**AutoCaption 3™**

# Financial Considerations

## The Management Perspective

First, AutoCaption is a complete captioning package for your video hardware.

It costs USD \$6,000 Complete. Period.

Plug it in. Load the software. Start working with it.

No trips to the computer store, no special adapters or accessories to buy, and no hidden surprises.

Knowing that, you can do the math and see that captioning or subtitling with AutoCaption yields a rather favorable **Return On Investment** - clearly a consequence of all the time-savers we built in.

So you can use captioning as a profit center, or as a value-adding service to help keep projects in-house and retain business.

Let's take a look at the proforma ROI numbers in the table below:

Cost/ROI Assumptions

- Fixed Costs
- Assumptions
- Encoder Vendors

- Variable Costs:
- Labor
- Maintenance
- Stock

- Payback Period
- Make vs. Buy
- No "Add-Ons"
- Great Support
- Summary

<b>Revenues</b>	<u>20hrs/yr</u>	<u>240hrs/yr</u>	
Market value of services	16,000	192,000	Annual gross revenue estimates based on hours of video captioned
<b>Expenses</b>			
<b>Variable</b>	<u>20hrs/yr</u>	<u>240hrs/yr</u>	
Direct Labor	509	6,113	\$29.76/hr weighted cost
Maintenance	100	1,200	\$5/hr reserve for support
Stock	60	1,440	\$3/½hr for approval copy and shipping
<b>Fixed</b>	<u>20hrs/yr</u>	<u>240hrs/yr</u>	
Depreciation	1,366	1,366	\$10,930/8 year economic life.
Facility space	2,500	2,500	100# @ \$25#/yr office space
<b>Gross Profit</b>	<u>20hrs/yr</u>	<u>240hrs/yr</u>	
Before taxes & overhead	<b>\$11,246</b>	<b>\$179,381</b>	Before taxes, overhead, and borrowing costs

This works out to a respectable annual ROI of slightly over 74% before factoring in your firm's taxes, overhead and cost of capital.

April 23, 2012

Mr. Ray Slone  
6378 Burkwood  
Clayton, OH 45315

Dear Ray,

On behalf of The Children's Medical Center of Dayton, I would like to express our thanks to you for the support you've given us over the past several years with your annual event.

The funds you have helped to raise support the Children's Miracle Fund which is used to purchase vital medical equipment throughout the patient care areas of the hospital. Equipment such as mobile intensive care units that travel throughout our 20 county service area to transport infants and children from area hospitals to Dayton Children's, specialized equipment in surgery, giraffe isolettes for the Newborn Intensive Care Unit which become "home" for our tiniest patients during their hospital stay, total care beds for the Pediatric Intensive Care Unit, medical imaging equipment with advanced technology to allow for better images and are less invasive are among the needs we have each year.

At Dayton Children's we have more than 275,000 reasons to make sure the care we provide is just right. That's the number of children treated here each year and that number continues to grow. Community support plays a major role in helping us to be able to care for these children in their time of need.

Please don't hesitate to contact me at 937-641-3406 if you need addition information. On behalf of our young patients, I thank you for your efforts and support that help children throughout the Miami Valley who need the care Dayton Children's provides in their time of need.

With sincere thanks,

Debbie Butner

## Breast Cancer Foundation

P. O. Box 751982  
Dayton, OH 45475-1982  
Telephone: (937) 674-3450

August 15, 2011

Cruise'n with E-Rider  
Attn.: Ray Sloan

Dear Ray,

The Breast Cancer Foundation would like to thank you and your organization for the recent donation of \$173 from your fundraiser.

We appreciate you helping us to raise awareness to the public about breast cancer and would like to provide some additional information about the Breast Cancer Foundation and its programs.

The Breast Cancer Foundation is a not for profit Ohio corporation and has received a determination letter that it is a tax-exempt organization under 501(a) of the Internal Revenue Code as a result of being a 501(c)(3) organization.

The following is a brief summary of the Foundation Programs.

### *Cherish by Caring Community Mammogram Services:*

The Foundation supports Premier Community Health in providing mammograms at no cost to needy individuals in the community. The community mammogram service brings this important imaging technique to a population who would not otherwise access mammography services. The service saves lives by early detection of breast cancers, which would otherwise go undiagnosed for much longer periods.

### *Essentials in Mammography:*

Essentials in Mammography is a two-day program for radiologic technologists for the purpose of continuing education in imaging for mammography. Essentials in Mammography provides excellent continuing education so technologists can more effectively perform quality imaging services. National and Regional physician and technologist speakers are invited as lecturers.

Bowl Over Cancer:

Bowl Over Cancer is a fundraiser that encourages community leaders and their organizations to contribute funds to the Foundation in connection with a bowling tournament, which promotes goodwill, cooperation and friendships among the participants and the community. Proceeds from Bowl Over Cancer help to provide no cost mammograms to those in need through our Cherish by Caring Community Mammography Service.

Sister-Sister:

Sister-Sister is a breast cancer support group, especially for African American women in the Dayton community, which offers a warm and caring environment for breast cancer survivors, family and friends. The group offers education, professional guest speakers, friendship and prayer in a casual, comfortable environment. The group reaches out to and welcomes all "sisters" in need.

Again, thank you for your donation and your support of the Breast Cancer Foundation.

Sincerely,

James E. Hamilton, C.M.M.

James E. Hamilton, MBA/MHA, CMM  
Breast Cancer Foundation Chairman
