This report is restricted to only those recurring services that are requested via the FCC Form 466 (telecommunications service). This report does not include any services requested on the FCC Form 466-A (internet service).

For purposes of this data analysis, USAC reviewed only recurring services where the applicant requested funding based on the urban\rural differential. Excluded from the analysis are voice services (i.e. Voice Grade, Centrex, Off-Premise Extension, and Foreign Exchange), multi-billed circuits and those circuits where funding was based on mileage.
