

As a consumer of both big cable & Verizon Fios, a voter and taxpayer, I'm asking that you do not allow the Verizon/Big Cable deal to go through.

These giants need more regulation and scrutiny as they rob us blind with hidden costs/taxes/fees and few choices.

Cablevision is already blocking any move of Verizon Fios TV from entering my town. I have no rights or choices of what is available to me; it's "pay us or move".
