Counsel for PlatinumTel Communications, LLC

Dated: June 4, 2012

SUMMARY

PlatinumTel seeks ETC designation exclusively for low income support in the non-rural areas of Alabama, Connecticut, Delaware, District of Columbia, Florida, New Hampshire, New York, North Carolina, Tennessee and Virginia (collectively, the “Designated Service Area”). PlatinumTel does not seek, and will not accept, High Cost support in any part of the Designated Service Area.

PlatinumTel Communications, LLC (“PlatinumTel”) has been providing prepaid wireless telecommunications services to low income consumers throughout the United States since 2001, making it one of the earliest pioneers in prepaid wireless. In 2009 PlatinumTel was certified as an ETC in Illinois. PlatinumTel operates through a combination of resale throughout its service area as well as facilities that it owns in Illinois. PlatinumTel respectfully submits this Amended Petition for designation as an eligible telecommunications carrier (“ETC”) pursuant to Section 214(e)(6) of the Communications Act of 1934, as amended (“Act”).¹

PlatinumTel provides prepaid wireless service to customers from lower income backgrounds that generally do not have wireless service because of economic constraints, poor credit history or an inability to enter into a long-term contract. PlatinumTel does not impose credit checks or long-term service contracts as a prerequisite to obtaining service. Prepaid wireless services have become essential for lower-income customers, providing them with affordable wireless access, including access to emergency services and a reliable means of accessing contacts for family, prospective employers or social services agencies.

PlatinumTel provides prepaid wireless telecommunications services to consumers by reselling the services of Sprint PCS, which provides wholesale capacity to wireless resellers. Sprint PCS will provide PlatinumTel with the network infrastructure and wireless transmission facilities, allowing PlatinumTel to operate as a Mobile Virtual Network Operator (“MVNO”). As an MVNO, PlatinumTel purchases wireless services from the underlying carrier on a wholesale basis for calling, text messaging, broadband

¹ 47 U.S.C. §214(e)(6).

and resells those services to customers using its own brand. PlatinumTel's value proposition enables customers to select among an array of flexible service plans that allow them to pay for minutes as they use them or purchase monthly packages of minutes in advance. Through its contracts with underlying carriers, PlatinumTel has the ability to offer all of the services and functionalities supported by the USF and set forth in Section 54.101(a) of the Commission's rules. PlatinumTel respectfully requests that the Commission promptly approve the instant request for ETC designation to enable PlatinumTel to rapidly provide Lifeline services to qualifying customers in the Designated Service Area.

**AMENDED PETITION OF PLATINUMTEL COMMUNICATIONS, LLC
FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER
FOR LOW INCOME SUPPORT ONLY**

PlatinumTel Communications, LLC (“PlatinumTel”) respectfully submits this Amended Petition for designation as an eligible telecommunications carrier (“ETC”) pursuant to Section 214(e)(6) of the Communications Act of 1934, as amended (“Act”)² and Section 54.201 *et seq.* of the Commission’s rules³. This amendment is intended to replace the PlatinumTel ETC Petition that was filed on August 5, 2011.⁴ On February 6, 2012, the FCC released an Order containing updated policies and rules concerning, in part, the provision of Lifeline eligible telecommunications carrier (“ETC”) services.⁵ Therefore, this Amended Petition has been revised in accordance with that Order.

PlatinumTel seeks ETC designation for Lifeline (i.e., low income support) in the non-rural areas of the following states: Alabama, Connecticut, Delaware, District of Columbia, Florida, New Hampshire, New York, North Carolina, Tennessee and Virginia (collectively, the “Designated Service Area”).

² 47 U.S.C. §214(e)(6).

³ 47 C.F.R. §54.201.

⁴ On November 4, 2011 PlatinumTel filed an Ex Parte letter with the FCC to clarify that it was not seeking Link Up support as part of its Petition.

⁵ *In the Matter of Lifeline and Link Up Reform and Modernization; Lifeline and Link Up; Federal-State Joint Board on Universal Service; Advancing Broadband Availability Through Digital Literacy Training*, Report and Order and Further Notice of Proposed Rulemaking (February 6, 2012) (“*Lifeline and Link Up Reform and Modernization Order*”).

PlatinumTel does not seek, and will not accept, High Cost support in any part of the Designated Service Area.

I. Overview of PlatinumTel

PlatinumTel has been providing prepaid wireless telecommunications services to low income consumers throughout the United States since 2001, making it one of the earliest pioneers in prepaid wireless. In 2009, PlatinumTel was certified as an ETC in Illinois. PlatinumTel operates through a combination of resale throughout its service area as well as facilities that it owns in Illinois. Those facilities, which include routers and a soft switch, allow PlatinumTel to provide its customers international calling and operator services such as 411 and 611.

Through its experience, PlatinumTel recognized that there was growing demand from the customer base for prepaid wireless services as low income consumers, left with fewer choices, were looking to spend their limited telecommunications budgets on wireless services that would afford them mobility and always available service. As a result, PlatinumTel will expand its service offerings in order to serve the growing needs of Lifeline-eligible, low income consumers for a competitive, prepaid wireless service. The company expects to provide service to and receive ETC designation in other states during the next twelve months.

PlatinumTel provides prepaid wireless service to customers from lower income backgrounds that generally do not have wireless service because of economic constraints, poor credit history or an inability to enter into a long-term contract. PlatinumTel does not impose credit checks or long-term service contracts as a prerequisite to obtaining service. Prepaid wireless services have become essential for lower-income customers, providing them with affordable services, access to emergency services, and a reliable means of contact for family members, prospective employers or social services agencies. PlatinumTel will expand access to wireless services by providing affordable wireless plans and quality customer service to consumers who are otherwise unable to afford them and were previously ignored by traditional carriers.

PlatinumTel provides prepaid wireless telecommunications services to consumers by reselling the services of Sprint PCS, which provides wholesale capacity to wireless resellers. Sprint PCS provides PlatinumTel with the network infrastructure and wireless transmission facilities, allowing PlatinumTel to operate as a Mobile Virtual Network Operator (“MVNO”). As an MVNO, PlatinumTel purchases wireless services from the underlying carrier on a wholesale basis for calling, text messaging and broadband and resell those services to customers using its own brand. PlatinumTel operates, manages and markets all aspects of the customer experience, including in-house US based customer service, 411 directory assistance, IT services, pricing, the PlatinumTel website, handset procurement, handset logistics, handset selection, service offerings, entertainment applications and marketing materials. PlatinumTel’s simple and straightforward prepaid pricing, along with its differentiated services offerings and high-quality customer service, sets the standard for the prepaid wireless market. PlatinumTel’s value proposition enables customers to select among an array of flexible service plans that allow them to pay for minutes as they use them or purchase monthly packages of minutes in advance. PlatinumTel currently offers the most affordable as you go wireless program in the United States.

On July 2, 2010, PlatinumTel filed a petition seeking forbearance consistent with prior decisions for similarly situated MVNOs.⁶ As described above, PlatinumTel owns facilities in Illinois, including, but not limited to routers and a soft switch. Those facilities allow PlatinumTel to serve its CMRS customers with international calling as well as directory services such as 411 and 611. On September 20, 2011 the FCC released its Forbearance Order.⁷ On November 8, 2011 PlatinumTel filed its Compliance Plan pursuant to the requirements of the Forbearance Order, a copy of which is attached as Exhibit 1. In response to the *Lifeline and Link Up Reform and Modernization Order*, on April 23, 2012 PlatinumTel filed an Ex Parte letter that provided additional information and/or clarifications to the November 8, 2011 PlatinumTel Compliance Plan with respect to the terms and conditions of the *Lifeline and Link Up*

⁶ *In the Matter of Federal-State Joint Board on Universal Service*, Petition for Forbearance of PlatinumTel Communications, LLC, WC Docket No. 09-197 (July 2, 2010).

⁷ *In the Matter of Telecommunications Carriers Eligible for Universal Service Support; PlatinumTel, LLC Petition for Forbearance; CAL Communications, Inc. Petition for Forbearance; ReCellular, Inc. *MSA Wireless) Petition for Forbearance*, WC Docket 09-197 (Sept. 20, 2011).

Reform and Modernization Order. A copy of PlatinumTel's April 23, 2012 Ex Parte letter is attached as Exhibit 2.

As described below, through its contracts with underlying carriers, PlatinumTel has the ability to offer "Voice Telephony Services" as defined in Section 54.101(a) of the Commission's rules. PlatinumTel respectfully requests that the Commission promptly approve the instant amended request for ETC designation in order to enable PlatinumTel to rapidly provide Lifeline services to qualifying customers in the Designated Service Area.

II. PlatinumTel Meets the Requirements for ETC Designation.

Pursuant to Section 214(e)(1) of the Act, a telecommunications carrier may be designated as an ETC and thereby receive universal service support if the carrier, throughout its service areas: (a) offers the services that are supported by federal universal service support mechanisms under §254(c) of the Act, either using its own facilities or a combination of its own facilities and resale of another carrier's services (including services offered by another ETC); and (b) advertises the availability of and charges for such services using media of general distribution. However, with respect to the 'own facilities' requirement, the FCC issued a 'blanket' forbearance for Lifeline-only ETCs subject to certain conditions:

the Commission will forbear from the "own-facilities" requirement contained in section 214(e)(1)(A) for carriers that are, or seek to become, Lifeline-only ETCs, subject to the following conditions: (1) the carrier must comply with certain 911 requirements, as explained below; and (2) the carrier must file, and the Bureau must approve, a compliance plan providing specific information regarding the carrier's service offerings and outlining the measures the carrier will take to implement the obligations contained in this Order as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary.⁸

Section 54.201(b) of the FCC's Rules states that the Commission shall, on its own motion or upon request, designate a common carrier an ETC so long as the carrier meets the requirements of Section 54.201(d), which restates the requirements found in Section 214(e)(1) of the Act. Section 214(e)(2) of the Act and Section 54.201(c) of the FCC's Rules state that the Commission may, in the case of an area

⁸ *Lifeline and Link Up Reform and Modernization Order* at ¶368.

serviced by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an ETC for a service area the Commission designates, provided each additional requesting carrier satisfies Section 214(e)(1) of the Act and Section 54.201(d) of the FCC's Rules. Before designating an additional ETC for an area serviced by a rural telephone company, the Commission shall find that such designation is in the public interest.

A. The Relevant State Public Utility Commissions have Asserted that they Lack Jurisdiction.

Each state subject to this Petition has asserted that it lacks jurisdiction over the wireless services that PlatinumTel seeks to provision as an Eligible Telecommunications Carrier. PlatinumTel therefore seeks ETC designation from this Commission pursuant to Section 214(e)(6).⁹ Exhibit 3, attached to this Amended Petition, contains relevant orders and/or examples of letters from those state commissions asserting to a lack of jurisdiction over wireless services.

B. PlatinumTel is a Common Carrier.

PlatinumTel seeks to serve consumers in the Designated Service Area through Commercial Mobile Radio Service ("CMRS"). Pursuant to 47 U.S.C. §332(c)(1)(A) of the Act, an entity providing CMRS is a common carrier.

C. PlatinumTel Provides the Core Services Required to Qualify for Universal Service Support.

Since the filing of PlatinumTel's original ETC Petition, the Commission revised 47 C.F.R. § 54.101(a) with respect to supported services:

Services designated for support. Voice telephony services shall be supported by federal universal support mechanisms. Eligible voice telephony service must provide voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible telecommunications carrier's service area has implemented 911 or enhanced 911 systems; and toll limitation for qualifying low income consumers (as described in subpart E of this part).¹⁰

As described below, PlatinumTel complies with revised Section 54.101(a) of the FCC's rules.

⁹ 47 U.S.C. §214(e)(6).

¹⁰ *Connect America Fund, et al.*, Order on Reconsideration, Docket Nos. WC 10-90, *et al.* (December 23, 2011) ("*USF/ICC Order on Reconsideration*").

Voice Grade Access to the Public Switched Network

“Voice grade access” is defined as a functionality that enables a user of telecommunications services to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indicating there is an incoming call. For the purposes of this part, bandwidth for voice grade access should be, at a minimum, 300 to 3,000 Hertz. PlatinumTel provides voice grade access to the public switched telephone network (“PSTN”) through its provision of resold CMRS. Bandwidth for this voice-grade access is at a minimum between 300 and 3,000 MHz, as required by the Commission’s rules.

Minutes of Use for Local Service

PlatinumTel offers a variety of rate plans that provide its customers with local usage on a per minute or per month rate. PlatinumTel further commits to complying with any future minimum local usage requirements adopted by the FCC. PlatinumTel’s Plans are further described in Section II.E, below.

Access to Emergency Services

"Access to emergency services" includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations. 911 is defined as a service that permits a telecommunications user, by dialing the three-digit code "911" to call emergency services through a Public Service Access Point (PSAP) operated by the local government. "Enhanced 911" is defined as 911 service that includes the ability to provide automatic numbering information (ANI), which enables the PSAP to call back if the call is disconnected, and automatic location information (ALI), which permits emergency service providers to identify the geographic location of the calling party. "Access to emergency services" includes access to 911 and enhanced 911 services to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems.

PlatinumTel provides access to both 911 and E911 services to the extent local governments have implemented such services. PlatinumTel will provide access to 911 service and meet all requests for access to E911 service through local public service answering points (“PSAPs”), including forward

automatic numbering (“ANI”) and automatic location information (“ALI”) to PSAPs as appropriate. Additionally, PlatinumTel provides E-911 compliant handsets to its Lifeline subscribers and will replace non-compliant handsets to Lifeline subscribers at no additional charge.

