responsive to your request for a statement, Case 09-C-0600 will be closed.

Sincerely,

A handwritten signature in black ink, appearing to read "Saul M. Abrams", written in a cursive style.

Saul M. Abrams
Assistant Counsel

**STATE OF NORTH CAROLINA
UTILITIES COMMISSION
RALEIGH**

DOCKET NO. P-100, SUB 133c

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of
Designation of Carriers Eligible for Universal)
Carrier Support) **ORDER GRANTING PETITION**

BY THE COMMISSION: On August 22, 2003, North Carolina RSA3 Cellular Telephone Company, d/b/a Carolina West (Carolina West), a commercial mobile radio service (CMRS) provider, filed a Petition seeking an affirmative declaratory ruling that the Commission lacks jurisdiction to designate CMRS carrier eligible telecommunications carrier (ETC) status for the purposes of receiving federal universal service support.

In support of its Petition, Carolina West stated that it was a CMRS provider authorized by the Federal Communications Commission (FCC) to provide cellular mobile radio telephone service in North Carolina, and that the FCC had clearly recognized that CMRS carriers such as Carolina West may be designated as ETCs. ETC status is necessary for a provider to be eligible to receive universal service support. Section 214(e)(6) of the Telecommunications Act provides that if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC is charged with making the ETC determination. The FCC has stated that, in order for the FCC to consider requests pursuant to this provision, a carrier must provide an "affirmative statement" from the state commission or court of competent jurisdiction that the state lacks jurisdiction to perform the designation. To date, several state commissions have declined to exercise such jurisdiction.

North Carolina has excluded CMRS from the definition of "public utility." See, G.S. 62-3(23j). Pursuant to this, the Commission issued its Order Concerning Deregulation of Wireless Providers in Docket Nos. P-100, Sub 114 and Sub 124 on August 28, 1995, concluding that the Commission no longer has jurisdiction over cellular services. Accordingly, Carolina West has now requested the Commission to issue an Order stating that it does not have jurisdiction to designate CMRS carriers ETC status for the purposes of receiving federal universal service support.

WHEREUPON, the Commission reaches the following

CONCLUSIONS

After careful consideration, the Commission concludes that it should grant Carolina West's Petition and issue an Order stating that it lacks jurisdiction to designate ETC status

for CMRS carriers. As noted above, in its August 28, 1995, Order in Docket Nos. P-100, Sub 114 and Sub 124, the Commission observed that G.S. 62-3(23)j, enacted on July 29, 1995, has removed cellular services, radio common carriers, personal communications services, and other services then or in the future constituting a mobile radio communications service from the Commission's jurisdiction. 47 USC 3(41) defines a "state commission" as a body which "has regulatory jurisdiction with respect to the intrastate operation of carriers." Pursuant to 47 USC 214(e)(6), if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC must determine which carriers in that class may be designated as ETCs. Given these circumstances, it follows that the Commission lacks jurisdiction over CMRS services and the appropriate venue for the designation of ETC status for such services is with the FCC. Accord., Order Granting Petition, ALLTEL Communications, Inc., June 24, 2003.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 28th day of August, 2003.

NORTH CAROLINA UTILITIES COMMISSION

Patricia Swenson

Patricia Swenson, Deputy Clerk

pt082003.01

BEFORE THE TENNESSEE REGULATORY AUTHORITY

NASHVILLE, TENNESSEE

April 11, 2003

IN RE:

APPLICATION OF ADVANTAGE CELLULAR
SYSTEMS, INC. TO BE DESIGNATED AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER

)
)
)
)
)

DOCKET NO.
02-01245

ORDER

This matter came before Chairman Sara Kyle, Director Deborah Taylor Tate and Director Pat Miller of the Tennessee Regulatory Authority (the "Authority"), the voting panel assigned in this docket, at the regularly scheduled Authority Conference held on January 27, 2003, for consideration of the *Application of Advantage Cellular Systems, Inc. To Be Designated As An Eligible Telecommunications Carrier* ("Application") filed on November 21, 2002.

Background

Advantage Cellular Systems, Inc. ("Advantage") is a commercial mobile radio service provider ("CMRS") seeking designation as an Eligible Telecommunications Carrier ("ETC") by the Authority pursuant to 47 U.S.C. §§ 214 and 254. In its *Application*, Advantage asserts that it seeks ETC status for the entire study area of Dekalb Telephone Cooperative, Inc., a rural cooperative telephone company. Advantage maintains that it meets all the necessary requirements for ETC status and therefore is eligible to receive universal service support throughout its service area.

