CERTIFICATION

FCC Mail Room

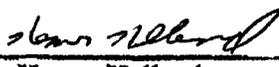

In its December 20, 2001 and September 28, 2010 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, Castleberry Telephone Company, Inc. (the "Company") has previously provided the Commission with a copy of NECA's proposed annual 2012 USF-HCLS and 2012 USF-LSS amounts.

The Company further certifies that it will only use the federal high-cost support it receives during 2012-2013 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended, as described in 47 C.F.R. § 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2013. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Homer Holland at (251) 966-2115.

Company: Gulf Telephone Company d/b/a CenturyLink

Personally appeared before me, the undersigned, who, being duly sworn, deposed and said:

Gulf Telephone Company d/b/a CenturyLink ("Company") is a rural carrier. The Company follows federal price-cap regulation. It does not receive high cost loop universal service monies. The Company currently receives Local Switching Support monies. Per FCC 11-161, the Connect America Fund order, the Company's current Local Switching Support funding level is frozen based on the amount of support that was received in 2011.

The Company further certifies that all high cost support provided to Gulf Telephone Company d/b/a CenturyLink in Alabama was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended including those services as described in 47 C.F.R. Section 54.101. Section 54.101 services, which are available to any customer in the Company's service area are: voice grade access to the public switched network or its functional equivalent, minutes of use for local service provided at no additional charge to end users, access to emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems; and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support.

FURTHER AFFIANT SAYETH NOT.

CERTIFICATION

FCC Mail Room

In its December 20, 2001 and September 28, 2010 Orders in APSC Docket 25980, this Commission determined that it could best meet its monitoring and certification obligations by requiring the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review and each of the "rural LEC Average Schedule Companies" to file with the Commission a copy of NECA's proposed annual USF-HCLS and USF-LSS amounts for review. Pursuant to the Order, Knology of the Valley, Inc. (the "Company") has previously provided the Commission with a copy of its most recent annual interstate cost separation study, annual 2012 USF-HCLS, and estimated 2012 USF-LSS filings.

The Company further certifies that it will only use the federal high-cost support it receives during 2012-2013 for the continued provision, maintenance and upgrading of facilities and service for which such support is intended as described in 47 C.F.R. § 54.101. Those services, which are available to any customer in the Company's service area are: single-party voice grade access to the public switched network, unlimited local usage, dual-tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service, and access to directory assistance, and toll limitation for qualifying low-income customers.

The Company respectfully requests that the Commission notify the FCC prior to October 1 of this year that the Company is eligible to receive federal high-cost support in 2013. Any questions regarding this submission or the underlying documentation previously submitted to the Commission should be directed to Arlene Morgan at (706) 645-8116.

Respectfully Submitted,
