Re: PS Docket No. 07-114
E911 Location Accuracy Exclusion Report Update
Union Telephone Company

Dear Mr. Barnett:

On behalf of Union Telephone Company, and pursuant to FCC Rule Section 20.18(h)(1)(vi) for carriers using network-based technologies, submitted herewith is an update to the carrier's E911 Location Accuracy Exclusion Report submitted April 20, 2012. This Updated Exclusion Report identifies additional counties where triangulation of the geographical position of a 911 emergency call is not technically possible because of insufficient quantity, density and/or geometry of cell sites to support network-based triangulation that meets the accuracy standards. This circumstance was determined by measurements finalized within the last thirty days. For convenience, the Exclusion Report also lists previously reported counties.

Should any questions arise with respect to this matter, please communicate directly with this office.

Very truly yours,

Pamela L. Gist

Also included on the attachment are previously reported counties.

In accordance with 47 C.F.R. § 1.16(2), I declare under penalty of perjury that the foregoing is true and correct. Executed on Aug. 14, 2012