The January 27, 2003 Authority Conference

During the regularly scheduled Authority Conference on January 27, 2003, the panel of Directors assigned to this docket deliberated Advantage's *Application*. Of foremost consideration was the issue of the Authority's jurisdiction. The panel unanimously found that the Authority lacked

jurisdiction over Advantage for ETC designation purposes.¹

This conclusion was implicitly premised on Tenn. Code Ann. § 65-4-104, which provides that:

The Authority has general supervisory and regulatory power, jurisdiction and control over all public utilities and also over their property, property rights, facilities, and franchises, so far as may be necessary for the purpose of carrying out the provisions of this chapter.

For purposes of Tenn. Code Ann. § 65-4-104, the definition of public utilities specifically excludes, with certain exceptions not relevant to this case, "[a]ny individual, partnership, copartnership, association, corporation or joint stock company offering domestic public cellular radio telephone service authorized by the federal communications commission."

The Authority's lack of jurisdiction over CMRS providers implicates 47 U.S.C. § 214(e), which addresses the provision of universal service. Where common carriers seeking universal service support are not subject to a state regulatory commission's jurisdiction, 47 U.S.C. § 214(e)(6) authorizes the Federal Communications Commission ("FCC") to perform the ETC designation.²

¹ This finding is not inconsistent with the Authority's decision in *In re: Universal Service Generic Contested Case*, Docket 97-00888, *Interim Order on Phase I of Universal Service*, pp. 53-57 (May 20, 1998), in which the Authority required intrastate telecommunications carriers to contribute to the intrastate Universal Service Fund including telecommunications carriers not subject to authority of the TRA. The decision in Docket No. 97-00888 was based primarily on 47 U.S.C. § 254(f) which authorizes states to adopt regulations not inconsistent with the Federal Communications Commission's rules on Universal Service and specifically requires every telecommunications carrier that provides intrastate telecommunications services to contribute to the preservation and advancement of universal service in that state. The *Interim Order* was issued prior to the effective date of 47 U.S.C. § 214(e)(6).

² 47 U.S.C. § 214(e)(6) states:

(6) Common carriers not subject to state commission jurisdiction

In the case of a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission, the Commission shall upon request designate such a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the Commission consistent with applicable Federal and State law. Upon request and consistent with the public interest, convenience and necessity, the Commission may, with respect to an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated under this paragraph, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the Commission shall find that the designation is in the public interest.

As a matter of "state-federal comity," the FCC requires that carriers seeking ETC designation "first consult with the state commission to give the state commission an opportunity to interpret state law."³ Most carriers that are not subject to a state regulatory commission's jurisdiction seeking ETC designation must provide the FCC "with an affirmative statement from a court of competent jurisdiction or the state commission that it lacks jurisdiction to perform the designation."⁴

The panel noted that the FCC is the appropriate forum for Advantage to pursue ETC status pursuant to 47 U.S.C. § 214(e)(6). This Order shall serve as the above mentioned affirmative statement required by the FCC.

IT IS THEREFORE ORDERED THAT:

The Application of Advantage Cellular Systems, Inc. To Be Designated As An Eligible Telecommunications Carrier is dismissed for lack of subject matter jurisdiction.

Sara Kyle, Chairman

Deborah Taylor Tate, Director

Pat Miller, Director

³ *In the Matter of Federal-State Joint Bd. on Universal Service, CC Docket No. 96-45, Twelfth Report and Order, Memorandum Opinion and Order, and Further Notice of Proposed Rulemaking, 15 F.C.C.R. 12208, 12264, ¶ 113 (June 30, 2000).*

⁴ *See id.* (The "affirmative statement of the state commission may consist of any duly authorized letter, comment, or state commission order indicating that it lacks jurisdiction to perform designations over a particular carrier.")

COMMONWEALTH OF VIRGINIA
STATE CORPORATION COMMISSION DOCUMENT CONTROL
AT RICHMOND, APRIL 9, 2004

IN RE:

2004 APR -9 A 11: 46

APPLICATION OF VIRGINIA CELLULAR LLC

CASE NO. PUC-2001-00263

For designation as an eligible
telecommunications provider under
47 U.S.C. § 214(e) (2)

ORDER INVITING COMMENTS AND/OR REQUESTS FOR HEARING

On December 21, 2001, Virginia Cellular LLC ("Virginia Cellular") filed an application with the State Corporation Commission ("Commission") for designation as an eligible telecommunications carrier ("ETC"). This was the first application by a Commercial Mobile Radio Service ("CMRS") carrier for ETC designation.¹ Pursuant to the Order Requesting Comments, Objections, or Requests for Hearing, issued by the Commission on January 24, 2002, the Virginia Telecommunications Industry Association and NTELOS Telephone Inc. ("NTELOS") filed their respective comments and requests for hearing on February 20, 2002. Virginia Cellular filed Reply Comments on March 6, 2002. Our Order of April 9, 2002, found that § 214(e)(6) of the Act is applicable to Virginia Cellular's application because this Commission has not asserted jurisdiction over CMRS carriers and that Virginia Cellular should apply to the Federal Communications Commission ("FCC") for ETC designation.

