**RE: Certification of support for eligible telecommunications carriers Pursuant to 47
C.F.R., Section 54.314, WC Docket No. 10-90**

Dear Ms. Dortch and Ms. Majcher:

The Michigan Public Service Commission hereby certifies that all federal high cost support provided to eligible telecommunication carriers in this State was used in the preceding calendar year, 2011, and will be used in the coming calendar year, 2013, only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section 254(e) of the Communications Act of 1934, as amended, per each carriers' application. This includes High Cost Loop (HCL) support, Local Switching Support (LSS), High Cost Model (HCM) support, Interstate Access Support (IAS), Interstate Common Line Support (ICLS), Safety Net Additive (SNA), Safety Valve Support (SVS), Connect America Fund (CAF), and Mobility Fund.

Attached is a list of carriers certified by the Michigan Public Service Commission pursuant to section 54.314 of the FCC's rules (47 C.F.R. § 54.314), which requires States to establish an annual certification process for carriers receiving federal high cost support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code (SAC), if known.

Five companies, ACD Telecom of the North, LLC, NSW Telecom, Inc., Huron Mountain Communications Co., Osirus Communications Inc., and TelNet Worldwide, Inc. failed to provide the Michigan Public Service Commission with an application.

Please contact Susana Woolcock at woolcocks1@michigan.gov or 517.241.6240 should you have any questions regarding this notice.

Sincerely,

Robin P. Ancona, Director
Telecommunications Division
