Re: *Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo, LLC for Consent to Assign Licenses, WT Docket No. 12-4, Notice of Ex Parte*

Dear Ms. Dortch:

On May 15, 2012, David L. Cohen, Executive Vice President of Comcast, and I met with Rick Kaplan, Chief of the Wireless Telecommunications Bureau, and Austin Schlick, the Commission's General Counsel, regarding the above-referenced proceeding. During our conversation, we reviewed the arguments set forth in Applicants' Public Interest Statement and Joint Opposition and reiterated why the proposed transaction will serve the public interest by putting currently unused spectrum in the hands of a carrier that will use it to meet consumers' skyrocketing demands for mobile broadband services.¹ Consistent with Applicants' filings in the docket, we also explained why the parties' separate commercial agreements do not raise anticompetitive concerns and will benefit consumers.² We explained why the spectrum sale and the separate commercial agreements presented the best and most efficient short- and long-term solution for Comcast to provide its customers with wireless services.

Please do not hesitate to contact me should you have any questions regarding this matter.

¹ See generally Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo LLC for Consent to Assign Licenses, WT Docket No. 12-4, File No. 0004993617, Exh. 1 (filed Dec. 16, 2011) ("Public Interest Statement"); Joint Opposition to Petitions to Deny and Comments, WT Docket No. 12-4, at 5-40 (Mar. 2, 2012) ("Joint Opposition").

² See, e.g., Joint Opposition, Exh. 6 (refuting various allegations about the harms of the commercial agreements).

Ms. Marlene Dortch
