

Require Verizon to build the FiOS network, not allow them and other companies to sell each others products.

Otherwise you allow these companies to do an end-run around anti-trust laws. If this deal between Verizon Wireless and large cable companies goes through, it will end competition, destroying jobs and local economies and driving up the price of my cable bill.

Freedom will be lost to choose between providers. And too many communities will lose the chance to connect to a high-speed future.

Act for Americans and jobs, not big business, and do it now.
