

October 30, 2012

Chairman Julius Genachowski
Federal Communications Commission
445 Twelfth Street, SW
Washington, DC 20554

Re: MM Docket No. 99-25 – Creation of a Low Power Radio Service

Dear Chairman Genachowski:

We, as people of faith, helped to win passage of the Local Community Radio Act, which enabled the Federal Communications Commission to bring low power FM radio stations to all communities.

We supported the Act because we want to start radio stations, and listen to radio stations, that contain local programming responsive to the communities they serve. We are dismayed that some low power radio stations could get a precious license and not carry any locally-originated programming.

Please heed the requests of the United Church of Christ, OC Inc., The Leadership Conference on Civil and Human Rights and the Prometheus Radio Project and ensure all low power radio stations will carry a minimum of locally-originated programming.

Sincerely,

Mrs. Ruth Abel, United Church of Christ, Woodland Hills, CA
