REDACTED – FOR PUBLIC INSPECTION

Dear Ms. Dortch:

On March 22, 2012, Comcast Corporation filed its initial response to the Commission’s Information and Discovery Request in this proceeding. Due to a vendor production error, Comcast recently discovered a number of additional documents that are responsive to the Information and Discovery Request that were inadvertently omitted from its prior submissions. Those documents are being produced herewith. A corresponding privilege log is also being produced.

The supplemental production contains Confidential and Highly Confidential Information and is being submitted pursuant to the Protective Orders in this proceeding.¹ Comcast will make the non-public version of the submission available to authorized reviewing parties who have signed the Protective Orders. Copies of each version of this filing are being provided to the Secretary’s Office and the Wireless Telecommunications Bureau as directed by the Protective Orders and the March 8, 2012 Information and Discovery Request.

Please contact the undersigned should you have any questions regarding this matter.
