Section 1: Certification Required For ALL Recipients of High Cost Support (ILECs and CETCs) FCC Mail Room

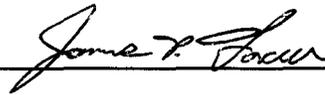

Section 54.313(a)(5)-(6) of the rules of the Federal Communications Commission ("FCC") requires Chazy and Westport Telephone Corporation (the "Company") to be able to make certifications regarding service quality standards and consumer protection rules and the Company's ability to function in emergency situations. The Company makes these certifications below

I, James P. Forcier am an officer of Chazy and Westport Telephone Corporation and hereby certify:

- That the Company is complying with applicable service quality standards and consumer protection rules.
- That the Company is able to function in emergency situations as set forth in §54.202(a)(2).¹

Section 2: State-Designated ETC Reporting

In its *Clarification Order*, the FCC required state-designated ETCs that are subject to a state requirement to report to the state some or all of certain information annually, to file a copy of any relevant information with the FCC in 2012.² Specifically, state-designated ETCs must file information concerning outages, unfulfilled requests, and complaints as required in Section 54.313(a)(2)-(4) of the FCC's rules if the state requires ETCs to report some or all of this data.

Chazy and Westport Telephone Corporation is located in New York. This state commission's rules **do not require** state-designated ETCs to file an annual report containing some or all of the following information: information concerning outages, unfulfilled requests and/or complaints. Accordingly, the Company is not subject to this reporting requirement. However, some data is required by the New York State Public Service Commission (NYSPSC) and is being shared as follows:

1. §54.313(a)(2): Service Outages

Certain information related to significant services outages is required to be reported to NYSPSC. The Company did not have any service outages that were reportable for the year 2011.

2. §54.313(a)(3): Unfulfilled Service Requests

The Company did not maintain records for 2011 and therefore cannot respond to this item.

3. §54.313(a)(4): Service Complaints

There were not any complaints per 1,000 connections filed with the NYSPSC in year 2011.

Section 3: Voice Rate and Line Count Data

Pursuant to Section 54.313(h) of the FCC's rules, all rate-of-return incumbent local exchange carrier recipients of high cost loop support must report all of their rates for residential local service for all portions of their service area, as well as state fees as defined pursuant to Section 54.318(e), to the extent the sum of those rates and fees are below the rate floor as defined in Section 54.318, and the number of lines for each rate specified. Carriers shall report lines and rates in effect as of June 1.

As of June 1, 2012 Chazy and Westport Telephone Corporation does not receive High Cost Loop Support and thus is not subject to this reporting requirement. Additionally, the Company does not have any tariffed rates for residential local service, as well as state fees defined pursuant to Section 54.318(e), that are below the \$10 urban rate floor.

**Certification of Officer as to the Statements Made Above and Accuracy of Any Data Provided
