Airband at a Glance

Airband Communications is the largest fixed-wireless provider of business data and voice services in the United States. We deliver our solutions over one of the industry's most scalable last-mile networks.

Airband's network bypasses the local phone and cable company to provide more affordable services and faster installation time frames. At Airband, we're known and respected for our local support staff, exemplary service and customer responsiveness.

Thousands of companies already depend on us nationwide. Call today and find out why.
