**Re: In the Matter of Progeny LMS, LLC, Petition for Waiver of the Rules and Request for Expedited Treatment WT Docket No. 11-49
Ex Parte Notice**

Dear Ms. Dortch:

Elster Solutions take note that results were filed with the Commission several weeks ago regarding certain joint testing between Progeny and three 902-928 MHz parties.

We are writing to request that the Commission issue a public notice seeking comment from other interested parties on these test results. We believe that the FCC should seek input from as many users as possible, given the importance of the 902-928 MHz band to many, including those in the AMR community.

Sincerely,

Robert Henes