Virginia Cellular filed its Petition for Designation as an Eligible Telecommunications Carrier in the State of Virginia with the FCC on April 26, 2002. On January 22, 2004, the FCC released its order designating Virginia Cellular as an ETC in specific portions of its licensed

¹ Virginia Cellular is a CMRS carrier as defined in 47 U.S.C. § 153(27) and is authorized as the "A-band" cellular carrier for the Virginia Rural Service Area, serving the counties of Rockingham, Augusta, Nelson, and Highland and the cities of Harrisonburg, Staunton, and Waynesboro.

service area in the Commonwealth of Virginia subject to certain conditions ("FCC's January 22, 2004, Order").²

The FCC's January 22, 2004, Order further stated that Virginia Cellular's request to redefine the service areas of Shenandoah Telephone Company ("Shentel") and MGW Telephone Company ("MGW") in Virginia pursuant to § 214(3)(5) of the Telecommunications Act of 1996 ("Act") was granted subject to the agreement of this Commission. On March 2, 2004, the FCC filed its January 22, 2004, Order as a petition in this case.³

Section 214(e)(5) of the Act states:

SERVICE AREA DEFINED. - The term "service area" means a geographic area established by a State commission (or the Commission under paragraph (6)) for the purpose of determining universal service obligations and support mechanisms. In the case of an area served by a rural telephone company, "service area" means such company's "study area" unless and until the Commission and the States, after taking into account recommendations of a Federal-State Joint Board instituted under section 410(c), establish a different definition of service area for such company.

In this instance, the FCC has determined that the service areas of Shentel and MGW, which are both rural telephone companies under the Act, should be redefined as requested by Virginia Cellular.⁴ The FCC further recognizes that the "Virginia Commission's first-hand knowledge of the rural areas in question uniquely qualifies it to determine the redefinition proposal and examine whether it should be approved."⁵

² CC Docket No. 96-45, *In the Matter of Federal-State Joint Board on Universal Service, Virginia Cellular LLC Petition for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Virginia.*

³ See paragraph 45 of the FCC's January 22, 2004, Order. The FCC, in accordance with § 54.207(d) of its rules, requests that the Virginia Commission treat this Order as a petition to redefine a service area under § 54.207(d)(1) of the FCC's rules. A copy of the petition can be obtained from the Commission's website at: <http://www.vstate.va.us/scc/caseinfo.htm>.

⁴ The FCC denied Virginia Cellular's request to redefine the study area of NTELOS. See paragraph 50 of the FCC's January 22, 2004, Order.

⁵ The FCC's January 24, 2004, Order at paragraph 2. (citations omitted)

The Commission finds that interested parties should be afforded the opportunity to *comment and/or request a hearing regarding the FCC's petition to redefine the service areas of Shentel and MGW*. We note that the FCC believes that its proposed redefinition of these service areas should not harm either Shentel or MGW.⁶ However, we request any interested party to specifically address in its comments whether our agreeing to the FCC's proposal to redefine the service areas of Shentel and MGW would harm these companies.

NOW UPON CONSIDERATION of all the pleadings of record and the applicable law, the Commission is of the opinion that interested parties should be allowed to comment or request a hearing regarding the FCC's proposed redefinition of Shentel's and MGW's service areas.

Accordingly, IT IS ORDERED THAT:

(1) Any interested party desiring to comment regarding the redefinition of Shentel's and MGW's service areas may do so by directing such comments in writing on or before May 7, 2004, to Joel H. Peck, Clerk of the State Corporation Commission, c/o Document Control Center, P.O. Box 2118, Richmond, Virginia 23218. Interested parties desiring to submit comments electronically may do so by following the instructions found on the Commission's website: <http://www.state.va.us/scc/caseinfo.htm>.

