Dear Senator Cardin,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

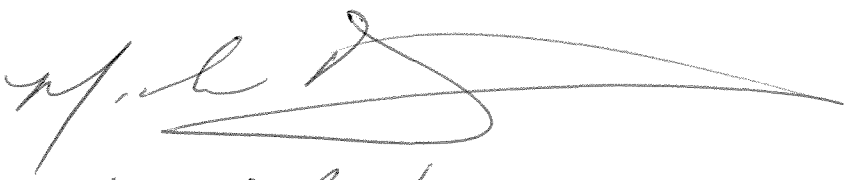
This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,



Michael Rawlings

This deal ends competition between Verizon and cable companies such as Time warner & Comcast. Verizon, thru its subsidiary Verizon wireless will form enormous, unregulated, quasi-monopolies.

This will end any incentive for Verizon to invest in FiOS & compete against cable. There will be fewer jobs building, maintaining, servicing & installing the FiOS network.

Buffalo, Syracuse, Albany, & other Upstate cities & rural areas, as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA & IBEW jobs. Regions with FiOS could be affected as well.

I urge you to reject this deal because it will destroy jobs as well as hurt customers. Thank you for your consideration.
