Dear Senator Gillibrand,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies. The FCC and DOT should not approve this deal, which destroys good union jobs, and is also bad for customers.

The proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in Fios and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the Fios network.

Buffalo, Syracuse, Albany, other upstate cities and rural areas, as well as Eastern Long Island will get left behind with no cable.

competition, costing CWA and Baw  
jobs. Even regions with FIOS could be  
affected since there will be far less  
incentive to invest in the network

I urge you to reject this proposed deal

hurt consumers. ~~th~~

Dear Senator Charles Schumer,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies. The FCC and DOJ should not approve this deal which destroys good union jobs and is also bad for customers.

This proposed deal ends historic competition between Verizon and the cable companies including Comcast and Time Warner. Verizon through its subsidiary Verizon Wireless will form a giant unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable ending any incentive to invest in FiOs and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOs network.

Buffalo, Syracuse, Albany, other Upstate cities and rural areas as well as Eastern Long Island will all get left behind with no cable competition costing CWA and IBEW jobs. Even regions with FiOs could be affected since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs as well as hurt consumers. Thank you for your consideration.

Sincerely, Submitted

Dear Senator Gillibrand,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies. The FCC and DOJ should not approve this deal, which destroys good union jobs, and is also bad for consumers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FIOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FIOS network.

Buffalo, Syracuse, Albany, and upstate cities and rural areas, as well as Eastern Long Island, will get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with FIOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

SANDY HOFFMAN
