

Im deaf and use sign language for call video relay service vrs for need any business. You have no right to cut us off vrs why not cut hearing people's cell not fair not equal ADA must be require by law deaf and hard hearing use vrs all the times. I love Video Relay Service more understand sign language motives than TTY. I protest against you cut FCC then cut hearing people's cell or home phone? I like to travel my cell and emgergency call 911 ? hearing people cut call 911 ? same as equal access. Please dont cut and save my vrs. I beg you. I used it since 2004 almost 8 years why you big complain about this then I will complain about hearing people's equipment too. please save my vrs. thank you, Yasmin Ali