(2) On or before May 7, 2004, any interested party wishing to request a hearing regarding the redefinition of Shentel's and MGW's service areas shall file an original and fifteen (15) copies of its request for hearing in writing with the Clerk of the Commission at the address set forth above. Written requests for hearing shall refer to Case No. PUC-2001-00263 and shall include: (i) a precise statement of the interest of the filing party; (ii) a statement of the specific action sought to the extent then known; (iii) a statement of the legal basis for such action; and (iv) a precise statement why a hearing should be conducted in the matter.

⁶ See paragraphs 43 and 44 of the FCC's January 22, 2004, Order.

(3) On or before June 1, 2004, interested parties may file with the Clerk of the Commission an original and fifteen (15) copies of any responses to the comments and requests for hearing filed with the Commission. A copy of the response shall be delivered to any person who filed comments or requests for hearing.

(4) This matter is continued generally.

AN ATTESTED COPY hereof shall be sent by the Clerk of the Commission to: each local exchange telephone company licensed to do business in Virginia, as shown on Attachment A hereto; David A. LaFuria, Esquire, Lukas, Nace, Gutierrez & Sachs, Chartered, 1111 19th Street, N.W., Suite 1200, Washington, D.C. 20036; Thomas Buckley, Attorney-Advisor, Telecommunications Access Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 12th Street, S.W., Washington, D.C. 20554; Virginia Telecommunications Industry Association, c/o Richard D. Gary, Esquire, Hunton & Williams LLP, Riverfront Plaza, East Tower, 951 East Byrd Street, Richmond, Virginia 23219-4074; L. Ronald Smith, President and General Manager, Shenandoah Telephone Company, P.O. Box 105, Williamsville, Virginia 24487; Lori Warren, Director of Regulatory Affairs, MGW Telephone Company, P.O. Box 459, Edinburg, Virginia 22824-0459; C. Meade Browder, Jr., Senior Assistant Attorney General, Division of Consumer Counsel, Office of Attorney General, 900 East Main Street, 2nd Floor, Richmond, Virginia 23219; and the Commission's Office of General Counsel and Divisions of Communications, Public Utility Accounting, and Economics and Finance.

CTIA Letter of Certification

Steve Largent
President/CEO

October 7, 2011

Ms. Kelsey Joyce
Director of Legal Affairs
Marketing
T-Mobile USA, Inc.
12920 SE 38th Street
Bellevue, WA 98006

Dear Kelsey:

Congratulations! This letter is to notify you that T-Mobile USA (“T-Mobile”) has completed the recertification process for the CTIA Consumer Code for Wireless Service (“Voluntary Consumer Code”) for the period January 1, 2011 – December 31, 2011, and is deemed compliant with the principles, disclosures and practices set forth in the Voluntary Consumer Code. Accordingly, T-Mobile is authorized to use and display the CTIA Seal of Wireless Quality/Consumer Information, subject to the terms and conditions set forth in the attached License Agreement.

Please ensure that the relevant employees of T-Mobile review the License Agreement before using the Seal. Use of the Seal constitutes acceptance of these terms and conditions. Upon request, we will provide two specimens (color and black/white) of the Seal for T-Mobile’s use on its website or collateral materials. If you should have any questions concerning the recertification process or use of the Seal, please contact Andrea Williams, CTIA’s Vice President of Law and Assistant General Counsel, at (202) 736-3215 or awilliams@ctia.org.

CTIA commends T-Mobile for its ongoing leadership and participation in the CTIA Voluntary Consumer Code, and we look forward to continuing to work with T-Mobile on this important industry initiative.

Sincerely,

Congratulations!

Steve Largent

Proposed Lifeline Customer Certification Form

Lifeline Application

This signed application is required to enroll you in the Lifeline program in your state. This application is only for the purpose of verifying your participation in these programs and will not be used for any other purpose. See reverse for documentation requirements and submission instructions.

Things to know about the Lifeline Program:

- (1) Lifeline is a Federal benefit that is not transferrable to any other person;
- (2) Lifeline service is available for only one line per household. A household cannot receive benefits from multiple providers;
- (3) A household is defined, for purposes of the Lifeline program, as any individual or group of individuals living at the same address that share income and expenses; and,
- (4) Violation of the one-per household rule is not permitted under federal rules and will result in the subscriber's de-enrollment from the program and possible criminal prosecution by the U.S. Government.

First Name: _____ **MI:** _____ **Last Name:** _____ **Date of Birth:** _____
Last Four Digits of Social Security Number or Tribal ID Number: _____ **Contact Telephone Number:** _____

Address Line 2: _____

City, State and Zip: _____

This address is: Permanent Temporary A shared, multi-household residence

If temporary, your address must be certified or updated every 90 days.