Toll Limitation

PlatinumTel meets this requirement by offering service on a prepaid basis, as well as toll control for international calls. PlatinumTel’s nationwide calling plans do not distinguish between local or toll services for domestic calls. As the FCC found in *In Re Virgin Mobile USA, L.P. Petition for Forbearance from 47 U.S.C. §214(e)(1)(A)*, Order, 24 FCC Rcd. 3381, 3394 at ¶34 (March 5, 2009), “the prepaid nature of [a prepaid wireless carrier’s] service offering works as an effective toll control.” Additionally, PlatinumTel will provide traditional toll control for international calls to qualifying low income consumers at no additional charge. Finally, PlatinumTel customers have the ability to monitor their minute usage and balances from their handset, on-line, and/or customer pre-set alerts as an additional means of monitoring their expenditures.

D. PlatinumTel Will Comply with Advertising Rules and Requirements.

PlatinumTel will broadly advertise the availability of and rates using media of general distribution as required by Section 54.201(d)(2) of the Commission’s rules.¹¹ PlatinumTel will advertise the general availability of, and charges for, the supported services listed above to all telecommunications customers in the Designated Service Areas.¹² PlatinumTel will place those advertisements in a media of general distribution that specifically targets low-income customers including newspapers, mail advertisements, radio, television, direct mail, and community outreach organizations.

Pursuant to the *Lifeline and Link Up Reform and Modernization Order*, Section 54.405 of the Commission’s rules was revised with respect to certain advertising requirements. Specifically,

¹¹ 47 C.F.R. §54.201(d)(2).

¹² See, for example, Exhibit C-1 to PlatinumTel’s April 23, 2012 Ex Parte Letter, a Care Wireless Brochure for its lifeline offering in Illinois. Care Wireless is a service offered by PlatinumTel.

PlatinumTel commits to publicize the availability of Lifeline service in a manner reasonably designed to reach those customers who are likely to qualify for the service.¹³ Additionally, PlatinumTel will indicate on all print, audio, video, and web materials used to describe or enroll in its Lifeline service program that (i) it is a Lifeline service; (ii) that Lifeline is a government assistance program; (iii) that the service is non-transferable; (iv) that only eligible consumers may enroll in the program; and (v) that the program is limited to one discount per household.¹⁴ Finally, PlatinumTel commits to disclose the name of its ETC carrier (i.e., Care Wireless) on all materials describing the service.¹⁵

E. PlatinumTel will Comply with §54.202 of the FCC’s Rules.

Section 54.202 of the FCC’s rules contains additional requirements for Federal Communications Commission designation of eligible telecommunications carriers.

PlatinumTel Certification of Compliance with Lifeline Service Requirements

Pursuant to §54.202(a)(1)(i) PlatinumTel certifies that it will comply with the service requirements applicable to the support it receives. Because PlatinumTel seeks only low-income support, as opposed to high-cost funding to support the construction of network facilities, it is not submitting a network improvement plan under 47 C.F.R. §54.202(a)(1)(ii).

PlatinumTel will Remain Functional in Emergencies.

PlatinumTel commits to remaining functional in emergency situations.¹⁶ As described above, as an MVNO, PlatinumTel has sought forbearance from enforcement of the facilities requirement to permit its designation as an ETC. Through its contracts with underlying carriers, PlatinumTel has the ability to offer all of the services and functionalities supported by the USF and set forth in Section 54.101(a) of the Commission’s rules. With respect to resold services provided by underlying carriers, those carriers are large, national carriers that are subject to regulatory requirements to remain functional in emergencies.

¹³ 47 C.F.R. §54.405(b).

¹⁴ Id. at 47 C.F.R. §54.405(c).

¹⁵ Id. at 47 C.F.R. §54.405(d).

¹⁶ See 47 C.F.R §54.202(a)(2).

PlatinumTel will provide its low income customers with 911 and E911 access where appropriate, regardless of the customer's activation status and availability of prepaid minutes. PlatinumTel will provide E911-compliant handsets to all its low income customers, including replacing any handsets found to be non-compliant.

PlatinumTel will Satisfy Applicable Consumer Protection and Service Quality Standards.

Pursuant to 47 CFR §54.202(a)(3), an ETC applicant must demonstrate that it will satisfy applicable consumer protection and service quality standards. PlatinumTel will comply with all applicable state and federal consumer protection and service quality standards in its Designated Service Area, as well as the CTIA Consumer Code for Wireless Service.

PlatinumTel has the Financial and Technical Ability to Provide Lifeline Supported Services.

Paragraph 388 of the *Lifeline and Link Up Reform and Modernization Order* updated the Commission's rules to ensure that Lifeline-only ETCs have the financial and technical ability to offer Lifeline-supported services.¹⁷ PlatinumTel's officers have extensive experience in the telecommunications industry. PlatinumTel's services include voice calling, text messaging, internet access, and broadband. PlatinumTel is certified to provide wireline and wireless telecommunications services in Illinois. The Company has been providing prepaid wireless services in Illinois since 2001. Additionally, PlatinumTel began providing wireless lifeline services in Illinois in March 2011. PlatinumTel has a strong IT team devoted to the development of unique business services and over the years has maintained a robust and profitable telecommunications operations. The success of PlatinumTel's business is due in large part to the continuity of its highly qualified management team with over 50 years of combined relevant experience. PlatinumTel is one of the oldest and largest prepaid wireless companies in the United States. The company is based in Justice, Illinois and has provided prepaid wireless services since 2001.

¹⁷ See also Id. at §54.202(a)(4).

The company serves primarily residential consumers, most of who reside in urban and inner-city areas. Many of these consumers do not have bank accounts and have limited available funds to purchase communications services. In Illinois, PlatinumTel uses a combination of its own network facilities as well as reselling the services of Sprint PCS.

Description of PlatinumTel’s Service Offerings.

PlatinumTel will offer the following three plans¹⁸:

250 Free Minutes: This plan includes 250 free minutes added on the first day of the month. Unused minutes expire on the first day of the month when the account is replenished with the next month’s 250 free minutes. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message

150 Free Voice Minutes and 50 Free Text Messages: This plan includes 150 free voice minutes and 50 free text messages added on the first day of the month. Unused minutes and text messages carry over to the next month. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message.

500 Talk and Text Credit: Subscribers can purchase the 500 voice minutes and 500 text message monthly bundle for \$10. This plan normally costs \$20.

All plans include at no extra charge a free 911-compliant handset and “anytime” nationwide minutes that can be used for domestic calls, including local or intrastate/interstate long distance calls.

Designating PlatinumTel as an ETC is in the Public Interest.

Designation of PlatinumTel as an ETC will serve the overall public interest, and will particularly benefit low income customers in the Designated Service Area.¹⁹ The primary purpose of universal service is to ensure that consumers - especially low income consumers - receive affordable telecommunications services that are comparable to those enjoyed by other consumers. PlatinumTel offers voice service at affordable rates to economically disadvantaged customers who desire affordable

¹⁸ See Id. at §54.202(a)(5).

¹⁹ See Id. at §54.202(b).

wireless services. PlatinumTel plays a critical role in the marketplace by ensuring that Americans who cannot qualify for or afford other carriers' services can still enjoy the benefits of wireless telecommunications. Through this Petition, PlatinumTel seeks to make it easier for low income consumers located within the Designated Service Area to access wireless service, along with features and functions, including voice mail and text messaging.

Granting PlatinumTel ETC status for low income support related to its wireless offerings will promote additional deployment of PlatinumTel's offerings to the Designated Service Area. PlatinumTel offers quality service at affordable prices, and adds another choice of provider for customers in the Designated Service Area. The inclusion of unlimited domestic toll calling as a part of PlatinumTel's wireless offering will allow consumers to avoid the risk of becoming burdened with large and unexpected charges for the toll calling and unexpected overage charges.

Additionally, ETC status will allow PlatinumTel to offer service to many low income customers who may not have service but for the Company. ETC status will allow low-income customers access to quality telecommunications service in the Designated Service Area. Because PlatinumTel's service is provided with no credit check, deposit requirement, minimum service periods, or early termination fees, the service will be an attractive and affordable alternative to qualified low-income consumers without regard to age, residency or creditworthiness. The wireless service offered by PlatinumTel will provide consumers with a convenient and affordable alternative to traditional telecommunications service that can be used on a mobile basis. Finally, wireless services have become essential for lower-income citizens, providing convenient, mobile, access to the telephone network, including emergency services. Providing PlatinumTel with the authority necessary to offer discounted Lifeline services to those consumers located in the Designated Service Area most in danger of losing wireless service altogether promotes the primary purpose of universal service and the overall public interest.

III. Subscriber Eligibility, Initial Certification and Annual Verification

The *Lifeline and Link Up Reform and Modernization Order* confirmed that the Commission will transition to a governmental database in order to confirm the initial and continued eligibility of a lifeline customer. The Order stated:

As explained above, we conclude that establishing a fully automated means for verifying consumers' initial and ongoing Lifeline eligibility from governmental data sources would both improve the accuracy of eligibility determinations and ensure that only eligible consumers receive Lifeline benefits, and reduce burdens on consumers as well as ETCs. . . . We therefore direct the Bureau and USAC to take all necessary actions so that, as soon as possible and no later than the end of 2013, there will be an automated means to determine Lifeline eligibility for, at a minimum, the three most common programs through which consumers qualify for Lifeline.²⁰

However, until the database is operational, PlatinumTel will continue to abide by its established enrollment procedures. In its Compliance Plan at pages 6-9 and in its Ex Parte Letter at pages 3-4, PlatinumTel described the enrollment process it has implemented in order to confirm a customer's eligibility for Lifeline assistance. PlatinumTel will accept electronic signatures that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 USC 7001-7006, and any applicable state laws.²¹ Pursuant to the *Lifeline and Link Up Reform and Modernization Order*, PlatinumTel will not retain copies of proof documentation, but rather will maintain accurate records detailing how the consumer demonstrated his or her eligibility.²²

Upon enrollment, PlatinumTel will inform consumers about the annual re-certification requirement on the certification form.²³ Applicants will also be required to initial a number of disclosure statements intended to ensure that the applicant understands applicable eligibility requirements—including a statement to the effect that to the best of his or her knowledge, the applicant is not receiving Lifeline-supported service from any other Lifeline provider. Penalties for perjury will be clearly-stated

²⁰ *Lifeline and Link Up Reform and Modernization Order* at ¶403.

²¹ *Id.* at ¶168.

²² *Id.* at ¶101.

²³ See *Id.* at ¶145.

on the certification form. The certification form will also contain language stating that violation of the one-per-household requirement constitutes a violation of the Commission's rules and will result in the consumer's de-enrollment from the program, and could result in criminal prosecution by the United States government.²⁴

In accordance with the *Lifeline and Link Up Reform and Modernization Order*, PlatinumTel will obtain the consumer's residential address, which the consumer must indicate is his or her permanent address, and a billing address for the service (if the consumer's billing address differs from his or her residential address).²⁵ A consumer who lacks a permanent residential address must provide a temporary residential service address or other address identifying information that could be used to perform a check for duplicative support. For applicants that use a temporary address, PlatinumTel will attempt to verify every 90 days that the subscriber continues to rely on that address. If the applicant does not respond to address verification attempts within 30 days, the subscriber may be de-enrolled from Lifeline service.²⁶ The application form will also clearly state that Lifeline participants must provide their new address to the Company within 30 days of moving.²⁷ PlatinumTel further agrees to comply with all other updated Commission enrollment rules.²⁸

The *Lifeline and Link Up Reform and Modernization Order* described the initial and annual verification procedures at paragraphs 120-148 and in Appendix C. PlatinumTel will require every consumer enrolled in the Lifeline program to verify on an annual basis that he or she receives Lifeline-supported service only from PlatinumTel and, to the best of his or her knowledge, no one else in the

²⁴ Id. at ¶121.

²⁵ Id. at ¶85.

²⁶ Id. at Appendix C.

²⁷ Id. at ¶¶85, 117.

²⁸ See *Lifeline and Link Up Reform and Modernization Order* at ¶60 and Appendix C.

subscriber's household is receiving a Lifeline-supported service.²⁹ Any customer that is found to not comply with the rules or that fails to respond to the annual recertification process will be de-enrolled.³⁰

At pages 9-10 of the PlatinumTel Compliance Plan and at pages 5-7 of its Ex Parte Letter, PlatinumTel described its annual verification procedures that require every consumer enrolled in the PlatinumTel Lifeline program to verify on an annual basis that they are the head of their household and only receive Lifeline service from PlatinumTel. As further described in the PlatinumTel Compliance Plan, such verifications will be required in order for the consumer to continue to receive free Lifeline service or to purchase prepaid airtime from PlatinumTel at the discounted rate only available to those customers who are enrolled in its Lifeline program. A copy of PlatinumTel's Annual Verification Form was attached as Exhibit A to PlatinumTel's April 23, 2012 Ex Parte Letter.

Pursuant to the new rules, PlatinumTel will re-certify the eligibility of its Lifeline subscriber base as of June 1, 2012 by the end of 2012 and report the results to USAC by January 31, 2013.³¹ Where ongoing eligibility cannot be determined through access to a qualifying database either by the Company or the state, and there is no state administrator verifying the continued eligibility of Lifeline subscribers, the Company will re-certify the continued eligibility of all of its subscribers by contacting them, either in person, in writing, by phone (e.g., via IVR (Interactive Voice Response) System), by text message, by email, or otherwise through the Internet—to confirm their continued eligibility.³² In states where a state agency or a third party has implemented a database that carriers may query to re-certify the consumer's continued eligibility, the Company (or state agency or third-party, where applicable) will instead query the database and maintain a record of what specific data was used to re-certify eligibility and the date of re-certification.³³ The notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact PlatinumTel. PlatinumTel will provide

²⁹ *Lifeline and Link Up Reform and Modernization Order* at ¶120.

