RE: Applications of Cellco Partnership d/b/a
Verizon Wireless, SpectrumCo LLC, and Cox TMI
Wireless, LLC for Consent to Assign Licenses; WT
Docket No. 12-4
Notice of *Ex Parte* Communications

Dear Ms. Dortch:

On June 28, 2012, the undersigned and Daniel O'Connor, Senior Director Public Policy, met with Louis Peraertz, Legal Advisor to Commissioner Mignon L. Clyburn.

We discussed interconnection issues related to the transaction that will impact independent wireless carriers who do not own legacy wireline networks. These issues are public and private wifi offloading of wireless data traffic, and backhaul from cell towers.

To remedy the Verizon-Cable Joint Operating Entities' ability and incentives to abuse their combined market power, we recommended the Commission adopt pro-competitive nondiscriminatory interconnection conditions on any consent to the above referenced applications.

Sincerely,
