Re: *Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo, LLC for Consent to Assign Licenses and Application of Cellco Partnership d/b/a Verizon Wireless and Cox TMI Wireless, LLC for Consent to Assign Licenses, WT Docket No. 12-4, Notice of Ex Parte*

Dear Ms. Dortch:

On April 23, 2012, Kathleen Grillo, Senior Vice President, Federal Regulatory Affairs, Verizon, and I met with Zachary Katz, Chief of Staff of the Commission, to discuss the above-referenced proceeding. During our meeting, Ms. Grillo and I reviewed the main arguments set forth in Applicants' Public Interest Statement and Joint Opposition and explained why the proposed transactions will serve the public interest by putting currently unused spectrum in the hands of a carrier that will use it to meet consumers' skyrocketing demands for mobile broadband services.¹ Consistent with Applicants' filings in the docket, we also explained why the parties' separate commercial agreements do not raise anticompetitive concerns and will benefit consumers.² Finally, we reviewed the procedural status of the Commission's review, noting that the applications were filed late last year and that the pleading cycle had concluded in late March.

¹ See generally Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo LLC for Consent to Assign Licenses, WT Docket No. 12-4, File No. 0004993617, Exh. 1 (filed Dec. 16, 2011) ("Public Interest Statement"); Joint Opposition to Petitions to Deny and Comments, WT Docket No. 12-4, at 5-40 (Mar. 2, 2012) ("Joint Opposition").

² See, e.g., Joint Opposition, Exh. 6 (the Addendum Concerning the Commercial Agreements, (refuting various allegations about the harms of the commercial agreements)).
