

I realize we are in the middle of a political campaign and to a certain point robo calls are the order of the day. I do not like robo calls from anyone (yes I am on the national do-not-call list), however, I like them even less when on my caller ID, they show up under Private Name/Private Number. It is bad enough that they come in under Unknown Name. I have now received 2 such calls supposedly on behalf of the RNC. Both have come in under Private Name/Private Number. This should be ILLEGAL as it is my opinion that I have the right to know who is coming into my home, whether it is through the front door, the telephone or the internet.
