RE: Waiver Request – Erate Program Form 471

Dear Sir or Madam:

Please consider our school district's request to file a waiver of the filing deadline for Form 471. Form 470 was filed June 1<sup>st</sup> as a result of administrative turnover in our district's Business Administrator and Superintendent positions. Several turnovers in the Business Administrator position during the past years resulting in missing the opportunity to file for E-Rate in 2011/2012. Significant cuts have been made to our district's state aid which greatly increase the need for any funding available for relief to taxpayers and to provide sufficient services to our district's students.

I appreciate any consideration you may be able to give us.
