Re: *Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo, LLC for Consent to Assign Licenses and Application of Cellco Partnership d/b/a Verizon Wireless and Cox TMI Wireless, LLC for Consent to Assign Licenses, WT Docket No. 12-4, Notice of Ex Parte*

Dear Ms. Dortch:

On August 20, 2012, I received two separate phone calls from the following individuals regarding the above-captioned proceeding: (1) Rick Kaplan, Special Advisor to the Chairman, and (2) Jim Bird and Joel Rabinovitz of the Office of General Counsel. During both conversations, I reiterated arguments made in Applicants' May 16, 2012 response to Public Knowledge's challenge to certain of Applicants' confidentiality designations.¹ Specifically, I argued that Applicants' designation of the material at issue as Highly Confidential was appropriate and consistent with Commission precedent. I also noted that the provisions of the agreement that Public Knowledge identified are commercially sensitive and, therefore, public disclosure of the terms is unwarranted and inconsistent with the Protective Orders and the Commission's rules. I explained that, at a minimum, the provisions would qualify as Confidential under the first Protective Order in this proceeding.

Please do not hesitate to contact me should you have any questions.

¹ See Letter from John T. Scott, Michael H. Hammer, Daniel Brenner, and Matthew Brill, to Marlene H. Dortch, Secretary, FCC, WT Docket No. 12-4 (May 16, 2012).
