

13.38 Satellite Dishes and Antennas. No exterior visible antennas, radio masts, towers, poles, aeries, satellite dishes, or other similar equipment shall be placed on any Home, Lot or Parcel without the prior written approval thereof being first had and obtained from the ACC as required by this Declaration. The ACC may require, among other things, that all such improvements be screened so that they are not visible from adjacent Homes, or from the Common Areas. Each Owner agrees that the location of such items must be first approved by the ACC in order to address the welfare of the residents of Woodfield. No Owner shall operate any equipment or device which will interfere with the radio or television reception of others. Notwithstanding the foregoing, Club Owner may install without ACC approval Telecommunications Services equipment, a satellite dish or similar equipment within the property comprising the Club so long as such equipment is not visible from the street giving access to the Club. All antennas not permitted by the Federal Communications Commission ("FCC") rules are prohibited. Installation, maintenance, and use of all antennas shall comply with restrictions adopted by the Board and shall be governed by the then current rules of the FCC.