³⁰ *Id.* at ¶122.

³¹ *Id.* at Appendix C.

³² *See Id.*

³³ *Id.* at ¶131.

written notice of impending service termination to subscribers who do not respond to the annual recertification within 30 days. Anyone who does not respond to the impending termination letter within 30 days to demonstrate that his or her Lifeline service should not be terminated will be de-enrolled from the Company's Lifeline program.³⁴

IV. De-Enrollment

PlatinumTel will comply with the FCC's rules for de-enrollment.³⁵ Pursuant to the FCC's rules PlatinumTel will de-enroll a Lifeline customer if it has a reasonable basis to believe that the subscriber no longer qualifies for the Lifeline program.³⁶ In such a case PlatinumTel will inform its subscriber in writing separate from the subscriber's monthly bill, if one is provided, and in clear, easily understood language.³⁷ PlatinumTel will allow a subscriber 30 days following the date of the impending termination letter to demonstrate continued eligibility, and will terminate any subscriber who fails to demonstrate continued eligibility within the 30-day time period.³⁸

PlatinumTel will de-enroll a subscriber for duplicative support.³⁹ PlatinumTel will de-enroll a subscriber within five business days of determining that a subscriber is either receiving Lifeline service from another ETC or more than one member of a subscriber's household is receiving Lifeline service.⁴⁰

PlatinumTel will de-enroll a subscriber for non-usage.⁴¹ If PlatinumTel determines that a subscriber has not used its Lifeline service for 60 consecutive days, it will notify that subscriber and provide 30-days notice that the subscriber's failure to use the Lifeline service within the 30-day notice period will result in service termination for non-usage. If the subscriber uses the Lifeline service within 30 days of the notice, PlatinumTel will not terminate the subscriber's Lifeline service.⁴²

³⁸ Id.

³⁹ See Id. at §54.405(e)(2).

⁴⁰ Id.

⁴¹ See Id. at §54.405(e)(3).

⁴² Id.

PlatinumTel will de-enroll a subscriber for failure to re-certify.⁴³ A Lifeline subscriber who does not respond to PlatinumTel's attempts to obtain re-certification of the subscriber's continued eligibility as required by § 54.410(f) or who fails to provide the annual one-per-household re-certifications as required by § 54.410(f) or who relies on a temporary address and fails to respond to the carrier's address re-certification attempts pursuant to § 54.410(g) will be notified in writing that failure to respond to the re-certification request within 30 days of the date of the request will trigger de-enrollment.⁴⁴ If a subscriber does not respond to PlatinumTel's notice of impending de-enrollment, it will de-enroll the subscriber from Lifeline within five business days after the expiration of the subscriber's time to respond to the re-certification efforts.

V. Anti-Drug Abuse Certification

PlatinumTel certifies that no party to this Petition is subject to denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

VI. Conclusion

As discussed above, designation of PlatinumTel as an ETC in the Designated Service Area accords with the requirements of Section 214(e)(6) of the Act and is in the public interest. For all of the foregoing reasons, PlatinumTel respectfully requests that the Commission designate PlatinumTel as an ETC in each of the states comprising the Designated Service Area.

Respectfully submitted,

PlatinumTel Communications LLC Petition)
for Forbearance from 47 U.S.C. § 214(e)(1)(A))

PLATINUMTEL COMMUNICATIONS LLC'S COMPLIANCE PLAN

PlatinumTel Communications, LLC (“PlatinumTel” or “Company”), by its attorney, hereby files its plan outlining the measures it will take to implement the conditions imposed by the Federal Communications Commission (“Commission”) in its recent Order, released September 23, 2011, in the above-captioned matter.¹ Given the severe economic environment that is forcing many lower income customers to forego wireless service, PlatinumTel respectfully requests expeditious approval of this plan.

¹ *In the Matter of PlatinumTel LLC Petition for Forbearance*, Order, FCC 11-139, (released September 23, 2011) (“Order”).

BACKGROUND

The Commission's *Order* conditionally granted PlatinumTel's request for forbearance from the Section 214(e)(1)(A) requirement that a carrier designated as an ETC for purposes of federal universal service support provide services, at least in part, over its own facilities, stating PlatinumTel may seek ETC designation to offer discounted services to qualified low-income consumers through the universal service Lifeline program.²

The Commission's grant of forbearance is subject to the following conditions: (a) PlatinumTel providing its Lifeline customers with 911 and Enhanced 911 (E911) access regardless of activation status and availability of prepaid minutes; (b) PlatinumTel providing its Lifeline customers with E911-compliant handsets and replacing, at no additional charge to the customer, noncompliant handsets of existing customers who obtain Lifeline-supported service; (c) PlatinumTel complying with conditions (a) and (b) as of the date it provides Lifeline service; and (d) PlatinumTel obtaining a certification from each PSAP where the carrier seeks to provide Lifeline service confirming that the carrier provides its customers with 911 and E911 access or self-certifying that it does so if certain conditions are met; (e) PlatinumTel requiring each customer to self-certify under penalty of perjury at the time of enrollment and annually thereafter until a national duplicates database is in place that he or she is the head of household and receives Lifeline-supported service only from PlatinumTel and does not receive Lifeline-supported service from any other provider; (f) PlatinumTel requiring each eligible Lifeline consumer at the time of enrollment to initial on the certification form that to the best of his or her knowledge he or she is not receiving Lifeline service from any other Lifeline provider and listing

²*Order* at ¶ 1.

as examples the brand names of at least the leading wireline and leading two wireless Lifeline providers in the area to ensure the customer understands what is meant by Lifeline-supported service; (g) PlatinumTel making available state-specific subscriber data, including name and address of Lifeline subscribers, to USAC and each state PUC where it operates to determine whether an existing Lifeline subscriber receives Lifeline service from another carrier; (h) assisting the Commission, USAC, state commissions and other ETCs in resolving instances of duplicative enrollment by Lifeline subscribers, including providing upon request, the necessary information to detect and resolve duplicative Lifeline claims; (i) PlatinumTel establishing safeguards to prevent its customers from receiving multiple Lifeline subsidies at the same address and preventing individual subscribers from receiving more than one Lifeline discount; (j) PlatinumTel implementing a non-usage policy, if applicable, in states where PlatinumTel provides service at no monthly charge, requiring PlatinumTel to identify subscribers that have not used Lifeline service for 60 days and not seek support for such subscribers if they do not use the Lifeline service during a 30 day grace period; (k) PlatinumTel dealing directly with the customer to certify and verify the customer's Lifeline eligibility; (l) PlatinumTel explaining in prominent, plain, easily comprehensible language to all new and potential subscribers that no consumer is permitted to receive more than one Lifeline subsidy; (m) PlatinumTel ensuring that all marketing materials for the service make clear that it is a Lifeline-supported service; (n) PlatinumTel immediately de-enrolling any subscriber who PlatinumTel knows is receiving Lifeline-supported service from another ETC or knows is no longer eligible; and (o) PlatinumTel providing a detailed description of its various Lifeline plans, including rates, number of minutes included and types of plans available.³ The Commission required PlatinumTel to submit a plan

³ See Order at ¶¶ 11, 17.

describing the measures it would take to implement each one of these conditions within 30 days of the release of the Order.⁴

COMPLIANCE PLAN

PlatinumTel would like to applaud the efforts of the Commission in working diligently to create a national communications system that reaches all Americans, and supports the safety and welfare of all, including Lifeline customers. PlatinumTel commits to conform to conditions that the Commission has set forth in the Order, the requirements described in this Compliance Plan, any and all laws and regulations that govern the Lifeline-supported prepaid wireless service to customers throughout the United States and in addition take the steps set forth herein.

I. Access to 911 and E911 Services

PlatinumTel will provide all of its Lifeline subscribers with access to emergency calling services at the time the Lifeline service is initiated. Such 911 and E911 access will be available from PlatinumTel handsets regardless of the status of the subscriber account or the airtime balance associated with the handset. The Company's current practice provides access to 911 and E911 service to the extent that these services have been deployed by its underlying carrier, Sprint Nextel Corporation ("Sprint"). Under current practice, access to such emergency services is still made available to subscribers whether their account is active, suspended, terminated, or has reached the minimum required airtime balance.

PlatinumTel will obtain certification from each public safety answering point (PSAP) where PlatinumTel seeks to provide Lifeline service confirming that 911 and E911 access is

⁴ See Order at ¶¶ 17. On September 23, 2011 PlatinumTel filed in Docket 09-197 a request for extension of time to file this Compliance Plan by November 8, 2011.

provided to its subscribers. The Company will implement certain measures to ensure 911 and E911 access is available, prior to deploying service in a given area, and confirm that its underlying carrier has deployed E911 services in a specific PSAP territory. PlatinumTel will then request certification from each PSAP where it provides Lifeline service confirming that its subscribers are provided 911 and E911 access. If within 90 days of receiving the Company's request, a PSAP has neither provided such certification nor made an affirmative finding that the Company does not provide its subscribers with 911 and E911 access within a specific service area, PlatinumTel will self-certify that it provides access to 911 and E911 services.

II. E911-Compliant Handsets

PlatinumTel will ensure that all handsets shipped to Lifeline service subscribers will be E911-compliant. The Company's current lineup of mobile devices are all 911 and E911-Compliant. In the event that an existing subscriber has a noncompliant handset, the Company will immediately replace such device with an E911-Compliant handset at no additional charge to the subscriber.

III. Certification of Lifeline Customers' Eligibility

A. Policy

PlatinumTel will comply with all certification and verification requirements for Lifeline eligibility established by states where it is designated as an ETC. In states where there are no state imposed requirements, PlatinumTel will comply with the certification and verification procedures in effect in that state as reflected on the website of the Universal Service Administration Company. For any states which do not mandate Lifeline support and/or which do not have established rules of procedure in place, PlatinumTel will certify at the outset and will

verify annually consumers' Lifeline eligibility in accordance with the Commission's requirements.

B. Certification Procedures

PlatinumTel will implement certification procedures that enable consumers to demonstrate their eligibility for Lifeline assistance by contacting PlatinumTel in person or via telephone, facsimile, or the Internet. Consumers will be provided with printed information describing PlatinumTel's Lifeline program, including eligibility requirements, and with instructions for enrolling. Consumers will be signed up in person or directed, via company literature, collateral or advertising, to a toll-free telephone number and to PlatinumTel's website, which will contain a link to information regarding the Company's Lifeline service plan, including a detailed description of the program and state-specific eligibility criteria.

PlatinumTel's application form for its Care Wireless service will identify that it is a "Lifeline" application. PlatinumTel will have direct contact with all customers applying for Lifeline service, either in person through its employees or authorized locations, via the company's website, via the telephone (including facsimile) or mail. PlatinumTel will provide Lifeline-specific training to all personnel, whether employees or authorized locations, that interact with actual or prospective consumers with respect to obtaining, changing or terminating its Lifeline services.

The Company will accept electronic signatures that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 USC 7001-7006, and any applicable laws. Processing of consumers' applications, including review of all application forms and relevant documentation will be performed under PlatinumTel's supervision by managers experienced in the administration of the Lifeline program.

PlatinumTel will ensure that all required documentation is taken care of properly by using state-specific compliance checklists. For states with program-based eligibility criteria, the form will list each of the qualifying programs, and the applicant will be required to identify the program(s) in which they participate. For states with income-based eligibility criteria, the applicant will be required to certify under penalty of perjury that their household income does not exceed the relevant threshold (e.g., 135% of the Federal Poverty Guidelines for federal default states) and will be required to provide proof of income-based eligibility. Notwithstanding the foregoing with respect to program or income eligibility, for states that require PlatinumTel to enroll subscribers identified by the state or as eligible in a state database, PlatinumTel may continue to rely on the state identification or database. In addition, the Lifeline application form will include a certification section where the applicant must attest and sign under penalty of perjury that the applicant's representations are true and correct. Applicants will also be required to certify under penalty of perjury that they are head of their household and receive Lifeline-supported service only from PlatinumTel. Penalties for perjury will be clearly-stated on the certification form, as required by the Order. PlatinumTel will use substantially the following form of its certification, printed in at least 10 point font.

BY SIGNING BELOW, I CERTIFY UNDER PENALTY OF PERJURY THAT THE INFORMATION CONTAINED WITHIN THIS APPLICATION IS TRUE AND CORRECT AND THAT I AM HEAD OF MY HOUSEHOLD. I ALSO ACKNOWLEDGE THAT PROVIDING FALSE OR FRAUDULENT DOCUMENTATION IN ORDER TO RECEIVE ASSISTANCE IS PUNISHABLE BY LAW AND THE PENALTIES OF PERJURY INCLUDE MONETARY FINES AND POTENTIAL IMPRISONMENT.

Initial
Here

I UNDERSTAND THAT COMPLETION OF THIS APPLICATION DOES NOT CONSTITUTE IMMEDIATE APPROVAL FOR CARE WIRELESS SERVICE. I AUTHORIZE CARE WIRELESS OR ITS DULY APPOINTED REPRESENTATIVE TO ACCESS ANY

Initial
Here

RECORDS (INCLUDING FINANCIAL RECORDS) REQUIRED TO VERIFY MY STATEMENTS HEREIN AND TO CONFIRM MY ELIGIBILITY FOR CARE WIRELESS SERVICE. I AUTHORIZE SOCIAL SERVICE AGENCY REPRESENTATIVES TO DISCUSS WITH AND/OR PROVIDE INFORMATION TO CARE WIRELESS VERIFYING MY PARTICIPATION IN PUBLIC ASSISTANCE PROGRAMS THAT QUALIFY ME FOR CARE WIRELESS SERVICE. I ALSO AUTHORIZE CARE WIRELESS TO RELEASE ANY RECORDS (INCLUDING FINANCIAL RECORDS) REQUIRED FOR THE ADMINISTRATION OF CARE WIRELESS SERVICE.

