## WIRELESS TELECOMMUNICATIONS BUREAU SEEKS COMMENT ON REQUESTS BY SKYBRIDGE SPECTRUM FOUNDATION AND TELESORUS HOLDINGS GB, LLC FOR WAIVER AND EXTENSION OF TIME TO CONSTRUCT 900 MHZ MULTILATERATION LOCATION AND MONITORING SERVICE LICENSES

WT Docket 12-229

Comment Date: September 17, 2012

Reply Comment Date: October 2, 2012

By this *Public Notice*, the Wireless Telecommunications Bureau (Bureau) seeks comment on the requests for a waiver of Section 90.155(d) of the Commission's Rules<sup>1</sup> and extension of time filed by Telesaurus Holdings GB, LLC and Skybridge Spectrum Foundation in the Multilateration and Location and Monitoring Service (M-LMS) to meet their construction deadlines for their 900 MHz M-LMS Economic Area (EA) licenses.<sup>2</sup> Section 90.155(d) of the Commission's Rules requires M-LMS EA licensees either: (1) to construct and place in operation a sufficient number of base stations that utilize multilateration location service to one-third of the EA's population within five years of the initial license grant, and two-thirds of the population within ten years or, (2) in the alternative, to provide substantial service to their licensed area within the appropriate five- and ten-year benchmarks.<sup>3</sup> In an Order issued in November 2008, the Bureau extended these construction requirements for Telesaurus, Skybridge, and four other M-LMS licensees, requiring these licensees to meet the five-year construction requirement on or before July 19, 2012, and the ten-year requirement on or before July 19, 2014.<sup>4</sup>

---

<sup>1</sup> 47 C.F.R. § 90.155(d).

<sup>2</sup> See Telesaurus Holdings GB, LLC (Telesaurus) Request for Extension of Time (filed July 18, 2012) (Telesaurus Waiver Request); Skybridge Spectrum Foundation (Skybridge) Request for Extension of Time (filed July 18, 2012) (Skybridge Waiver Request). The Attachments to this *Public Notice* list the related Universal Licensing System (ULS) file numbers. The call signs and EA's for which Telesaurus and Skybridge request a waiver are also listed in the Attachments to this *Public Notice*.

<sup>3</sup> See 47 C.F.R. § 90.155(d).

<sup>4</sup> See Requests of Progeny LMS, LLC and PCS Partners, L.P. for Waiver of Multilateration Location and Monitoring Service Construction Rules, *Order*, 23 FCC Rcd 17250 (WTB 2008) (*M-LMS Extension Order*). In the 2008 order, the Bureau extended the five-year construction requirement to July 19, 2012 only for licensees required to meet the deadline on or before July 19, 2012. The Bureau extended the ten-year construction requirement only for licensees required to meet the deadline on or before July 19, 2014. See *id.* at ¶¶ 1, 21. On July 17, 2012, the Bureau released a public notice seeking comment on requests for waiver and extension of time to construct M-LMS licenses filed by four other M-LMS licensees. See Wireless Telecommunications Bureau Seeks Comment on Requests by Progeny LMS, LLC, FCR, Inc., Helen Wong-Armijo, and PCS Partners, L.P. for Waiver and Extension of Time to Construct 900 MHz Multilateration Location and Monitoring Service Licenses, *Public Notice*, DA 12-1144 (WTB 2012).

Telesaurus and Skybridge (Applicants) seek preferred extension terms and propose two alternatives for an extension of the buildout deadlines for 257 M-LMS licenses covering 129 EA's.<sup>5</sup> First, as a "Preferred Alternative," Applicants seek an extension for both their first and second buildout deadlines until ten years after final Commission action on the rule changes proposed in the pending Notice of Proposed Rulemaking addressing M-LMS regulations,<sup>6</sup> or until December 31, 2022, if a date certain must be chosen.<sup>7</sup> Applicants state that if the Preferred Alternative were granted, they would file a due diligence report five years after final action on the *M-LMS NPRM*.<sup>8</sup> As a second alternative, Applicants seek an extension of the first buildout deadline until five years after final Commission action on the rule changes proposed in the LMS NPRM, or if the Applicants must chose a date certain, five years from the last day of this current year (December 31, 2017).<sup>9</sup> As a third alternative, Applicants request that the Commission grant whatever additional time it determines to be reasonable to meet the first and second buildout deadlines.<sup>10</sup>

Applicants state the Skybridge Waiver Request should be granted for the same reasons the Bureau relied on in the *M-LMS Extension Order*.<sup>11</sup> The Applicants state that the circumstances remain essentially the same, including the lack of M-LMS equipment and the regulatory uncertainty created by the pending LMS NPRM.<sup>12</sup>

Applicants explain that they plan to use Long Term Evolution (LTE) for M-LMS communications and that LTE is in the early stage of developments and deployments worldwide.<sup>13</sup> Applicants plan to deploy a M-LMS LTE system nationwide for Intelligent Transportation Systems (ITS) in conjunction with several thousand licenses they have obtained in the 35, 43, 217-220 MHz (and adjacent) and other (non-M-LMS) 900 MHz bands.<sup>14</sup> Applicants state that the use of these frequency ranges will provide the following benefits in the public interest: (a) quicker and more complete nationwide coverage; (b) coverage and communications location link redundancies, increasing reliability and safety; (c) more cost effective expenditures; (d) better support of the public safety by providing preemption of substantial amounts of capacity in emergencies; and (e) "better support of and use of [Dedicated Short Range Communications] DSRC spectrum and systems for ITS (DSRC can provide final

---

<sup>5</sup> Telesaurus states that it does not have a construction obligation for its 129 M-LMS licenses as a result of a partial assignment of 128 licenses to Skybridge consummated on August 9, 2007, and the application for partial assignment of call sign WQGN602, filed July 18, 2012. However, Telesaurus states that it seeks identical relief sought by Skybridge in the case that the FCC finds construction requirements apply to these licenses. See Telesaurus Waiver Request at 1; ULS File No. 0005315596 (filed July 18, 2012).

