

Please keep the VRS because it is very important for the deaf and hard of hearing people can use American Sign Language to communication to the deaf people and use the relay intrepeter on the vp to call the doctor or the family members or the boss or the hearing friend Please do not remove the vrs and the vrs companies and the relay interpreters. Also the deaf and hard of hearing people needs the vrs call the relay intrepeters to call 911 quick and it is very important. It is easy to communicate with the deaf people through the vrs and it is easy to relay the intrepeter to the hearing people through the vrs. Also it is very understandable what the deaf or hard of people or intrepeter say about .