I UNDERSTAND THAT I MAY BE REQUIRED TO VERIFY MY CONTINUED ELIGIBILITY FOR CARE WIRELESS SERVICE AT ANY TIME. FAILURE TO VERIFY ELIGIBILITY WILL RESULT IN TERMINATION OF CARE WIRELESS SERVICE. IN THE FUTURE, IF I AM NO LONGER ELIGIBLE TO RECEIVE BENEFITS FROM AT LEAST ONE OF THE QUALIFYING PUBLIC ASSISTANCE PROGRAMS LISTED ABOVE, I WILL NOTIFY CARE WIRELESS WITHIN FIVE (5) DAYS.

Initial
Here

I UNDERSTAND THAT LIFELINE ASSISTANCE IS ONLY AVAILABLE FOR ONE LANDLINE OR WIRELESS PHONE LINE PER HOUSEHOLD (*list of examples of leading wireline and wireless Lifeline providers' brand names in the area*). IF I CURRENTLY HAVE A LIFELINE PLAN WITH A DIFFERENT PHONE SERVICE PROVIDER, I WILL NOTIFY AND CANCEL MY CURRENT LIFELINE/LINK UP SERVICE WHEN I AM APPROVED FOR CARE WIRELESS SERVICE.

Initial
Here

Applicant's Signature: _____ Date: _____

Certification is good for up to one (1) year from the date of signing. This certification must be updated annually to avoid program termination.

Finally, the application forms will require each applicant to provide their name and primary residential address, primary telephone number (if any), and email address (if any). PlatinumTel will incorporate this information into its customer information database. Prior to initiating service for a customer, the Company will check the address of each Lifeline applicant against its database to determine whether or not it is associated with a customer that already

receives PlatinumTel Lifeline service, and will then review the application to ascertain whether the applicant is attempting to receive Lifeline-supported service for more than one handset associated with the address. PlatinumTel will deny the Lifeline application of any such individual and advise the applicant of the basis for the denial. To guarantee accuracy in storing primary addresses associated with customers receiving Lifeline service, PlatinumTel will record in its information database the original address as provided by the subscriber, and the sanitized address as recognized by the United States Postal Service. In addition, prior to requesting a subsidy, PlatinumTel will process and validate PlatinumTel's subsidy data to prevent: (1) Duplicate Same-Month Lifeline Subsidies ("Double Dip," i.e., any household that is already receiving a Lifeline subsidy from PlatinumTel will be automatically prevented from receiving a second lifeline subsidy in that same month); and (2) Inactive lines receiving subsidy (i.e., systems compare all subsidy requests to underlying network status to ensure that subsidies are requested only for active lines). PlatinumTel shares the Commission's concern about abuse of the Lifeline program and is thus committed to the safeguards stated herein, with the belief that the procedures it will implement will prevent PlatinumTel customers from engaging in such abuse of the program, inadvertently or intentionally.

C. Annual Verification Procedures

As required by the Commission's Order, PlatinumTel will require every consumer enrolled in the Lifeline program to verify on an annual basis that they are the head of their household and only receive Lifeline service from PlatinumTel. PlatinumTel will notify each participating Lifeline consumer prior to their service anniversary date that they must confirm their continued eligibility in accordance with the applicable requirements. This notification will be mailed via the U.S. Postal Service to the address the subscriber has on record with

PlatinumTel. PlatinumTel will also notify customers in advance of their anniversary date via a free text message. The mailed notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact PlatinumTel to complete verification. Customers will have 60 days to complete the form, certify under penalty of perjury that they are the head of household and receive Lifeline service only from PlatinumTel, and return the form to PlatinumTel by mail. Anyone who does not respond to the mailing and certify their continued eligibility will be removed from the Lifeline program.

Currently, customers will be required to complete the verification process by mail; however, PlatinumTel may offer additional options, such as web-based methods, in the future. Such verification will be required in order for the consumer to continue to receive free Lifeline service or to purchase prepaid airtime from PlatinumTel at the discounted rate only available to those customers who are enrolled in its Lifeline program.

IV. Additional Measures to Prevent Waste, Fraud, and Abuse

A. Non-usage Policy

PlatinumTel will implement a non-usage policy whereby we will identify Lifeline customers that have not used the Company's Lifeline service for 60 days, and cease to claim Lifeline reimbursements for such customers if they do not use their service within a 30-day grace period following the initial 60-day non-usage period. Specifically, if no usage appears on a PlatinumTel Lifeline customer's account during any continuous 60-day period, PlatinumTel will promptly notify the customer that the customer is no longer eligible for PlatinumTel Lifeline service subject to a 30-day grace period. During the 30-day grace period, the customer's account will remain active, but PlatinumTel will engage in outreach efforts to determine whether the customer desires to remain on the Company's Lifeline service. If the customer's account does

not show any customer-specific activity during the grace period (such as making or receiving a voice call, sending a text message and/or adding money to the account), PlatinumTel will deactivate Lifeline services for that customer. In addition, PlatinumTel will not seek to recover a Federal Universal Service Fund subsidy for the minutes provided to the customer during the grace period or thereafter report that customer on its USAC Form 497 unless the customer reinitiates service.

B. Customer Education with Respect to Duplicates

To supplement its verification and certification procedures, and to better ensure that customers understand the Lifeline service restrictions with respect to duplicates, PlatinumTel will implement measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household. These measures entail additional emphasis in written disclosures as well as live due diligence.

- a) Call Center Scripts – PlatinumTel will emphasize the “one Lifeline phone per household” restriction through its interaction with the potential customer at the call center. (see Exhibit B)
- b) Marketing, Advertising and Website Content – PlatinumTel, in its marketing materials, will reinforce the limitation of one Lifeline phone per household. The following statement will appear in conspicuous place in bold font in an offsetting color, minimum 10 point font, to ensure it is not overlooked. (see Exhibit C)

Note: By law, the Lifeline program is only available for one phone per household.

This statement will also appear on the company's website (www.carewireless.com) during the customer information/education cycle. At the point on its website when a customer inputs his/her zip code to verify that Care Wireless/PlatinumTel offers service in their area, PlatinumTel would display the above message in the section where the website explains the service.

C. Cooperation with state and federal regulators

PlatinumTel has and will continue to cooperate with federal and state regulators to prevent waste, fraud and abuse, including:

- Providing state commissions (PUC), the FCC or USAC upon request with data that will enable that state, the FCC or USAC to determine whether some consumers are enrolled in more than one Lifeline program. Specifically, PlatinumTel agrees to make available state-specific customer data, including name and address, upon request to each state PUC where it operates, the FCC or USAC for the purpose of permitting the PUC, FCC or USAC to determine whether an existing Lifeline customer receives Lifeline service from another carrier, and will participate in such a duplicate resolution process, provided that costs for participation are reasonable or defrayed through the universal service contribution mechanisms;
- Promptly investigate any notification that it receives from a state PUC, the FCC or USAC that one of its customers already receives Lifeline service from another carrier;
- Immediately deactivate a customer's Lifeline service and no longer report that customer on USAC Form 497 if PlatinumTel's investigation, a state, the FCC or USAC concludes that the customer receives Lifeline services from another carrier in violation of the

Commission's regulations and that PlatinumTel's Lifeline service should be discontinued such as a de-enrollment notification pursuant to the FCC's June 17, 2011 Report and Order (Section III, B.).

V. Rate Plans

PlatinumTel offers Lifeline customers three different rate plans. Two plans will be free to eligible subscribers, while one will have a monthly charge. The three plans are as follows:

A) 250 Free Minutes: This plan includes 250 free minutes added on the first day of the month. Unused minutes expire on the first day of the month when the account is replenished with the next month's 250 free minutes. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message

B) 150 Free Voice Minutes and 50 Free Text Messages: This plan includes 150 free voice minutes and 50 free text messages added on the first day of the month. Unused minutes and text messages carry over to the next month. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message.

C) 500 Talk and Text Credit: Subscribers can purchase the 500 voice minutes and 500 text message monthly bundle for \$10. This plan normally costs \$20.

CONCLUSION

PlatinumTel submits that this Compliance Plan fully satisfies the conditions set forth in the Commission's Order granting forbearance to the Company. The aforementioned policies and procedures are in place to safeguard against misuse of the Company's Lifeline services, as well as to prevent waste, fraud, and abuse of the Lifeline program. PlatinumTel's procedures also ensure public safety by ensuring access to 911 and E911 services. Consequently, PlatinumTel respectfully requests that the Commission expeditiously approve this Compliance Plan so that PlatinumTel may begin providing the benefits of much-needed Lifeline service to qualifying low-income consumers.

Respectfully submitted,

Care Wireless Marketing Content

Qualifying for Care Wireless Lifeline Service is easy.

Just make sure you meet all four (4) of the following eligibility requirements and you will be able to receive your FREE Care Wireless Phone with 250 FREE Monthly Minutes.

1. You must be the head of household in order to receive Care Wireless Lifeline Service
2. Care Wireless Lifeline benefits are available to consumers who use any of the following government assistance programs. You may qualify if you are currently participating in or are enrolled in at least one of the following programs:
 - a. Food Stamps
 - b. Medicaid
 - c. Federal Public Housing Assistance - Section 8
 - d. National School Free Lunch Program
 - e. Bureau of Indian Affairs Programs
 - f. Supplemental Social Security - SSI
 - g. Temporary Assistance to Needy Families - TANF
 - h. Low Income Home Energy Assistance Program - LIHEAP
3. No one who currently residing in your household currently receives Lifeline Assistance. If you or someone else in the household is currently receiving Lifeline Assistance you must cancel the service before applying for Care Wireless Lifeline Service.
4. You must have a valid United States Postal Address. In order for us to ship you your FREE Care Wireless phone, you must live at a residence that can receive mail from the US Post Office. P.O. Boxes will not be accepted.

In order to maintain your Lifeline service you must verify your enrollment information every year.

Lifeline Wireless Plan Offerings.

Plan 1: 250 Free Monthly Minutes

This plan offers 250 free minutes every month (or up to 625 text messages). Unused minutes or texts do not roll over. You will get a fresh set of minutes on the first day of every month. If you need to add additional airtime to your phone, you can Top-Up online at carewireless.com or at over 36,000 locations nationwide. Additional airtime is only \$0.05 per minute, and \$0.02 per text message, the most affordable pay-as-you-go rates in the U.S.

Plan 2: 150 & 50 Free

With this plan, you will get 150 free minutes AND 50 free text messages every month. Unused minutes and text messages are rolled over to the next month. If you need to add additional airtime to your phone, you can Top-Up online at carewireless.com or at over 36,000 locations nationwide. Additional airtime is only \$0.05 per minute, and \$0.02 per text message, the most affordable pay-as-you-go rates in the U.S.

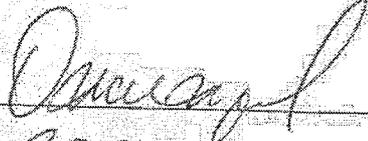

Plan 3: 500/500 Talk & Text for \$10 per month

This Talk & Text plan gives you 500 talk minutes and 500 text messages to send and receive, for only \$10 per month.

VERIFICATION

I hereby verify that I have read the foregoing PlatinumTel Communications, LLC's Compliance Plan; and that to the best of my knowledge, information and belief the information stated therein is true and accurate.

Re: Ex Parte Letter – WC Docket 09-197 – Compliance Plan of PlatinumTel Communications, LLC

Dear Ms. Dortch:

On November 8, 2011 PlatinumTel Communications, LLC (“PlatinumTel” or “Company”) submitted its Compliance Plan (“PlatinumTel Compliance Plan”) to the Federal Communications Commission (“FCC”). In Illinois, PlatinumTel currently provides Lifeline services under the service name Care Wireless. In the PlatinumTel Compliance Plan, PlatinumTel outlined the measures it will take to implement the conditions imposed by the FCC in its Forbearance Order, released on September 23, 2011.¹ On February 6, 2012 the FCC released an Order containing updated policies and rules concerning, in part, the provision of Lifeline eligible telecommunications carrier (“ETC”) services.² By this letter, PlatinumTel agrees to comply with the terms and conditions contained in the *Lifeline and Link Up Reform*

¹ *In the Matter of PlatinumTel LLC Petition for Forbearance*, Order, FCC 11-139, (released September 23, 2011). PlatinumTel affirms that it will comply with all Forbearance conditions that are consistent with the *Lifeline and Link Up Reform and Modernization Order*. See *Lifeline and Link Up Reform and Modernization Order* at ¶383.

² *In the Matter of Lifeline and Link Up Reform and Modernization; Lifeline and Link Up; Federal-State Joint Board on Universal Service; Advancing Broadband Availability Through Digital Literacy Training*, Report and Order and Further Notice of Proposed Rulemaking (February 6, 2012) (“*Lifeline and Link Up Reform and Modernization Order*”)

and Modernization Order related to its provision of Lifeline ETC services. Furthermore, PlatinumTel provides additional information and/or clarifications to the PlatinumTel Compliance Plan currently on file and pending with the FCC with respect to the terms and conditions of the *Lifeline and Link Up Reform and Modernization Order*. Finally, PlatinumTel respectfully requests an expedited approval, since it intends to apply for the Broadband Pilot Program upon its initiation by the Commission.³

I. PLATINUMTEL WILL PROVIDE LIFELINE ETC SERVICES PURSUANT TO THE CONDITIONS CONTAINED IN THE PLATINUMTEL FORBEARANCE ORDER AND THE COMMISSION'S LIFELINE AND LINK UP REFORM AND MODERNIZATION ORDER.