<sup>6</sup> See Amendment of the Commission's Part 90 Rules in the 904-909.75 and 919.75-928 MHz Bands, *Notice of Proposed Rulemaking*, 21 FCC Rcd 2809 (2006) (*M-LMS NPRM*).

<sup>7</sup> See Skybridge Waiver Request at 2. The Applicants refer to this request as the "Preferred Alternative." Telesaurus and Skybridge note that for purposes of the extension request statement on Form 601, which requires a date certain, Applicants use a date based on its Preferred Alternative, assuming that the *M-LMS NPRM* is decided upon at the end of 2012. *Id.*

links, in many cases, to vehicles and things in ITS systems, but by itself does not have sufficient coverage-distance and- [sic] reliability capability...”).<sup>15</sup>

Applicants claim that they have performed substantial due diligence to enable construction and operation of the subject M-LMS licenses for highly valuable services.<sup>16</sup> In support of this statement, Applicants attached a number of exhibits, including papers by Dr. Nishith Tripathi and Kostantinos Trichias, explaining that there is a very strong case for the use of LTE for M-LMS to provide wide-area ITS radio systems.<sup>17</sup> Further, Applicants state their due diligence includes: (1) investigating and developing advanced, standards-based technology and equipment, including LTE, with integrated multilateration technology; and (2) investigations, surveys, and development for nationwide construction and operation of the noted M-LMS systems for ITS applications.<sup>18</sup>

## Procedural Matters

Comments on the request are due **no later than September 17, 2012**. Reply comments are due **no later than October 2, 2012**. All filings should reference the docket number of this proceeding, **WT 12-229**.

This proceeding has been designated as a “permit-but-disclose” proceeding in accordance with the Commission’s *ex parte* rules.<sup>19</sup> Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter’s written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (*e.g.*, .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission’s *ex parte* rules.

Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS) or by filing paper copies. *See* Electronic Filing of Documents in Rulemaking Proceedings, 63 Fed. Reg. 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/cgb/ecfs/>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, U.S. Postal

<sup>15</sup> Skybridge Waiver Request at 4.

<sup>16</sup> *See id.* at 5-6.

<sup>17</sup> *Id.* *See, e.g.*, ULS File No. 0005315741, Attachments (Attachment 2, Exhibit List, Exhibit 3, Exhibit 4 from Skybridge) (filed Jul. 18, 2012); ULS File No. 0005317957, Attachments (Exhibits A-D, Extension Request-Supplement from Skybridge) (filed Jul. 19, 2012).

<sup>18</sup> *See* Skybridge Waiver Request at 5.

<sup>19</sup> *See* 47 C.F.R. §§ 1.1200(a), 1.1206.

Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and should include the following words in the body of the message, "get form." A sample form and directions will be sent in reply.

Parties who choose to file by paper must file an original and one copy of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number.

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission.

-Effective December 28, 2009, all hand-delivered paper filings for the Commission's Secretary must be delivered to FCC Headquarters at 445 12<sup>th</sup> St., S.W., Room TW-A325, Washington, DC 20554. All hand deliveries must be held together with rubber bands or fasteners. Envelopes must be disposed of before entering the building. The filing hours at this location are 8:00 a.m. to 7:00 p.m. **PLEASE NOTE:** The Commission's former filing location at 236 Massachusetts Ave., N.E. is permanently closed.

-Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743.

-U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, S.W., Washington, DC 20554.

Parties are requested to send one copy of their comments and reply comments to Best Copy and Printing, Inc., Portals II, 445 12th Street, S.W., Room CY-B402, Washington, DC 20554, (800) 378-3160, e-mail [FCC@BCPIWEB.com](mailto:FCC@BCPIWEB.com).

The request, and comments and reply comments filed in response to this *Public Notice* are available for viewing via the Commission's Electronic Comment Filing System (ECFS) by entering the docket number, **WT 12-229**. The documents also will be available for public inspection and copying during business hours in the FCC Reference Information Center, Portals II, 445 12th Street S.W., Room CY-A257, Washington, DC 20554. They may also be purchased from Best Copy and Printing, Inc., telephone (800) 378-3160, facsimile (202) 488-5563, TTY (202) 488-5562, e-mail [FCC@BCPIWEB.com](mailto:FCC@BCPIWEB.com).

Alternate formats of this *Public Notice* (computer diskette, large print, audio recording, and Braille) are available to persons with disabilities by contacting the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY), or send an e-mail to [fcc504@fcc.gov](mailto:fcc504@fcc.gov).

For further information, contact Ms. Becky Schwartz of the Mobility Division, Wireless Telecommunications Bureau at (202) 418-7178, or via e-mail at [Becky.Schwartz@fcc.gov](mailto:Becky.Schwartz@fcc.gov).

Action by the Chief, Mobility Division, Wireless Telecommunications Bureau.
