

# Wherever life takes you, you're always in touch thanks to Virginia Relay.

## Today's active seniors are far from retiring.

Family, friends and travel keep you on the go. For seniors who are deaf, hard of hearing or late deafened, we offer all the latest technology, equipment and services you need to stay in touch when you're here, there and everywhere.

- **TTY (text telephone)**

A phone with a keyboard and text screen.

- **Voice Carry-Over (VCO)**

For people who speak clearly, yet have hearing loss that keeps them from understanding what is being said over a standard telephone.

- **CapTel® (captioned telephone)**

Read the captioned conversation on the display screen and listen to the voice of the person you're calling at the same time.

- **Internet Relay**

Make calls using your computer, Web phone, personal digital assistant (PDA) or any other Internet-capable device.

- **VDDHH Equipment Distribution Program**

Qualified Virginia residents may choose from a variety of devices, including amplified telephones, at no cost.

To learn more about these  
and other services, get in touch  
with Virginia Relay.