A. PlatinumTel Commits to Provide Access to 911 and E911 Services.

Paragraphs 373-75 of the *Lifeline and Link Up Reform and Modernization Order* provided further guidance regarding access to 911 and E911 services. PlatinumTel reaffirms that it will provide all of its Lifeline subscribers with 911 and E911 access from PlatinumTel handsets regardless of the status of the subscriber account or the airtime balance associated with the handset.⁴ PlatinumTel further agrees to abide by any state-specific obligations to obtain either a certification from each PSAP where it plans to offer service, or a self-certification, confirming that it provides its subscribers with 911 and E911 access.⁵

³ *Lifeline and Link Up Reform and Modernization Order* at ¶323.

⁴ PlatinumTel Compliance Plan at 4-5; *Lifeline and Link Up Reform and Modernization Order* at ¶373.

⁵ *Lifeline and Link Up Reform and Modernization Order* at ¶¶375, 383. PlatinumTel amends its Compliance Plan to make clear that it will obtain such certifications based on individual state-specific obligations. See PlatinumTel Compliance Plan at pages 4-5.

B. PlatinumTel will Comply with the Obligations Related to the Commission's Forbearance of the Own Facilities Requirement.

Paragraph 379 of the *Lifeline and Link Up Reform and Modernization Order* contains obligations related to the FCC's blanket forbearance of the "own facilities" requirement for Lifeline-only ETCs and the implementation of the terms and conditions of the Order.⁶

1. Enrollment Procedures

The *Lifeline and Link Up Reform and Modernization Order* confirmed that the Commission will transition to a governmental database in order to confirm the initial and continued eligibility of a lifeline customer. The Order stated:

As explained above, we conclude that establishing a fully automated means for verifying consumers' initial and ongoing Lifeline eligibility from governmental data sources would both improve the accuracy of eligibility determinations and ensure that only eligible consumers receive Lifeline benefits, and reduce burdens on consumers as well as ETCs. . . . We therefore direct the Bureau and USAC to take all necessary actions so that, as soon as possible and no later than the end of 2013, there will be an automated means to determine Lifeline eligibility for, at a minimum, the three most common programs through which consumers qualify for Lifeline.⁷

However, until the database is operational, PlatinumTel will continue to abide by its established enrollment procedures. In its Compliance Plan at pages 6-9, PlatinumTel described the enrollment process it has implemented in order to confirm a customer's eligibility for Lifeline assistance. PlatinumTel will accept electronic signatures that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 USC 7001-7006, and any

⁶ PlatinumTel is a facilities-based wireless carrier in Illinois, where it maintains its own switches and routers for handling voice telephony services. However, given that the *Lifeline and Link Up Reform and Modernization Order* alters the obligation for facilities on a prospective basis, PlatinumTel requests that the FCC's forbearance authority (if it did not do so already) include PlatinumTel's operation in Illinois, in addition to operations in all other states in which it does business.

⁷ Id. at ¶403.

applicable state laws.⁸ Pursuant to the *Lifeline and Link Up Reform and Modernization Order*, PlatinumTel will not retain copies of proof documentation, but rather will maintain accurate records detailing how the consumer demonstrated his or her eligibility.⁹

Pursuant to the *Lifeline and Link Up Reform and Modernization Order* PlatinumTel's certification form will also "explain in plain, easily comprehensible language that: (1) Lifeline is a federal benefit; (2) Lifeline service is available for only one line per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; and (4) a household is not permitted to receive Lifeline benefits from multiple providers".¹⁰ Upon enrollment, PlatinumTel will inform consumers about the annual re-certification requirement on the certification form.¹¹ Applicants will also be required to initial a number of disclosure statements intended to ensure that the applicant understands applicable eligibility requirements—including a statement to the effect that to the best of his or her knowledge, the applicant is not receiving Lifeline-supported service from any other Lifeline provider. Penalties for perjury will be clearly-stated on the certification form. The certification form will also contain language stating that violation of the one-per-household requirement constitutes a violation of the Commission's rules and will result in the consumer's de-enrollment from the program, and could result in criminal prosecution by the United States government.¹²

In accordance with the *Lifeline and Link Up Reform and Modernization Order*, PlatinumTel will obtain the consumer's residential address, which the consumer must indicate

⁸ Id. at ¶168.

⁹ Id. at ¶101.

¹⁰ See Id. at ¶121.

¹¹ See Id. at ¶145.

¹² Id. at ¶121.

his or her permanent address, and a billing address for the service (if the consumer's billing address differs from his or her residential address).¹³ A consumer who lacks a permanent residential address must provide a temporary residential service address or other address identifying information that could be used to perform a check for duplicative support. For applicants that use a temporary address, PlatinumTel will attempt to verify every 90 days that the subscriber continues to rely on that address. If the applicant does not respond to address verification attempts within 30 days, the subscriber may be de-enrolled from Lifeline service.¹⁴ The application form will also clearly state that Lifeline participants must provide their new address to the Company within 30 days of moving.¹⁵ PlatinumTel further agrees to comply with all other updated Commission enrollment rules.¹⁶

2. Procedures for Submitting for Reimbursement from USAC

PlatinumTel agrees to comply with all certification requirements contained in the *Lifeline and Link Up Reform and Modernization Order* and outlined in 47 CFR 54.407 when submitting for reimbursements from USAC.¹⁷

3. Ongoing Verification

The *Lifeline and Link Up Reform and Modernization Order* described the initial and annual verification procedures at paragraphs 120-148 and in Appendix C. PlatinumTel will require every consumer enrolled in the Lifeline program to verify on an annual basis that he or she receives Lifeline-supported service only from PlatinumTel and, to the best of his or her

¹³ Id. at ¶85.

¹⁷ See, for example, Id. at ¶¶125-28.

knowledge, no one else in the subscriber's household is receiving a Lifeline-supported service.¹⁸

Any customer that is found to not comply with the rules or that fails to respond to the annual recertification process will be de-enrolled.¹⁹

At pages 9-10 of the PlatinumTel Compliance Plan, PlatinumTel described its annual verification procedures that require every consumer enrolled in the PlatinumTel Lifeline program to verify on an annual basis that they are the head of their household and only receive Lifeline service from PlatinumTel. As further described in the PlatinumTel Compliance Plan, such verifications will be required in order for the consumer to continue to receive free Lifeline service or to purchase prepaid airtime from PlatinumTel at the discounted rate only available to those customers who are enrolled in its Lifeline program. A copy of PlatinumTel's Annual Verification Form is attached hereto as Exhibit A.²⁰

Pursuant to the new rules, PlatinumTel will re-certify the eligibility of its Lifeline subscriber base as of June 1, 2012 by the end of 2012 and report the results to USAC by January 31, 2013.²¹ Where ongoing eligibility cannot be determined through access to a qualifying database either by the Company or the state, and there is no state administrator verifying the continued eligibility of Lifeline subscribers, the Company will re-certify the continued eligibility of all of its subscribers by contacting them, either in person, in writing, by phone (e.g., via IVR (Interactive Voice Response) System), by text message, by email, or otherwise through the Internet—to confirm their continued eligibility.²² In states where a state agency or a third party has implemented a database that carriers may query to re-certify the consumer's continued

¹⁸ *Lifeline and Link Up Reform and Modernization Order* at ¶120.

²⁰ PlatinumTel's Annual Verification Form is a new Exhibit A. The former Exhibit A, attached to PlatinumTel's November 8, 2011 Compliance Plan, consisted of a copy of a PSAP Certification Request Letter that is no longer applicable. See *Lifeline and Link Up Reform and Modernization Order* at ¶375.

²¹ *Lifeline and Link Up Reform and Modernization Order* at Appendix C.

²² *See Id.*

eligibility, the Company (or state agency or third-party, where applicable) will instead query the database and maintain a record of what specific data was used to re-certify eligibility and the date of re-certification.²³ The notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact PlatinumTel. PlatinumTel will provide written notice of impending service termination to subscribers who do not respond to the annual re-certification within 30 days. Anyone who does not respond to the impending termination letter within 30 days to demonstrate that his or her Lifeline service should not be terminated will be de-enrolled from the Company's Lifeline program.²⁴

4. Sample Marketing Materials

PlatinumTel will market its Lifeline plans, containing its own ETC name²⁵, Care Wireless, through various media, including through personal contact, print and television advertisements. PlatinumTel will incorporate into its Lifeline marketing materials in clear, easily understood language that: (i) the service is supported by Lifeline, a government program; (ii) only eligible consumers may enroll in the program; (iii) specific documentation is necessary for enrollment; and (iv) the benefit is limited to one per household and is no-transferrable.²⁶ At page 11 of the PlatinumTel Compliance Plan, PlatinumTel described how its marketing materials reinforce the Commission's rules with respect to the prevention of waste, fraud and abuse. Revised Exhibit B, attached hereto, is a marketing script to be used during telephonic customer contacts.²⁷ Exhibit C to the PlatinumTel Compliance Plan contains a sample of PlatinumTel's marketing material.

Attached to this letter as Exhibit C-1 is an additional PlatinumTel sample marketing flyer. Finally, a copy of PlatinumTel's Lifeline Application Form is attached to this letter as Exhibit D.

5. Description of how PlatinumTel will Offer Service

In Illinois, PlatinumTel operates, manages and markets all aspects of the customer experience, including in-house U.S. based customer service, 411 directory assistance, international calling, IT services, pricing, the PlatinumTel website, handset procurement, handset logistics, handset selection, service offerings, entertainment applications and marketing materials. PlatinumTel began offering Lifeline services in Illinois in March 2011. The company's Lifeline package includes not only a free phone, but more minutes and cheaper text messaging rates than other prepaid wireless Lifeline providers. In fact, for the last two years PlatinumTel has offered the lowest cost prepaid wireless services to consumers in the United States.

6. Geographic Area of PlatinumTel's Service

PlatinumTel is currently certified as both a facilities based wireline and wireless ETC in Illinois for the non-rural areas of the Illinois Bell Telephone Company ("AT&T Illinois") territories.

PlatinumTel has a pending Petition before this Commission for Eligible Telecommunications Carrier Designation for Low Income Support only for the non-rural areas of Alabama, Connecticut, Delaware, District of Columbia, Florida, New Hampshire, New York, North Carolina, Tennessee and Virginia.²⁸

²⁸ *In the Matter of Telecommunications Carriers Eligible to Receive Universal Service Support, PlatinumTel Communications, LLC Petition for Designation as an Eligible Telecommunications Carrier for Low Income Support Only*, WC Docket No. 09-197 (Submitted August 5, 2011).

PlatinumTel expects to seek additional state Public Utility Commission ETC designations within the coming year.

7. Description of Lifeline Service Plan Offerings

At page 13 of the PlatinumTel Compliance Plan, PlatinumTel described the three plans that it will offer to its Lifeline-only subscribers. As described more fully therein, PlatinumTel will offer the following three plans:

250 Free Minutes: This plan includes 250 free minutes added on the first day of the month. Unused minutes expire on the first day of the month when the account is replenished with the next month's 250 free minutes. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message

150 Free Voice Minutes and 50 Free Text Messages: This plan includes 150 free voice minutes and 50 free text messages added on the first day of the month. Unused minutes and text messages carry over to the next month. If a subscriber runs out of minutes, they have the option to purchase additional airtime billed at \$.05 per minute and \$.02 per text message.

500 Talk and Text Credit: Subscribers can purchase the 500 voice minutes and 500 text message monthly bundle for \$10. This plan normally costs \$20.

C. PlatinumTel has the Financial and Technical Ability to Provide Lifeline Supported Services.

Paragraph 388 of the *Lifeline and Link Up Reform and Modernization Order* updated the Commission's rules to ensure that Lifeline-only ETCs have the financial and technical ability to offer Lifeline-supported services. PlatinumTel's officers have extensive experience in the telecommunications industry. PlatinumTel's services include voice calling, text messaging, internet access, and broadband. PlatinumTel is certified to provide wireline and wireless telecommunications services in Illinois. The Company has been providing prepaid wireless

services in Illinois since 2001. Additionally, PlatinumTel began providing wireless lifeline services in Illinois in March 2011. PlatinumTel has a strong IT team devoted to the development of unique business services and over the years has maintained a robust and profitable telecommunications operations. The success of PlatinumTel's business is due in large part to the continuity of its highly qualified management team with over 50 years of combined relevant experience. PlatinumTel is one of the oldest and largest prepaid wireless companies in the United States. The company is based in Justice, Illinois and has provided prepaid wireless services since 2001.

The company serves primarily residential consumers, most of who reside in urban and inner-city areas. Many of these consumers do not have bank accounts and have limited available funds to purchase communications services. In Illinois, PlatinumTel uses a combination of its own network facilities as well as reselling the services of Sprint PCS.

D. PlatinumTel will Comply with the Commission's Reporting Requirements.

PlatinumTel agrees to annually report the names and identifiers used by PlatinumTel, its holding company, operating companies and affiliates.²⁹ Additionally, PlatinumTel agrees to provide to the Commission and USAC general information regarding the terms and conditions of the Lifeline Plans for voice telephony service offered specifically for low income consumers through the program they offered during the previous year, including the number of minutes provided, and whether there are additional charges to the consumer for service, including minutes of use and/or toll calls.³⁰

²⁹ See *Lifeline and Link Up Reform and Modernization Order* at ¶390.

