

I WOULD LIKE TO FILE A COMPLAINT AGAINST A COMPANY CALLED "DANTZ", I've been on the do not call list and they have managed to call me several times a day for the last two weeks. If I'm not here, the answering machine picks up and they never leave a message. When you do answer the call you can hear conversations in the background but nobody responds. They give you the option to put your number on their do not call list and they say it will take about 72 hours to take your number off of their list. I don't see how 72 hours translates to two weeks. These people should be run out of town on a rail.
