§ 54.313(a)(2) – Outage Information

The Company had 1 outage in the year 2011 of at least 30 minutes in duration that affected at least ten percent of its end users or that affected a 911 special facility. Following is detailed information on the outage(s):

- Date and time: March 3, 2011 from 3:45 pm – 6:30 pm MDT
- Description of outage and its resolution: A lightning strike near Hawarden, Iowa disabled an ONI on the network. On this same fiber route several hundred miles away, there was a nearly-simultaneous fiber cut caused by an excavator. Limited long distance and reduced capacity to call 911 impacted customers intermittently.
- Particular services affected: Long Distance and 911
- Geographic areas affected: Exchanges of White River and Wood
- Steps taken to prevent similar situation: Additional redundant systems have been added to the network to minimize similar disruptions if they occur in the future.
- Number of customers affected: Approximately 554

§ 54.313(a)(3) – Unfulfilled Requests for Service

The Company did not have any unfulfilled service requests during the year 2011.

§ 54.313(a)(4) – Complaints

The Company had less than 1 complaint per 1,000 connections for the year 2011.

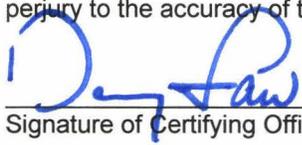

§ 54.313(a)(5) – Service Quality and Consumer Protection

The Company certifies that it is complying with applicable service quality standards and consumer protection rules.

§ 54.313(a)(6) – Emergency Situations

The Company certifies that it is able to function in emergency situations as set forth in § 54.202(a)(2). Specifically, the Company has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

I, Denny Law, certify that I am an officer of the company named above and that I can certify under penalty of perjury to the accuracy of the information provided herein and make the certifications required by § 54.313.