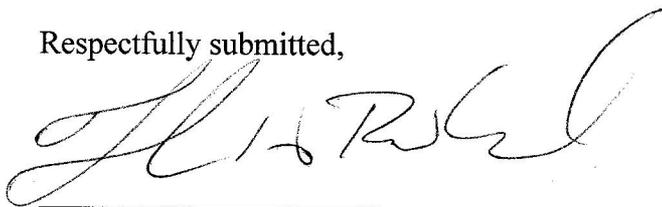

³⁰ *Id.*

E. PlatinumTel will Comply with the Commission's Recordkeeping Requirements.

PlatinumTel agrees to comply with the recordkeeping requirements outlined in the *Lifeline and Link Up Reform and Modernization Order*. Section 54.417 of the new rules requires all ETCs to “maintain records to document compliance with all Commission and state requirements governing the Lifeline and Linkup program for the three full preceding calendar years and to provide that documentation to the Commission or Administrator upon request.”³¹ Section 54.417 of the new rules also require all ETCs to “maintain the documentation required in §§54.410(d) (initial eligibility certification) and 54.410(f) (eligibility recertification) for as long as the subscriber receives Lifeline service from that ETC.”³² PlatinumTel will therefore maintain records pursuant to §§54.410(d) and 54.410(f) on all individual Lifeline accounts that will be stored for as long as the account is active and for a minimum of three years after the account has been terminated.

ANNUAL VERIFICATION FORM

FINAL NOTICE

YOUR LIFELINE SERVICE WILL BE TERMINATED IN 30 DAYS IF YOU DO NOT COMPLETE THE ANNUAL VERIFICATION.

In order to maintain Government Supported Lifeline Service you must annually verify your eligibility to receive Lifeline benefits. Failure to annually verify your eligibility will result in de-enrollment from the program.

There are three (3) ways to verify your eligibility:

Online: www.carewireless.com/verify

Phone: 855-711-2222

Mail: Complete this form and mail it to:

Care Wireless
PO BOX 1109
Bridgeview, IL 60455

First Name: _____ Last Name: _____

Date of Birth: _____ Last four SSN: _____ Zip Code: _____

Please read the information below and **initial each box** to acknowledge that you understand the terms of maintaining Care Wireless Lifeline service. Please note, that if you do not verify your service every year, you will be de-enrolled from the Lifeline program. If you wish to de-enroll, but still keep your service with Care Wireless, you can purchase airtime at thousands of locations nationwide.

By initialing the boxes below and submitting this form, you are certifying under penalty of perjury that the information you have provided is true and correct, and that you agree to the terms contained in this form. You also agree and understand that providing false information is punishable by law.

I certify under penalty of perjury that I am the Head of Household entitled to receive Lifeline supported service and that I personally qualify to receive Lifeline supported service, and that if I no longer qualify for Lifeline supported service I will notify Care Wireless immediately.

I certify under penalty of perjury and understand that only one Lifeline supported phone line is available per household, and that I do not receive Lifeline supported service from any other provider.

Signature: _____ Date: _____

Re-Certification is good for up to one (1) year from the date of signing. This Re-Certification must be updated annually to avoid program termination.

Exhibit B (revised)

Care Wireless Enrollment Script

Care Wireless Enrollment Script:

CSR: Thank you for calling Care Wireless my name is _____ how may I assist you today?

Caller: I would like enroll in Care Wireless Lifeline service.

CSR: Wonderful, I will be able to assist you in the process. I will need to ask you some questions to get started. Is that ok?

Before you proceed, please verify customer has social security number. IF they do not, unfortunately we cannot provide lifeline service.

CSR: Are you the head of household?

If Yes, continue

If No, explain the Lifeline service is only available to the head of household

CSR: Are you 18 years old or older?

If Yes, continue

If No, explain that the service is only available to consumers who are at least 18 years old

CSR: Are you currently residing in the state of Illinois?

If Yes, continue

If No, explain that Care Wireless service is currently only available in the State of Illinois

CSR: Are you or anyone in your household currently receiving lifeline benefits for wireless or home phone service? For example, Safelink or ReachOut Wireless?

If NO, Continue

If YES, CALLER ***DOES NOT*** QUALIFY.

FOLLOW THIS : Sir/ma'am, Lifeline service is limited to one per household. If you would like to receive Lifeline service from Care Wireless, please contact your current Lifeline provider and cancel the service. Once you cancel that service, please contact us to set up Care Wireless service.

CSR: Are you currently participating in any government assistance programs? If so, which one?

If Yes, continue

If No, caller does not qualify. Explain that they must participate in one of the qualifying government programs in order to receive Care Wireless Lifeline service.

CSR: Participating in _____ (*say the name of the qualifying program chosen by*

the customer) may qualify you for Care Wireless Lifeline Service, which is a federal benefit. If approved, Care Wireless Lifeline service will provide you with a free wireless phone with \$12.50 worth of monthly airtime.

-----FILL OUT APPLICATION NOW-----

CSR: There are a few more questions that I will need to ask. Please respond with Yes or No to the following questions.

CSR: DO YOU CERTIFY UNDER PENALTY OF PERJURY THAT THE INFORMATION CONTAINED WITHIN THIS APPLICATION IS TRUE AND CORRECT AND THAT YOU ARE THE HEAD OF HOUSEHOLD AND THE ONLY PERSON IN YOUR HOUSEHOLD CURRENTLY RECEIVING LIFELINE ASSISTANCE AND THAT VIOLATING THE ONE PER HOUSEHOLD POLICY VIOLATES PROGRAM RULES AND WILL RESULT IN DIS-ENROLLMENT FROM THE PROGRAM. YOU ALSO UNDERSTAND THAT COMPLETION OF THIS APPLICATION DOES NOT CONSTITUTE IMMEDIATE APPROVAL FOR SERVICE AND THAT CARE WIRELESS SERVICE IS NOT TRANSFERABLE.

Customer must answer YES to continue.

CSR: DO YOU UNDERSTAND THAT YOU MAY BE REQUIRED TO VERIFY CONTINUED ELIGIBILITY FOR CARE WIRELESS SERVICE AT ANY TIME AND FAILURE TO VERIFY ELIGIBILITY WILL RESULT IN TERMINATION OF CARE WIRELESS SERVICE, AND IN THE FUTURE IF YOU ARE NO LONGER ELIGIBLE YOU WILL NOTIFY CARE WIRELESS WITHIN FIVE (5) DAYS.

Customer must answer YES to continue

CSR: DO YOU ACKNOWLEDGE THAT PROVIDING FALSE OR FRAUDULENT DOCUMENTATION IN ORDER TO RECEIVE ASSISTANCE IS PUNISHABLE BY LAW AND THE PENALTIES OF PERJURY INCLUDE MONETARY FINES AND POTENTIAL IMPRISONMENT. YOU ALSO UNDERSTAND THAT YOU MUST NOTIFY CARE WIRELESS WITHIN 30 DAYS IF YOU MOVE, AND THAT IF YOU ARE USING A TEMPORARY ADDRESS YOU WILL BE REQUIRED TO VERIFY YOUR ADDRESS EVERY 90 DAYS, FAILURE TO DO SO WILL RESULT IN DE-ENROLLMENT FROM THE PROGRAM.

Customer must answer YES to continue

CSR: Thank you. We have now completed your Care Wireless Lifeline enrollment. You will receive your phone within 2 weeks, upon approval. PLEASE NOTE THAT YOU MUST VERIFY YOUR ELIGIBILITY EVERY YEAR WITH CARE WIRELESS, IF YOU DO NOT VERIFY, YOU WILL BE DE-ENROLLED FROM THE PROGRAM YOU'RE IN.

CSR: The phone will have \$12.50 worth of airtime which you can use for calling or texting. The rate is \$0.05 per minute and \$0.02 per text message, (it would be 250 minutes OR 625 text messages). Keep in mind your account will be replenished on the first day of every month and you must keep your phone powered on for the first three days of every month for Care Wireless Systems Check (to confirm the account is being in use). Please understand that if your service goes unused for 60 days, your service will be

suspended, subject to a 30 day period during which you may use the service or contact Care Wireless to confirm that you want to continue receiving service.

CSR: If at any point you need to add additional minutes, you can purchase minutes with PlatinumTel Wireless. To find a location you can visit their website, www.Ptel.com or our website, www.CareWireless.com.

CSR: Is there anything else I may assist you with today?

If Yes, assist customer in any way possible

If No, Thank you for calling Care Wireless, *where we care about keeping you connected.*

Guide to Care Wireless Service

Thank you for choosing Care Wireless.
A Lifeline Product

Dear Care Wireless Customer,

Congratulations, you have qualified for Care Wireless Service, a government supported program that provides free minutes of airtime each month. And in the event of an emergency, 911 is always a free call.

For complete information on Care Wireless
visit www.carewireless.com

855-711-2222

www.carewireless.com

Getting started with your Care Wireless phone

Your phone is active and ready for you to use.

Receiving your monthly minutes

Your monthly minutes are loaded onto your account automatically on the first day of every month. In order to receive your monthly minutes **you must have your phone on for the first three (3) days of every month.**

Keeping your Care Wireless service active every year

In order to keep your Care Wireless Service active, you must verify your service every year. You can do this by simply visiting carewireless.com or calling a Care Specialist at 855-711-2222.

How Care Wireless service works

Using your Care Wireless phone is simple. Every month, we will automatically credit your account with your free airtime.

If you have questions about how you can use your airtime, please visit us online at www.carewireless.com.

Phone warranty

Your phone comes with a 30 day warranty. If in the first 30 days your phone is not working properly, you may ship your phone back to us and we will send you a replacement. Certain restrictions apply, please contact Care Wireless for details.

Care Wireless is a service provided by PlatinumTel

www.carewireless.com

Need more airtime?

To add more airtime to your phone, simply purchase PlatinumTel Wireless airtime available at over 36,000 locations in the U.S. To find a location near you visit www.carewireless.com.

PlatinumTel Wireless airtime is also available at all MoneyGram Agent Locations. To find a MoneyGram Agent Location, please visit moneygram.com/platinumtel.

You can add more airtime to your Care Wireless account by setting up your online account at www.carewireless.com.

How to check your balance:

There are **2 easy ways** to check your airtime balance:

1. Send a text message to **9080** with the word "**BAL**". This is a free message that will not deduct from your airtime
2. Set up an online account at www.carewireless.com and log in to check your minute and text usage.

How much is the airtime?

Care Wireless gives you the lowest pay-as-you-go wireless rates in the U.S. If you purchase additional minutes you will only pay **2¢ per text message** sent and received and **5¢ per voice minute**.

Please visit us online at www.carewireless.com
for the latest and complete terms & conditions

_____ I certify under penalty of perjury that my household income is at or below 135% of the Federal Poverty Guidelines (FPG)
Initial Here There are _____ individuals in my household

I certify under penalty of perjury (Initial Each Certification Below):

- _____ 1) The information contained in my application remains true and correct to the best of my knowledge and I acknowledge that willfully providing false or fraudulent information to receive Lifeline benefits is punishable by law and may result in me being barred from the program.
- _____ 2) I am a current recipient of the program(s) checked above, or have an annual household income at or below 135% of the Federal Poverty Guidelines.
- _____ 3) I have provided documentation of eligibility if required to do so.
- _____ 4) I understand that I and my household can only have one Lifeline-supported telephone service. Care Wireless has explained the one-per-household requirement. I understand that violation of the on-per-household requirement constitutes a violation of the FCC's rules and will result in my de-enrollment from the Lifeline program, and could result in criminal prosecution by the United States Government
- _____ 5) I attest to the best of my knowledge, that I and no one in my household is receiving a Lifeline-supported service from any other land line or wireless company such as Safelink, Assurance, or Reachout Wireless.
- _____ 6) I understand that my Care Wireless Lifeline service is non-transferable. I may not transfer my service to any individual, including another eligible low-income consumer.
- _____ 7) I understand that if my service goes unused for sixty (60) days, my service will be suspended, subject to a thirty (30) day period during which I may use the service or contact Care Wireless to confirm that I want to continue receiving service.
- _____ 8) I will notify Care Wireless within thirty (30) days if I no longer qualify for Lifeline. I understand this requirement and may be subject to penalties if I fail to notify my phone company. Specifically, I will notify Care Wireless if:
 - a) I cease to participate in the above federal or state program, or my annual household income exceeds 135% of the Federal Poverty Guidelines;
 - b) I am receiving more than one Lifeline supported service;
 - c) I no longer satisfy the criteria for receiving Lifeline support.
- _____ 9) I will notify Care Wireless within thirty (30) days of moving. Additionally, if my address listed above is a temporary address, I understand that I must verify my address with Care Wireless every ninety (90) days. If I fail to respond to Care Wireless' verification attempts within thirty (30) days, my Care Wireless Lifeline service may be terminated.
- _____ 10) Care Wireless has explained to me that I am required each year to re-certify my continued eligibility for Lifeline. If I fail to do so within thirty (30) days, it will result in termination of my Care Wireless Lifeline service.
- _____ 11) I understand, and consent to the fact that my name, telephone number, and address will be provided to the Universal Service Administrative Company, the administrator of the Lifeline program, and/or its agents, for the purpose of verifying that I do not receive more than one Lifeline benefit.

Date

Only one phone per household address allowed regardless of how many government assisted recipients reside at the address. All enrollment forms must have all sections completed, this includes: last 4 numbers of the social security number, date of birth, and it must be signed and dated. Incomplete forms will not be processed. There are absolutely no exceptions. Please allow 3-4 weeks for processing and shipping. We can only ship to a residential address and NOT a PO Box. Care Wireless, PO Box 1109, Bridgewater, NJ 08455. Certain restrictions apply. Phone models vary by availability. Service varies by coverage area.

