**REQUEST TO RENEW OR EXTEND**  
**SPECIAL TEMPORARY AUTHORITY**

dPi Teleconnect, LLC (“dPi Teleconnect”) and Amvensys Capital Group, LLC, f/k/a Amvensys Telecom Holdings, LLC (“Amvensys;” with dPi Teleconnect, the “Applicants”), by their attorneys, hereby request that the Commission renew or extend the special temporary authority (the “STA”) that was granted on February 9, 2012 pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. §214 (the “Act”) in the proceeding captioned above. This STA, which expires on April 9, 2012, permits continued operations by dPi Teleconnect under the control of Amvensys. In the alternative, the Applicants request that the Commission proceed to grant the Applicants’ pending application for permanent authority to transfer control of dPi Teleconnect to Amvensys (“Application”). The Application was placed on public notice on February 9, 2012 in WC Docket No. 12-32, DA 12-175, and is now ripe for grant. Because the Applicants have already closed on the sale of dPi Teleconnect, the

Applicants respectfully request that this STA Request or the Application be granted on or before April 9, 2012.

Grant of this STA Request will serve the public interest, as it will allow dPi Teleconnect to continue providing uninterrupted telecommunications services to its customers. The Applicants note that the sale of dPi Teleconnect to Amvensys was transparent to the customers of dPi Teleconnect at closing. In particular, the transaction did not affect the rates, terms and conditions under which the then-current customers of dPi Teleconnect received service immediately following closing, nor did the transaction result in any discontinuance of service. Also, dPi Teleconnect has continued to operate pursuant to its existing domestic Section 214 authorization and applicable state authorizations. Furthermore, the sale of dPi Teleconnect to Amvensys has served the public interest. The financial, technical, and managerial resources that Amvensys has brought to dPi Teleconnect has enhanced the ability of dPi Teleconnect to compete in the telecommunications marketplace.

The Applicants acknowledge that grant of this STA Request will not prejudice any action the Commission may take on the Application and that, once granted, the STA may be revoked on the Commission's own notice, without hearing. The Applicants

further acknowledge that grant of an STA and the Application will not preclude enforcement action.

Respectfully submitted,

**AMVENSYS CAPITAL GROUP, LLC**

**DPI TELECONNECT, LLC**
