Re: CREDO Mobile, Inc.  
Election to Transmit Commercial Mobile Alert System Alerts  
PS Docket No. 08-146

Dear Ms. Dortch:

Pursuant to directives of the Federal Communications Commission in its Third Report and Order, 23FCC Rcd. 12561 (2008), and Section 10.230 of the Commission's Rules, 47 C.F.R. § 10.230, CREDO Mobile, Inc. ("CREDO") hereby submits a change of election from that filed August 28, 2008, wherein CREDO initially elected not to transmit emergency messages as part of the Commercial Mobile Alert System ("CMAS"). CREDO hereby submits its election to participate in CMAS on emergency alert capable devices.

CREDO is a non-facilities based reseller of Sprint PCS service. As such, CREDO agrees to transmit alerts on emergency alert capable devices in a manner consistent with the technical standards, protocols, procedures and other technical requirements implemented by the Commission to the extent provided by Sprint. In addition, CREDO will support the development and deployment of technology for the "C" interface, the CMS provider Gateway, the CMS provider infrastructure, and mobile devices with CMAS functionality and support of the CMS provider selected technology to the extent provided by Sprint.

Please contact the undersigned at 415.369.2053 should you require further information.

Sincerely,

Jean Parker  
Legal Director
