Washington, DC 20554

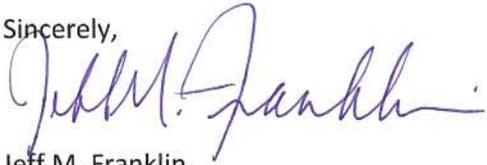

Dear Ms. Dortch,

In an email dated 5/11/2012, addressed to Mr. David Siehl with the FCC, we included an updated illustration of LGE's proposed solution for NG911, "cross-carrier common short code MMS".

The purpose of the email to Mr. Siehl was a follow-up and "thank you" for his time on the phone earlier in the week. The illustration attached to the email as a PDF was sent to Mr. Siehl on 5/11/2012, and is an updated version of the one that we submitted to the FCC earlier in the year.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in blue ink that reads "Jeff M. Franklin". The signature is fluid and cursive, with the first name "Jeff" being the most prominent.