Exhibit 3

State PUC Jurisdictional Statements

Alabama Public Service Commission

Orders

**PINE BELT CELLULAR, INC. and PINE
BELT PCS, INC.,**

Joint Petitioners

**PETITION: For ETC status and/or
clarification regarding the jurisdiction of
the Commission to grant ETC status to
wireless carriers.**

DOCKET U-4400

ORDER

BY THE COMMISSION:

In a joint pleading submitted on September 11, 2001, Pine Belt Cellular, Inc. and Pine Belt PCS, Inc. (collectively referred to as "Pine Belt") each notified the Commission of their desire to be designated as universal service eligible telecommunications carriers ("ETCs") for purposes of providing wireless ETC service in certain of the non-rural Alabama wireline service territories of BellSouth Telecommunications, Inc. ("BellSouth") and Verizon South, Inc. ("Verizon"). The Pine Belt companies noted their affiliation with Pine Belt Telephone Company, a provider of wireline telephone service in rural Alabama, but clarified that they exclusively provide cellular telecommunications and personal communications (collectively referred to as "CMRS" or "wireless") services in their respective service areas in Alabama in accordance with licenses granted by the Federal Communications Commission ("FCC"). The pivotal issue raised in the joint pleading of Pine Belt companies is whether the Commission will assert jurisdiction in this matter given the wireless status of the Pine Belt companies.

As noted in the filing of the Pine Belt companies, state Commissions have primary responsibility for the designation of eligible telecommunications carriers in their respective jurisdictions for universal service purposes pursuant to 47 USC §214(e). The Commission indeed established guidelines and requirements for attaining ETC status in this jurisdiction pursuant to notice issued on October 31, 1997.

For carriers not subject to state jurisdiction, however, §214(e)(6) of the Telecommunications Act of 1996 provides that the FCC shall, upon request, designate such carriers as ETCs in non-rural

service territories if said carriers meet the requirements of §214(e)(1). In an FCC Public Notice released December 29, 1997 (FCC 97-419) entitled "Procedures for FCC designation of Eligible Telecommunications Carriers pursuant to §214(e)(6) of the Telecommunications Act", the FCC required each applicant seeking ETC designation from the FCC to provide, among other things, "a certification and brief statement of supporting facts demonstrating that the Petitioner is not subject to the jurisdiction of a state Commission."

The Pine Belt companies enclosed with their joint pleading completed ETC application forms as developed by the Commission. In the event the Commission determines that it does not have jurisdiction to act on the Pine Belt request for ETC status, however, the Pine Belt companies seek an affirmative written statement from the Commission indicating that the Commission lacks jurisdiction to grant them ETC status as wireless carriers.

The issue concerning the APSC's jurisdiction over providers of cellular services, broadband personal communications services, and commercial mobile radio services is one that was rather recently addressed by the Commission. The Commission indeed issued a Declaratory Ruling on March 2, 2000, in Docket 26414 which concluded that as the result of certain amendments to the Code of Alabama, 1975 §40-21-120(2) and (1)(a) effectuated in June of 1999, the APSC has no authority to regulate, *in any respect*, cellular services, broadband personal communications services and commercial mobile radio services in Alabama. Given the aforementioned conclusions by the Commission, it seems rather clear that the Commission has no jurisdiction to take action on the Application of the Pine Belt companies for ETC status in this jurisdiction. The Pine Belt companies and all other wireless providers seeking ETC status should pursue their ETC designation request with the FCC as provided by 47 USC §214(e)(6).

IT IS, THEREFORE, ORDERED BY THE COMMISSION, That the Commission's jurisdiction to grant Eligible Telecommunications Carrier status for universal service purposes does not extend to providers of cellular services, broadband personal communications services, and commercial mobile radio services. Providers of such services seeking Eligible Telecommunications Carrier status should accordingly pursue their requests through the Federal Communications Commission.

IT IS FURTHER ORDERED, That this Order shall be effective as of the date hereof.

DONE at Montgomery, Alabama, this 12th day of March, 2002.

Re: Request for Letter Clarifying Jurisdiction Over Wireless ETC Petitions

Dear Ms. Hankins:

The Department of Public Utility Control (Department) acknowledges receipt of your October 25, 2010 letter filed on behalf of Boomerang Wireless, LLC d/b/a Ready Mobile (Ready Mobile) requesting clarification as to whether the Department claims jurisdiction to designate wireless eligible telecommunications carriers (ETC) in Connecticut.

The Department does not regulate or license mobile carrier services' rates and charges and therefore, Ready Mobile should apply to the Federal Communications Commission for purposes of being designed an ETC.

Sincerely,

DEPARTMENT OF PUBLIC UTILITY CONTROL

RE: *Conexions LLC*

Dear Mr. Keller:

You have requested a statement confirming that the Delaware Public Service Commission ("PSC") lacks the jurisdiction to designate your client, Conexions, LLC ("Conexions"), as an Eligible Telecommunications Carrier ("ETC") under 47 U.S.C. § 214(e). You have represented that Conexions is a new mobile virtual network operator who seeks to participate in the FCC's Lifeline support program for qualifying low-income consumers.

Under state law, the Delaware PSC does not currently exercise any form of supervisory jurisdiction over wireless commercial mobile radio service ("CMRS") providers. *See* 26 *Del. C.* § 102(2) (excluding "telephone service provided by cellular technology, or by domestic public land mobile radio service" from the definition of "public utility"); 26 *Del. C.* § 202(c) (providing that the Delaware Commission has "no jurisdiction over the operation of domestic public land mobile radio service provided by cellular technology service or over rates to be charged for such service or over property, property rights, equipment of facilities employed in such service"). In fact, in granting ETC status in Delaware for Cellco Partnership d/b/a Bell Atlantic Mobile, the FCC accepted the Delaware PSC's confirmation at that time that it did not have jurisdiction under state law to designate CMRS providers as ETCs. *See Federal-State Joint Board on Universal Service; Cellco Partnership d/b/a Bell Atlantic Mobile Petition for Designation as an Eligible Telecommunications Carrier*, Memorandum Opinion and Order, 16 FCC Rcd. 39 (2000), at ¶¶ 3-4. There have been no changes to state law regarding the PSC's authority over CMRS providers since the *Cellco* decision.

L. Charles Keller, Jr.
July 15, 2009
Page 2

I hope this addresses your request for confirmation that the Delaware Public Service Commission does not have jurisdiction under state law to designate CMRS providers, such as Conexions LLC, as an ETC.

Sincerely,

Dear Mr. Orvis and Ms. Lacey:

Thank you for your May 24, 2011 letter requesting information on whether the Public Service Commission of the District of Columbia ("Commission") designates wireless telecommunications carriers as eligible telecommunications carriers ("ETC") for the purposes of receiving federal universal service funding. Please be advised that, pursuant to section 34-2006(b) of the District of Columbia Code, the Commission does not have jurisdiction over wireless carriers. Thus, the Commission has no authority to designate wireless telecommunications carriers as ETCs.

Attached please find a copy of the relevant section of the District of Columbia Code for your information. Should you need anything further, please contact Lara Walt at 202-626-9191 or lwalt@psc.dc.gov.

Re: Undocketed – TAG Mobile, LLC's ETC Designation

Dear Mr. Orvis:

We received your May 25, 2011 letter requesting a statement that the Florida Public Service Commission's jurisdiction to grant ETC designation to TAG Mobile, LLC changed with Governor Scott's approval of HB 1231, the telecom reform bill.

This letter acknowledges that Governor Scott's approval of HB 1231, the telecom reform bill, revises Chapter 364, Florida Statutes, thereby changing the Commission's jurisdiction regarding telecommunications companies. I direct your attention to Chapter 364, Florida Statutes, including the revisions by HB 1231 for the proposition that the Federal Communications Commission, rather than this Commission is the appropriate agency to consider TAG Mobile, LLC's bid for ETC status.

Sincerely,

A handwritten signature in cursive script that reads "S. Curtis Kiser".

Re: Conexions, LLC

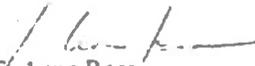

Dear Mr. Keller:

This is in response to your letter to the Commission, received July 10, 2009, concerning the above-referenced telecommunications carrier. You requested a statement from the Commission that Conexions, LLC (Conexions) is not subject to the jurisdiction of the Commission, inasmuch as this will affect how Conexions proceeds with efforts to become designated as an Eligible Telecommunications Carrier (ETC) for purposes of receiving universal service support pursuant to the federal Telecommunications Act.

Your attention is directed to a published order of the Commission, *RCC Minnesota, Inc.*, 88 NH PUC 611 (2003) (Order No. 24,245). In that order, the Commission acknowledged that it lacks state-law authority to regulate wireless carriers, *id.* at 615, citing Section 362:6 of the New Hampshire Revised Statutes Annotated, and therefore the Commission concluded that the agency is likewise devoid of jurisdiction to consider a request for ETC designation from the carrier. In my judgment, Conexions as a user of both cellular and PCS (personal communications service) spectrum to provide commercial mobile radio service, may rely on the *RCC Minnesota* decision for the proposition that the Federal Communications Commission, as opposed to the New Hampshire Public Utilities Commission, is the appropriate agency to consider Conexions's bid for ETC status.

Please feel free to call me at 603-271-6005 if I can be of further assistance.

Sincerely,

F. Anne Ross

TO WHOM IT MAY CONCERN:

Re: i-wireless CMRS Jurisdiction

We have received a letter from i-wireless, LLC (i-wireless), requesting a statement that the New York State Public Service Commission does not exercise jurisdiction over CMRS providers for the purpose of making determinations regarding Eligible Telecommunications Carrier designations under section 214 (e)(6) of 47 U.S.C. In response to this request, please be advised that section 5 (6)(a) of the New York State Public Service Law provides that:

Application of the provisions of this chapter to cellular telephone services is suspended unless the commission, no sooner than one year after the effective date of this subdivision, makes a determination, after notice and hearing, that suspension of the application of provisions of this chapter shall cease to the extent found necessary to protect the public interest.

The New York State Public Service Commission has not made a determination as of this date that regulation should be reinstated under section 5 (6)(a) of the Public Service Law. Consequently, based on the representation by i-wireless that it is a mobile virtual network operator reselling wireless services, i-wireless would not be subject to New York State Public Service Commission jurisdiction for the purpose of making an Eligible Telecommunications Carrier designation.

Very truly yours,

Maureen J. McCauley
Maureen J. McCauley
Assistant Counsel

STATE OF NORTH CAROLINA
UTILITIES COMMISSION
RALEIGH

DOCKET NO. P-100, SUB 133c

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of
Designation of Carriers Eligible for Universal)
Carrier Support) ORDER GRANTING PETITION

BY THE COMMISSION: On August 22, 2003, North Carolina RSA3 Cellular Telephone Company, d/b/a Carolina West (Carolina West), a commercial mobile radio service (CMRS) provider, filed a Petition seeking an affirmative declaratory ruling that the Commission lacks jurisdiction to designate CMRS carrier eligible telecommunications carrier (ETC) status for the purposes of receiving federal universal service support.

In support of its Petition, Carolina West stated that it was a CMRS provider authorized by the Federal Communications Commission (FCC) to provide cellular mobile radio telephone service in North Carolina, and that the FCC had clearly recognized that CMRS carriers such as Carolina West may be designated as ETCs. ETC status is necessary for a provider to be eligible to receive universal service support. Section 214(e)(6) of the Telecommunications Act provides that if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC is charged with making the ETC determination. The FCC has stated that, in order for the FCC to consider requests pursuant to this provision, a carrier must provide an "affirmative statement" from the state commission or court of competent jurisdiction that the state lacks jurisdiction to perform the designation. To date, several state commissions have declined to exercise such jurisdiction.

North Carolina has excluded CMRS from the definition of "public utility." See, G.S. 62-3(23). Pursuant to this, the Commission issued its Order Concerning Deregulation of Wireless Providers in Docket Nos. P-100, Sub 114 and Sub 124 on August 28, 1995, concluding that the Commission no longer has jurisdiction over cellular services. Accordingly, Carolina West has now requested the Commission to issue an Order stating that it does not have jurisdiction to designate CMRS carriers ETC status for the purposes of receiving federal universal service support.

WHEREUPON, the Commission reaches the following

CONCLUSIONS

After careful consideration, the Commission concludes that it should grant Carolina West's Petition and issue an Order stating that it lacks jurisdiction to designate ETC status

for CMRS carriers. As noted above, in its August 28, 1995, Order in Docket Nos. P-100, Sub 114 and Sub 124, the Commission observed that G.S. 62-3(23), enacted on July 29, 1995, has removed cellular services, radio common carriers, personal communications services, and other services then or in the future constituting a mobile radio communications service from the Commission's jurisdiction. 47 USC 3(41) defines a "state commission" as a body which "has regulatory jurisdiction with respect to the intrastate operation of carriers." Pursuant to 47 USC 214(e)(6), if a state commission determines that it lacks jurisdiction over a class of carriers, the FCC must determine which carriers in that class may be designated as ETCs. Given these circumstances, it follows that the Commission lacks jurisdiction over CMRS services and the appropriate venue for the designation of ETC status for such services is with the FCC. Accord., Order Granting Petition, ALLTEL Communications, Inc., June 24, 2003.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 28th day of August, 2003.

NORTH CAROLINA UTILITIES COMMISSION

Patricia Swenson

Patricia Swenson, Deputy Clerk

1400203.01

BEFORE THE TENNESSEE REGULATORY AUTHORITY

NASHVILLE, TENNESSEE

April 11, 2003

IN RE:

APPLICATION OF ADVANTAGE CELLULAR
SYSTEMS, INC. TO BE DESIGNATED AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER

)
)
)
)
)

DOCKET NO.
02-01245

ORDER

This matter came before Chairman Sara Kyle, Director Deborah Taylor Tate and Director Pat Miller of the Tennessee Regulatory Authority (the "Authority"), the voting panel assigned in this docket, at the regularly scheduled Authority Conference held on January 27, 2003, for consideration of the *Application of Advantage Cellular Systems, Inc. To Be Designated As An Eligible Telecommunications Carrier ("Application")* filed on November 21, 2002.

