

Dear Senator Schumer,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon wireless and the cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon wireless and cable, ending any incentive to invest in FIOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FIOS network.

Buffalo, Syracuse, Albany, other upstate cities and rural areas, as well as eastern Long Island, will all get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with FIOS could be affected, since there will be far less incentive to invest in the network

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration

Sincerely,

DEAR SENATOR SCHUMER,

I AM WRITING TO URGE YOU TO FIGHT THE PROPOSED DEAL BETWEEN VERIZON'S SUBSIDIARY VERIZON WIRELESS AND THE CABLE COMPANIES. THE FCC AND DOJ SHOULD NOT APPROVE THIS DEAL, WHICH DESTROYS GOOD, UNION JOBS, AND IS ALSO BAD FOR CUSTOMERS.

THIS PROPOSED DEAL ENDS A HISTORIC COMPETITION BETWEEN VERIZON AND THE CABLE COMPANIES, INCLUDING COMCAST AND TIME WARNER VERIZON, THROUGH ITS SUBSIDIARY VERIZON WIRELESS, WILL FORM A GIANT, UNREGULATED QUASI-MONOPOLY WITH THE CABLE COMPANIES.

THIS DEAL WILL BE VERY PROFITABLE FOR VERIZON WIRELESS AND CABLE, ENDING ANY INCENTIVE TO INVEST IN FIOS AND COMPETE AGAINST CABLE. THERE WILL BE FEWER JOBS BUILDING, MAINTAINING, SERVICING AND INSTALLING THE FIOS NET WORK.

BUFFALO, SYRACUSE, ALBANY, OTHER UPSTATE CITIES AND RURAL AREAS, AS WELL AS EASTERN LONG ISLAND, WILL ALL BE LEFT BEHIND WITH NO CABLE COMPETITION, COSTING CWA AND IBEW JOBS. EVEN REGIONS WITH FIOS COULD BE AFFECTED, SINCE THERE WILL BE FAR LESS INCENTIVE TO INVEST IN THE NETWORK.

I URGE YOU TO REJECT THIS PROPOSED DEAL BECAUSE IT WILL DESTROY JOBS, AS WELL AS HURT CONSUMERS. THANK YOU FOR YOUR CONSIDERATION.

Dear Senator Schumer,

As my senator, I am writing to you to fight the proposal between Verizon wireless & the cable companies. If this proposal is approved by the FCC & DOJ it will ruin the union jobs and it will effect the services provided by these companies who service upstate customers in NY.

There will no longer be any competition between Verizon and the cable companies. Verizon wireless, a subsidiary of Verizon, will have a monopoly with the cable companies.

With this deal, there will be fewer jobs building, maintaining, servicing, and installing FIOS, because Verizon Wireless and the cable companies will have no interest in FIOS.

I urge you to reject this deal because with no competition with cable companies it will cause the loss of CWA & IBEW union jobs and it will also, affect the consumers.

Dear Senator Schumer,

I am writing to urge you to fight the proposed deal between Verizon's Subsidiary Verizon Wireless and the Cable Companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and Cable, ^{ending any incentive to invest in Fios and compete} where there will be ^{against} fewer jobs building, maintaining, servicing and installing the Fios network.

Buffalo, Syracuse, Albany other upstate cities and rural areas, as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA, and New jobs. Even regions Fios could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs as well as hurt consumers. Thank you for your considerations

Sincerely,

Dear Senator Shaheen,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

As you know, Verizon was able to shed its Landline/DSL/Fios service in Northern New England. These proposed agreements between Verizon Wireless and Comcast (or Time Warner Cable) would likely destroy already weak competition in many of your more-rural markets. This, in turn, would eventually lead to job loss and increased costs for New Hampshire consumers due to reduced competition.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Dear Senator Shaheen,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

As you know, Verizon was able to shed its Landline/DSL/Fios service in Northern New England. These proposed agreements between Verizon Wireless and Comcast (or Time Warner Cable) would likely destroy already weak competition in many of your more-rural markets. This, in turn, would eventually lead to job loss and increased costs for New Hampshire consumers due to reduced competition.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

Nicole Griffin.

Dear Senator Newentley,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Buffalo, Syracuse, Albany, other Upstate cities and rural areas, as well as Eastern Long Island, will all get left behind with no cable competitors, costing CWA and BEU jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network or urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

EDWARD WONG

Dear Senator Kennedy,

In writing to urge you to reject the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable Company. The FCC and DOJ should not approve this deal, which exchanges good, union jobs, and a labor deal for customers.

This proposed deal ends a historic competition between Verizon and the Cable Company, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless and ~~Cable~~ will join a giant conglomerated power - monopoly under the cable company.

This deal will be very profitable for Verizon Wireless and the cable company ending any chance for investment in Fiber and against open access. There will be harm to jobs, lobbying, unioning and mobility in the network.