Billing Address:

May contain a P.O. Box.

Address Line 1: _____

Address Line 2: _____

City, State and Zip: _____

Check here if the billing address is the residential address.

I hereby certify that I qualify to participate in at least one of the following programs (*check all that apply*):

Please see the related documentation requirements on the reverse side.

- (Initial) _____
- _____ Supplemental Nutrition Assistance Program (SNAP) formerly known as Food Stamps
 - _____ Supplemental Security Income (SSI)
 - _____ Federal Public Housing Assistance (FPHA) or Section 8
 - _____ Low Income Home Energy Assistance Program (LIHEAP)
 - _____ National School Lunch Program's free lunch program
 - _____ Temporary Assistance for Needy Families (TANF)
 - _____ Medicaid

Tribal Land Residents Only: I hereby certify that I reside on federally recognized tribal lands and that I qualify to participate in at least one of the programs listed above or the following programs (*check all that apply*):

Neither I nor any member of my household has received Link Up at the above address.

- (Initial) _____
- _____ Bureau of Indian Affairs General Assistance
 - _____ Tribally administered Temporary Assistance for Needy Families (TTANF)
 - _____ Head Start (only participants that qualified based on meeting the income qualifying standard)
 - _____ Food Distribution Program on Indian Reservation (FDPIR)

I hereby certify that my household income is at or below 135% of the Federal Poverty Guidelines; there are _____ members in my household.

Please see the Federal Poverty Guidelines and the related documentation requirements on the reverse side.

(Initial) _____
I certify, under penalty of perjury: Initial by Each Certification

The information provided in this application is true and correct to the best of my knowledge; I acknowledge that willfully providing false or fraudulent information in order to receive Lifeline service is punishable by fine or imprisonment, termination of all Lifeline benefits, and being barred from participating in the Lifeline program.

I am eligible for Lifeline service through participation in the qualifying program(s) or meeting the income requirements as identified above.

I have provided documentation of eligibility for Lifeline service, unless otherwise specifically exempted from providing such documentation.

I will inform T-Mobile within 30 days of any potential change in eligibility, including, but not limited to: (i) a move or change of address; (ii) any change in participation in the programs identified above or change in income or household members; (iii) receiving Lifeline service from another provider; or (iv) any other change that would affect my eligibility for Lifeline service.

I have provided the address where I currently reside and, if a temporary address has been provided, then I acknowledge that T-Mobile will attempt to verify my address every 90 days, and, if I do not respond to verification attempts within 30 days, then my Lifeline service will be terminated.

My household will receive only one Lifeline benefit and, to the best of my knowledge, no one in my household is currently receiving Lifeline service from any other provider.

I acknowledge that I will be required to annually re-certify eligibility and may be required to re-certify continued eligibility for Lifeline at any time and failure to re-certify will result in the termination of Lifeline benefits or other penalties.

I authorize T-Mobile and its agents to access any records (including financial records) required to verify my statements herein and to confirm my eligibility for Lifeline service. I authorize government agencies and their authorized representatives to discuss with and/or provide information to T-Mobile and its agents verifying my participation in public assistance programs that qualify me for Lifeline service.

DOCUMENTATION REQUIREMENTS

You are required to provide proof of your participation in the programs you identified or proof of your qualifying income.

IF YOU ARE QUALIFYING BASED ON ELIGIBILITY TO PARTICIPATE IN A PROGRAM, YOU MUST PROVIDE COPIES OF ONE OR MORE OF THE FOLLOWING DOCUMENTS:

- (1) current or prior year's statement of benefits from qualifying assistance program;
- (2) notice or letter of participation in a qualifying assistance program;
- (3) program participation documents; or
- (4) official document demonstrating receipt of benefits from a qualifying assistance program.

IF YOU ARE QUALIFYING BASED ON INCOME, YOU MUST PROVIDE COPIES OF ONE OR MORE OF THE FOLLOWING DOCUMENTS:

Prior year's state, federal or tribal tax return, a Social Security benefits statement, a Veterans Administration benefits statement, a Federal or tribal notice letter of participation in Bureau of Indian Affairs General Assistance, a Retirement/Pension benefit statement, a divorce decree or child support document, an Unemployment/Workers Compensation benefits statement, a current income statement from employer or paycheck stub. If you provide documentation other than your prior year's state, federal, or tribal tax return, you must submit three consecutive months worth of the same type of document within the current calendar year.
