

Please stop the Verizon/Big Cable deal. The lack of cable competition will send every consumers cable prices up, but the hidden costs will be even bigger. Thousands of communications workers will lose their jobs. Consumers will lose the freedom to choose between providers and too many communities will lose the chance to connect to a high-speed future. This information monopoly will continue to funnel money out of the pockets of consumers and into the pockets of cable and wireless executives. The only thing consumers will get out of this deal are higher prices, fewer choices, and fewer job opportunities. Again, please stop the Verizon/Big Cable Deal. Thank you.
