

To FCC Commissioners Genachowski, Clyburn and McDowell:

The FCC was created to protect the public voice of people in all media channels. Do not dishonor your own office by doing the bidding of huge media companies. A small oligopoly of only six companies control a majority of all media (written or and televised) that people see every day. That is a threat to freedom of knowledge and public awareness in our country. Please do the citizens of this country a favor and do not lift the ban on TV−newspaper dual ownership.
