To Whom It May Concern:

The information enclosed is in reply to the request dated August 8, 2012 for supplements to our original petition filed by the FCC on January 24, 2007.

We have sought sponsorship from viewers, businesses and other churches for revenue to pay for captioning and have not received any assistance. We have had a marked decrease in our income and find it impossible to afford the cost of closed captioning.

The original petition we filed is not available to us. We had a fire at the office and lost the files along with other valuable papers. The information in the original petition was accurate as is the enclosed updated information.

The material contained in our petition and subsequent filings is truthful and accurate and I am signing the document "under penalty of perjury."

Thank you for your consideration of our petition.

Sincerely,

Gerald G. Barnard
