Dear Senator Mikulski,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

Dear Senator Mikulski,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

Ben Sontak Memoranda

I am writing to my boss to highlight the proposed deal between Verizon's subsidiary Verizon Wireless & the Cable Companies. The F.C.C. & D.O.J. should not approve this deal, which delivers goods into jobs & in other good job countries.

This proposed deal ends a historic competition between Verizon & the cable companies, including Comcast & Time Warner, which form a giant, monopolized quasi-monopoly w/ the cable companies.

This deal will be very profitable for Verizon Wireless & cable, ending any incentives to invest in FiOS & compete against cable. There will be lower jobs building

maintaining, servicing & installing the FiOS network. I request you to reject this proposed deal because it will destroy jobs, on order on land elsewhere. Thank you for your consideration
