

I believe competition among company's is the only way to keep America strong. Also in order to keep JOBS IN America and provide more jobs Larg company's SHOULD NOT be allowed to merge or otherwise "gang up on the competition in order JUST TO MAKEHUGE PROFITS, all the while the little people lose out. Only the CEO'S and OTHER TOP executives make millions and the workers get layoffs, etc. Please DO NOT ALLOW ANY TYPE OF MERGER OR OTHER JOINT AGREEMENT BETWEEN VERIZON AND TIME WARNER OR ANY OTHER HUGE CONGLOMMERATE OF COMPANY'S TO basically kill their competition there by dis allowing competition in order to keep consumers on the winning end of purchasing any needed or wanted products and services.
