

To FCC Commissioners Genachowski, Clyburn and McDowell:

<br />

<br />I am writing to you today to request that you don't lift the 35-year ban on TV-newspaper dual ownership.

<br />

<br />Lifting the ban would be a big threat to our democracy where dangerous unchecked news/media manipulation can occur should a few giant corporations control most of what citizens read or watch daily.

<br />

<br />Please consider options that would promote competition of accurate news rather than drowning out competition. Such actions would be the reason for existence of the FCC.

<br />

<br />Thank you for your time and attention to this concern.

<br />

<br />

<br />Regards,

<br />
