This FCC appeal is made as a result of the attached USAC Denial, dated 9/14/12. The USAC Denial was for a USAC Appeal, also attached.

According to USAC rules, an RAL may be submitted prior to an FCDL. In this matter, an RAL was submitted for 471 791733, FRN 2142053 on 8/1/12 and the FCDL occurred on 8/8/12. By rule, this RAL must be considered.

In the USAC denial, it was stated that the information provided by the district did not support the RAL request and therefore the RAL was not accepted. However, there was only one request for support for the RAL and the response is also attached. There is no evidence that RAL supporting information was lacking and we urge the FCC to allow consideration of the RAL.
