

To FCC Commissioners Genachowski, Clyburn and McDowell:

WHY... would any association be it a "corporation" or not want complete control of any system within ... A SYSTEM THAT IS FAILING?... that is in a system where this SAME generation has bankrupted the economy? If you want your close minded idocracy of the failed generation that was birthed from the WWII vets then by all means have yourself your LOAD SPEAKER, and your mummbled anger voice. THE NEW KIDS on the block ... we only listen to music, play VIDEO VIOLENT GAMES, and BUILD BOMBS to take to school to kill the other kids. Your soooo special I think GOD even has a HICCUP debating your place in HELL.

FUCK YOU