Background

Advantage Cellular Systems, Inc. ("Advantage") is a commercial mobile radio service provider ("CMRS") seeking designation as an Eligible Telecommunications Carrier ("ETC") by the Authority pursuant to 47 U.S.C. §§ 214 and 254. In its *Application*, Advantage asserts that it seeks ETC status for the entire study area of Dekalb Telephone Cooperative, Inc., a rural cooperative telephone company. Advantage maintains that it meets all the necessary requirements for ETC status and therefore is eligible to receive universal service support throughout its service area.

The January 27, 2003 Authority Conference

During the regularly scheduled Authority Conference on January 27, 2003, the panel of Directors assigned to this docket deliberated Advantage's *Application*. Of foremost consideration was the issue of the Authority's jurisdiction. The panel unanimously found that the Authority lacked

jurisdiction over Advantage for ETC designation purposes.¹

This conclusion was implicitly premised on Tenn. Code Ann. § 65-4-104, which provides that:

The Authority has general supervisory and regulatory power, jurisdiction and control over all public utilities and also over their property, property rights, facilities, and franchises, so far as may be necessary for the purpose of carrying out the provisions of this chapter.

For purposes of Tenn. Code Ann. § 65-4-104, the definition of public utilities specifically excludes, with certain exceptions not relevant to this case, "[a]ny individual, partnership, copartnership, association, corporation or joint stock company offering domestic public cellular radio telephone service authorized by the federal communications commission."

The Authority's lack of jurisdiction over CMRS providers implicates 47 U.S.C. § 214(e), which addresses the provision of universal service. Where common carriers seeking universal service support are not subject to a state regulatory commission's jurisdiction, 47 U.S.C. § 214(e)(6) authorizes the Federal Communications Commission ("FCC") to perform the ETC designation.²

¹ This finding is not inconsistent with the Authority's decision in *In re: Universal Service Generic Contested Case*, Docket 97-00888, *Interim Order on Phase I of Universal Service*, pp. 53-57 (May 20, 1998), in which the Authority required intrastate telecommunications carriers to contribute to the intrastate Universal Service Fund including telecommunications carriers not subject to authority of the TRA. The decision in Docket No. 97-00888 was based primarily on 47 U.S.C. § 254(f) which authorizes states to adopt regulations not inconsistent with the Federal Communications Commission's rules on Universal Service and specifically requires every telecommunications carrier that provides intrastate telecommunications services to contribute to the preservation and advancement of universal service in that state. The *Interim Order* was issued prior to the effective date of 47 U.S.C. § 214(e)(6).

² 47 U.S.C. § 214(e)(6) states:

(6) Common carriers not subject to state commission jurisdiction

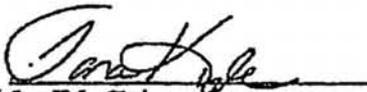

In the case of a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission, the Commission shall upon request designate such a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the Commission consistent with applicable Federal and State law. Upon request and consistent with the public interest, convenience and necessity, the Commission may, with respect to an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated under this paragraph, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the Commission shall find that the designation is in the public interest.

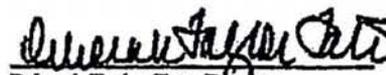

As a matter of "state-federal comity," the FCC requires that carriers seeking ETC designation "first consult with the state commission to give the state commission an opportunity to interpret state law."³ Most carriers that are not subject to a state regulatory commission's jurisdiction seeking ETC designation must provide the FCC "with an affirmative statement from a court of competent jurisdiction or the state commission that it lacks jurisdiction to perform the designation."⁴

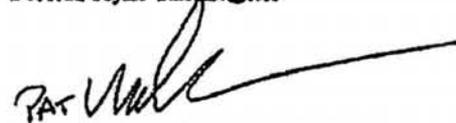

The panel noted that the FCC is the appropriate forum for Advantage to pursue ETC status pursuant to 47 U.S.C. § 214(e)(6). This Order shall serve as the above mentioned affirmative statement required by the FCC.

IT IS THEREFORE ORDERED THAT:

The Application of Advantage Cellular Systems, Inc. To Be Designated As An Eligible Telecommunications Carrier is dismissed for lack of subject matter jurisdiction.

Sara Kyle, Chairman

Deborah Taylor Tate, Director

Pat Miller, Director

³ *In the Matter of Federal-State Joint Bd. on Universal Service, CC Docket No. 96-45, Twelfth Report and Order, Memorandum Opinion and Order, and Further Notice of Proposed Rulemaking, 15 F.C.C.R. 12208, 12264, ¶ 113 (June 30, 2000).*

⁴ *See id.* (The "affirmative statement of the state commission may consist of any duly authorized letter, comment, or state commission order indicating that it lacks jurisdiction to perform designations over a particular carrier.")

COMMONWEALTH OF VIRGINIA
STATE CORPORATION COMMISSION

AT RICHMOND, APRIL 9, 2002

COMMONWEALTH OF VIRGINIA, ex rel.

At the relation of the

STATE CORPORATION COMMISSION

CASE NO. PUC970135

Ex Parte, in re: Implementation
of Requirements of § 214(e) of the
Telecommunications Act of 1996

IN RE:

APPLICATION OF VIRGINIA CELLULAR LLC

CASE NO: PUC010263

For designation as an eligible
telecommunications provider under
47 U.S.C. § 214(e) (2)

ORDER

On September 15, 1997, the State Corporation Commission ("Commission") established the docket in Case No. PUC970135 to consider the requests of local exchange carriers ("LECs") to be designated as eligible telecommunications carriers ("ETC designation") to receive universal service support pursuant to § 214(e) of the Telecommunications Act of 1996, 47 U.S.C. § 251 et seq., ("Act") and associated Federal Regulations.¹ The Commission's exercise of its jurisdiction under § 214(e) (2) of the Act has been to establish a simple and streamlined process for telecommunications carriers to certify their eligibility with a minimum of regulatory burden placed upon each applicant.

¹ 47 C.F.R. § 54.201-207.

All Virginia carriers receiving an ETC designation have merely been required to file an affidavit which, among other matters, certifies that all requirements of the Act for designation are met.²

Until the above-captioned Application was filed in Case No. PUC010263 by Virginia Cellular LLC ("Virginia Cellular" or "Applicant") for ETC designation, these proceedings have been uncontested. This is the first application by a Commercial Mobile Radio Service ("CMRS") carrier for ETC designation.³ Pursuant to the Order Requesting Comments, Objections, or Requests for Hearing, issued by the Commission on January 24, 2002, the Virginia Telecommunications Industry Association ("VTIA") and NTELOS Telephone Inc. ("NTELOS") filed their respective comments and requests for hearing on February 20, 2002. Virginia Cellular filed Reply Comments on March 6, 2002.⁴

The comments of NTELOS and VTIA both contest the sufficiency of the Application and claim Virginia Cellular has

² See Order issued November 21, 1997, in Case No. PUC970135, pp. 2-4 ("November 21, 1997, Order"). Also, the annual certification procedure to comply with 47 C.F.R. §§ 54.313 and 314 has been reduced to filing a form affidavit approved by the Commission in a Preliminary Order, issued August 29, 2001, in Case No. PUC010172.

³ Virginia Cellular is a CMRS carrier as defined in 47 U.S.C. § 153(27) and is authorized as the "A-band" cellular carrier for the Virginia 6 Rural Service Area, serving the counties of Rockingham, Augusta, Nelson, and Highland and the cities of Harrisonburg, Staunton, and Waynesboro.

⁴ On March 4, 2002, Virginia Cellular filed a Consent Motion requesting until March 6, 2002, to file Reply Comments. There being no objection, we now grant the Consent Motion.

failed to demonstrate how the public interest will be served.⁵ NTELOS and VTIA each allude in their comments to other expected applications for ETC designation by wireless and CLEC carriers to follow this case of first impression. For that reason, we are asked by VTIA and NTELOS to convene a hearing and establish certain standards for the provisioning of the nine services specified in 47 C.F.R. § 54.101.⁶ Each applicant is required to provide these nine services to be eligible for ETC designation.

VTIA further comments that "[i]t is not clear how the designation of Virginia Cellular as an ETC will affect the distribution of Universal Funds to the existing carriers in any given rural exchange area." Virginia Cellular replies that this "macroeconomic concern" need not be addressed with this Application. Rather, the Federal Communications Commission ("FCC") and the Federal State Joint Board on Universal Service

⁵ § 214(e)(2) of the Act requires that an ETC designation in areas served by a rural telephone company be based upon a finding that the designation is in the public interest. The Commission did recognize in its November 21, 1997, Order that any carrier seeking ETC designation in a rural area would have the burden of proving that such designation is in the public interest if challenged. Virginia Cellular is seeking ETC designation in the service territories of the following rural telephone companies: Shenandoah Telephone Company ("Shenandoah"), Clifton Forge Waynesboro Telephone Company ("NTELOS"), New Hope Telephone Company, North River Cooperative, Highland Telephone Cooperative, and Mountain Grove-Williamsville Telephone Company ("MGW").

⁶ The nine services required to be offered include: voice grade access to the public switched network; local usage; dual tone multi-frequency signaling or its functional equivalent; single-party service or its functional equivalent; access to emergency services; access to operator services; access to interexchange service; access to directory assistance; and toll limitation for qualifying low-income consumers. Also, the services must be advertised in appropriate media sources. See In Re: Federal-State Joint Board of Universal Service, Report and Order, CC Docket No. 96-45, ¶ 145 (May 8, 1997) ("Universal Service Report & Order").

are reported by Virginia Cellular to be conducting ongoing proceedings to ensure the solvency of the high-cost support fund.⁷ Presumably, VTIA views any public interest served by Virginia Cellular's ETC designation to depend upon whether there would be a consequent diminution of universal service funds.

Virginia Cellular cites the authority of § 214(e)(6) of the Act for this Commission to send Applicant to the FCC for ETC designation if this Commission declines to act on its Application.⁸ In its Reply Comments, Virginia Cellular reports that the "FCC has been actively processing ETC applications on behalf of states which have declined to exercise jurisdiction [over CMRS carriers]. Its internal processing time has been six months, and it has met that timeline in almost all of its proceedings [and] . . . most, if not all of the issues raised by the commenters have been previously addressed by the FCC in its prior orders involving applications for ETC status."⁹

The Commission finds that § 214(e)(6) of the Act is applicable to Virginia Cellular's Application as this Commission has not asserted jurisdiction over CMRS carriers and that the

⁷ Reply Comments at p. 5.

⁸ Pursuant to § 332(c)(3), 47 U.S.C. § 332(c)(3), state regulation of the entry of or the rates charged by any commercial mobile service or any private mobile service is preempted. The Commission has deregulated all Virginia radio common carriers and cellular mobile radio communications carriers. See Final Order issued October 23, 1995, Case No. PUC950062.

⁹ Reply Comments at p. 3.

Applicant should apply to the FCC for ETC designation.¹⁰ The Applicant points out that if Virginia Cellular is designated as an ETC carrier, then the Commission must redefine the service areas of NTELOS and Shenandoah, pursuant to 47 C.F.R.

§ 54.207(c).¹¹ The Applicant has indicated a willingness to propose a plan to redefine these companies' service areas and may submit such a plan with its application to the FCC for ETC designation.

If necessary, this Commission will participate with the FCC and Federal-State Joint Board in redefining the service areas of NTELOS and Shenandoah for "the purpose of determining universal service obligations and support mechanisms." (47 C.F.R.

§ 54.207(a))¹² Although the FCC will make the final determination on Virginia Cellular's requests, we need to leave this docket open in case there is additional action we must take with respect to defining the service areas of NTELOS and Shenandoah.¹³

¹⁰ The action is similar to that taken by the Commission in Case No. PUC010172 in its August 29, 2001, Order that required cooperatives to certify directly with the FCC.

¹¹ The Commission believes that the service area of MGW does not necessarily need to be redefined if Virginia Cellular is designated as an ETC in that territory. However, if the FCC determines otherwise, the Commission will consider additional action if necessary.

¹² Pursuant to 47 C.F.R. § 54.207(c), if the Applicant proposes to redefine these two companies' service areas, the FCC's procedures require the Commission's agreement on the definitions.

¹³ At this juncture, it is unclear whether the Commission will need to address the redefinitions once disaggregation plans are filed at the FCC pursuant to 47 C.F.R. § 54.315(a).

NOW UPON CONSIDERATION of all the pleadings of record and the applicable law, the Commission is of the opinion that Virginia Cellular should request the FCC to grant the requested ETC designation, pursuant to 47 U.S.C. § 214(e)(6).

Accordingly, IT IS ORDERED THAT Case No. PUC010263 will remain open for further order of the Commission.

AN ATTESTED COPY hereof shall be sent by the Clerk of the Commission to: all LECs certified in the Commonwealth of Virginia, as set out in Appendix A of this Order; David A. LaFuria, Esquire, Lukas Nace Gutierrez & Sachs, 1111 Nineteenth Street, N.W., Suite 1200, Washington, D.C. 20036; C. Meade Browder, Jr., Senior Assistant Attorney General, Division of Consumer Counsel, Office of Attorney General, 900 East Main Street, Second Floor, Richmond, Virginia 23219; William F. Caton, Acting Secretary, Federal Communications Commission, Office of the Secretary, 445 12th Street, S.W., Washington, D.C. 20554; and the Commission's Office of General Counsel and Division of Communications.
